Congressman George Brown & Tip O'Neill

Tip O'Neill / Congressman Brown Attend Successful Unity Banquet

Thomas P. "Tip" O'Neill, Speaker of the House for the United States government, and Congressman George E. Brown fielded questions not only from the press but from the attendees of the third annual Unity Banquet, held at Raincross Square recently. Also joining the dinner was Speaker of the Assembly Willie Brown. O'Neill in an inspirational speech told of his meager beginnings and of the discrimination he felt as a Catholic. "I was a Catholic and I couldn't get a job. A businessman hearing of my plight went to the bank and told him we have \$37,000 in your bank, if he doesn't get the job, I'll have a run on your bank." In two days he had the job. The key was economics and the ballot box, "we" registered to vote and went to the ballot

box", he said. O'Neill said he'd been fighting for social justice for 50 years. Eighty-four percent of Americas wealth was owned by 2% of the people. They wanted a change and each president of our country responded to the will of the people. A wave of social justice in America changed things. We developed the greatest country in the history of the world. Government has always been a friend not an enemy. You must help your brother and use the power of the ballot box to help minorities out there. Insitute Ex. Director, Dr. Armando Navarro, said the theme, Citizen Participation '86! A Time For Action, We Can We Care was used "as part of a new beginning in creating a unity that is predicated to the realization of social justice for all."

Rev Green Ask For Boycott Payless Shoes

Minister Detained After Visit to Payless Shoes

Thirty days have passed and the issue of Payless Shoe policy has not been addressed, say Rev. Anthony Green of Redlands, California. Until the issue is resolved, he asks everyone to withhold patronage from Payless Shoe Stores.

Over one month ago, Green says he and one of the members of his church, Second Baptist of Redlands, went to the Redlands Payless Shoe store to purchase a pair of shoes for his daughter.

After looking over what they

had, he was not satisfied and they left the store. Upon leaving the store he was stopped by a policeman on the Redlands police force, who detained him, asked what are you doing in this neighborhood? Additionally, he was told he had been loitering for over an hour and asked again, what are you doing here? The officer said "look you can answer questions now or you can answer downtown."

Green, explained who he was and what he was doing at Payless and the officer set him free.

The next day Green returned and spoke with Payless District Supervisor, Dave Johnson, who informed him they have a store policy, that anytime the manager feels a character is suspicious they should summon the law. When asked what he did to look suspicious Johnson answered, "It was the Christmas season, you had on a jacket and you went directly to the children's shoe section," said Green.

Green asked "can't a father buy shoes for his daughter?" Johnson said "no, men don't do this."

Green was highly upset about

the incident and is now talking to the officials of Volume Shoe Corporation, who operate the national chain.

The police officer has been reprimanded for his handling of the situation, however the manager of the store remains.

Green asked for removal of the manager, whom he feels is too frightened to be in her position, and removal of the discriminatory policy.

Green says, "If they see me as a hoodlum, they see all Blacks as hoodlums."

I There Really A Santa Claus?

Question: I am 8 years old, Is there really a Santa Claus? Virginia O'Hanlon, N.Y. 1897

ANSWER: The character of Santa Claus was derived from a real person named Saint Nicholas. He was a Christian Bishop from Myra, a city in Asia Minor during the 4th century. He was known for his love and appreciation for children. It is said he wore a red robe and rode a white horse giving gifts to good children. The man Saint Nicholas died on December 6,342. However his tradition carried on. His tradition evolved to what we now know as Santa Claus. Your parents love you and give you presents during Christmas. Virginia, there is no such thing as a Santa Claus that rides in a sleigh with reindeer. Santa Claus is only make believe. Many people dress up as Santa Claus as part of the fun on Christmas. It is okay

to enjoy the Christmas holiday season. However, Jesus is the reason for the season! "For God so loved the world that he gave His only begotten Son (Jesus Christ), that we would live for ever. Never forget the meaning of Christmas-The birth of Jesus Christ!

Friends of Inghram Library Hold Festive Fund Raiser

Christmas poinsettias decorated the tables as over 100 people enjoyed the Friends of the Dorothy Inghram Library Fashion Show and Salad Luncheon on Dec 7 at the Public Enterprise Cafeterium.

Fashions for the event were furnished by Billie's Boutique, Tamara Holder, Mrs. DeMorst, Eula Gray, and Josie David. Models were Madeline Farlow, Wendi DeMorst, Rachel McKinney, Mrs Crawford and Mrs. Robinson.

Friends' President and event organizer Rachel McKinney commented with pleasure on the full house: "We are grateful for the support of the community. The money raised through fund raisers such as these goes to various projects right here in our own Inghram Library."

Two projects sponsored by

the Friends are the matching funds for the federal R.I.F. program at Inghram Library and the public IBM typewriter that was co-purchased with the San Bernardino Friends of the library.

People from the community can use the typewriter for 25 cents for each 15 minutes. The money goes back to the Friends to help maintain the upkeep of the typewriter.

R.I.F. (Reading Is Fundamental) is a federally funded project in which children are allowed to choose a book to keep for their own three times a year. The government pays 75% of the book costs, and the Friends pay the remaining 25%.

"We invite everyone in the community to join the Friends of the Dorothy Inghram Branch Library," commented Mrs. McKinney.

QUESTION: Is Potassium Common in Foods?
ANSWER

Potassium, one of the mineral elements required by humans, is among the most plentiful minerals in the body. A person who weighs 154 pounds has about 9 ounces of potassium in his body. Potassium and the related mineral, sodium, are needed to keep a normal balance of water between the cells and body fluids. Potassium plays an essential role in the response of nerves to stimulation and in the contraction of muscles. This important mineral also is needed for growth and for the proper functioning of cellular enzymes.

Potassium is widely distributed in foods. The usual daily intake in the U.S. is from 2 to 6 grams (2,000 to 6,000 milligrams), enough to meet the normal needs. The potassium content of foods can be of concern, however, if your physician prescribes a low-or high-potassium diet. Deficiency, though uncommon, can result from a combination of poor diet and excessive loss of potassium due to diarrhea. Meats, dry legumes, vegetables, and fruits are generally higher in potassium than are grain products and many dairy products. Milk is a good source, but not cheese because much potassium is lost in the whey. Some types of processing can result in a removal of considerable amounts of potassium. For example, a cup of whole wheat flour contains more than 400 mg of potassium; a cup of white all-purpose flour, about 100 mg. Brown sugar, con-

taining about 750 mg. of potassium per cup, is a far richer source than white sugar with 6 mg. per cup.

If you have questions you would like answered, write Eunice T. Williams, Home Economist University of California Cooperative Extension, 21150 Box Springs Road, Riverside, CA. 92507.

Great Kings of Africa Display Reception

The reception for the Great Kings of Africa Art Exhibit (sponsored by Anheuser Busch), which is being housed in the University's Learning Center, was held on Sunday, November 10 in the Student Union Multi-Purpose Room.

The reception was hosted by Dr. Marian Talley, the director of the learning center; Guest speakers included University President Anthony H. Evans and Hardy Brown of the San Bernardino School Board. Afterwards the audience of roughly a hundred people was treated to the spiritually moving music of the Voices of Christ Choir. Then the highlight of the afternoon arrived as the refreshments were served.

President Evans commented on one of the paintings in which there was a map of Africa in the background with the city of Timbuktu represented on it. It reminded him of the time he and his wife were on an African safari when they came upon a sign saying Timbuktu fifty two days by camel. Being as they didn't have a camel or fifty two days to spare, they never got to see it. "Since most of us have never had a chance to travel to those parts of the world, and to meet people who have helped make their history a part of our culture,

it is nice then that we can bring these paintings here along with the narration to help us get a fuller appreciation of the past" Evans commented.

Dr. Talley was recently quoted in a press release as saying "Part of the reason for the special events at the Learning Center is to introduce the surrounding communities as well as the university faculty and staff to our faculty and the new comprehensive computerized system, Plato." In addition, she encouraged all students, faculty, and staff along with members at large from the community (especially students) to come and tour the art exhibit in the Learning Center.

All of the artists are Black Americans commissioned by Budweiser to do these paintings. Many of the great Black rulers of Africa are represented such as Cleopatra (Queen of Egypt) and Hannibal (the ruler of Carthage).

Brown, in speaking of the subjects of the paintings, stated that it is the great contributions that these people have brought to mankind that gives you a great pride, and makes you walk erect. He quoted Dr. Martin Luther King as saying that in order for a person to get off your back you must first stand tall.

Looking Fantastic For A Festive, Fun-Filled Holiday

This holiday season, make-up and fashion are everything.

Glittering sequins, gold iridescent and silk chiffon fabrics, along with metallic and black outfits are all "in" and will keep you dazzling from dawn to dusk.

But these exciting holiday fashions require make-up that is just as dramatic to complement that holiday look. For holiday make-up, the look will go from

sheer to dramatic with sparkling shimmers, frosts, golds, silvers, metallics, luminescent and dust-colored shades reviving eye shadow colors this season.

Selecting a good foundation, which is essential to set any make-up look, is very important. A light, sheer, water-based foundation is perfect for those daytime office Christmas celebrations. One that offers just enough coverage to give your skin

Mrs. Crawford models a dress and coat ensemble from Billie's Boutique.

that even, smooth finish should be selected. But later in the evening, when you're preparing for that very special occasion and you want a more dramatic appeal, a soufflé foundation that offers medium coverage or a cream foundation for maximum coverage is appropriate. To help set your make-up and keep it looking fresh throughout a day or evening, a light, translucent powder should be applied.

Johnson Product's Ultra Sheen Cosmetics has three foundations that are perfect for all three looks - the Liquid Make-up for sheer coverage, Soufflé Foundation for medium coverage and Compact Creme Foundation for maximum coverage. The Soufflé Foundation, which gives medium coverage, can be applied lightly and is good for maximum coverage for a very dramatic effect. Ultra Sheen's Translucent Finishing Powder is a light, translucent powder that can be worn over make-up or alone. It comes in three shades to fit all complexions - light, medium or dark.

Of course, no make-up look is complete without lip color. Lips will make a statement this holiday season as shimmering lip colors show up everywhere, adding pizzazz and sparkle. Orange Shimmer, Hyacinth Gold and Ruby Gold - all from Ultra Sheen's Shimmering Highlights line - will make your lips a sensation at any occasion this holiday.

Last, but not least, nail color is that final touch that gives your overall appearance one of finesse and polish. For this holiday season, the colors will have shimmer, with gold sparkle throughout. Shimmering Fuchsia, Shimmering Berry and Terra Cotta Gold, from Ultra Sheen's Shimmering Highlights line, are all excellent nail colors that will add sparkle to your overall holiday look.

Ten Make-up Tips For A Holiday Look That Dazzles

1. Apply foundation with a sponge for even coverage all over. Ultra Sheen cosmetics Liquid Make-up (for light),

Soufflé (for medium) or Compact Creme Foundation (for maximum) are all excellent foundations to meet your holiday make-up needs. Blend well.

2. Use a lighter shade of foundation on brow and cheekbones for highlighting. Blend well.

3. Use a darker shade of foundation under the cheekbone and on the sides of your nose for contouring. Blend well.

4. Apply a light, translucent powder, such as Ultra Sheen's Translucent Finishing Powder, with a large fluffy brush.

5. To give your cheeks a glow, apply blusher from the center of your cheekbone out to the hairline. Add a little gold eye shadow from Ultra Sheen 24K Gold Collection to top off cheekbone.

6. Intensify pretty purple eye shadow colors from Ultra Sheen Plum Crazy Collection with a dusting of metallic shadow (both gold and silver are in). Stroke lightly over lid, up to brow bone.

7. Add a stroke of vivid blue to soft rose-colored eye shadow hues. Starting from outside corner of eye, brush blue shadow from Ultra Sheen's Precious Gems Collection upward toward brow for mysterious catlike appeal.

8. Experiment with plum, blue or gold-colored mascara for drama.

9. For lips, use a moisturizing lip color with gold highlights such as Ultra Sheen Cosmetics Shimmering Highlights Lip Color which is available in Hyacinth Gold, Ruby Gold and Orange Shimmer.

10. For those dramatic fingernails, use a sparkling nail polish with gold shimmer such as Ultra Sheen's Shimmering Fuchsia, Shimmering Berry or Terra Cotta Gold.

Anheuser-Busch Donates \$200,000 Earthquake Victims In Mexico

(St. Louis, Mo.) - A \$200,000 grant to aid victims of the Mexico City earthquake has been made by the Anheuser-Busch Companies, Inc. of St. Louis, Missouri. The announcement was made by August A. Busch III, chairman of the board and president of the company.

The funds will be channeled through the American Red Cross Mexican Disaster Relief Fund.

Jesse Aguirre, vice president of corporate relations for the Anheuser-Busch Companies, presented a check for \$200,000 to American Red Cross officials Sunday evening in Los Angeles during a 12-hour international telethon entitled "Mexico...We Are With You."

"We are proud to join with the many other companies and individuals who have so quickly come to the aid of our Mexican neighbors," stated Aguirre. "This \$200,000 is presented to the American Red Cross on behalf of our chairman and president, Mr. Busch, our thousands of employees, our family of wholesalers, and our operating subsidiaries."

The telethon was produced by the Spanish International Network and originated in Los Angeles. Live segments were broadcast

from five other U.S. cities and three South American countries. The program was aired by more than 348 SIN outlets, and portions

were seen on WTBS (Atlanta) and over 50 independent stations across the country.

Say Black Caucus Success May Be Hurt By Firings

(Washington, D.C.)-"Possibly, an entirely new group of individuals will be hired for next year," Congressional Black Caucus Foundation officials disclosed in an overview report on the 15th annual legislative weekend last September following confirmation of the recent dismissal of the staff by Rep. Louis Stokes (D-Ohio), CBCF chairman.

The future of the celebrated, annual fall week of political meetings, Capitol Hill forums, social activities, entertainment and \$250 a plate dinner appeared in doubt according to the report which indicated the CBCF needed over \$600,000 for conducting legislative research and political activity next year.

The report revealed that the weekend program grossed over \$1,200,000, with over half the amount used for expenses. The biggest amount (190,000) was earned from three fashion shows sponsored by the Congressional

NAACP Image Awards Huge Success

United Airlines Senior Sales Representative, Alexander Agee seems to be in seventh heaven standing in between two beautiful ladies, Marla Gibbs, right, well known television celebrity and Karen, his wife. Marla found time to chat and pose with the Agees at the midnight buffet dinner following the 18th Annual NAACP Image Awards presentations in Los Angeles. The prestigious star studded affair, for Black actors and actresses, has become synonymous with the "Academy Awards."

Marla, in dual roles, was co-chairperson for the evening with Diahann Carroll and Bill

Gipson and shared the spotlight with other presenters. Among others receiving Image Awards was the popular and very hot singer, Patti LaBelle who was named best female recording artist. The evening seemingly belonged to the National Broadcasting Company who was honored with the NAACP's prestigious corporate award. Willis Edwards, president of the Beverly Hills Hollywood NAACP Chapter, said, "NBC offered Black performers the highest number of quality roles during the 1985 season." The network's "Bill Cosby Show" was nominated the best comedy series or

special. Its co-stars also won top honors...Malcolm Jamal Warner, best actor in a television comedy series or special; and Phylicia Ayers-Allen, (Cosby's television wife), best actress in a television comedy. Bill Cosby refused the nomination for best actor, as he did in the "Emmy Awards" competition, saying he didn't want to compete against his friends.

NBC President Brandon Tartikoff, noting the impact of the Bill Cosby Show on young people, and America, said, "There are those who think NBC stands for 'the Network of Bill Cosby,' and they wouldn't be far wrong."

spouses, with \$153,789.10 raised from the dinner, but the annual concert lost money because some entertainers demanded over \$1000,000 in "expenses", officials said.

In confirming that seven of the ten member administrative CBCF staff, including CBCF executive director, Dr. Frank Morris, were released with severance pay upon the recommendation of the CBCF board of governors, Stokes said the move was to shift the em-

phasis to more research. The Foundation was established in 1976 as a separate fund raising organization to support the political activity of the Congressional Black Caucus, founded by 13 Black members of Congress in 1971, along with other state, regional and special interest groups of Congressional members.

"As a major, non-profit research organization it is imperative for the future success of the Foundation's fund raising efforts that a

permanent staff is put in place immediately," says the latest CBCF study... "Everyone hried to perform in a major role this year was a consultant, all of whom..officially finished with their duties as of November 15...This means that implementation and execution will be slowed (next year) by a necessary training period, particularly detrimental if the consultants are not hired until May, 1986 as was the case this year," the report concludes.

Moreno Valley News...

WE ARE SIZZLING in Moreno Valley: Sizzler, a nationally known restaurant, is the latest addition to Moreno Valley. We have a place that we all can look at with pride. I was impressed by the staff and the comfortable seating throughout the building. If you would like to give your family or a friend a treat, take them to the SIZZLER. I'm taking my nephew and his family Christmas eve. He is number 68 on the "Rams" football team.

I had soup and salad last

Saturday, and it was out of this world. A young lady named Loretta provided me with outstanding service. I could not help but notice the well trained and neatly dressed waiters and waitresses. There was an atmosphere about the people who operate the place and the people who work there, that made me feel relaxed and happy we can have this type of service. A young family friend of ours also works there her name is Paula; stop in and see the folks at Sizzlers and tell them Charlie sent you.

I met the architect for the Sizzler, Mr Rocky Fender, he lives in Moreno Valley. The manager Ken Jay, is a man you will enjoy meeting. I met many wonderful people Saturday. Higher up in the Sizzler organization are Mr and Mrs. Gary (Sally) Myers. Sizzler welcome to Moreno Valley. **WALK IN THE LIGHT:** Dec. 20 Mrs. Evelyn Saria, wife of March Air Force Chaplain Saria, gave a Christmas party for the Chapel no. 1 Sunday School teaching staff. We had a wonderful time as we shared our Christian experiences and

exchanged gifts.

We are determined to give other gifts as we go about the daily task of living. It may be of material value or perhaps a warm smile.

CITIZENS OF MORENO VALLEY we should all take a smile break. Jesus is Lord! **CTA REPORT: QUALITY FACTORS:** Quality in a school setting can come about only as the result of the interrelationship of all essential factors operating together, with each affecting the others. Any attempt to define or assess the quality of a school program while ignoring any one of the essential factors ignores the realities of the school setting. (Assessment of School Programs).

LET CHILDREN BE CHILDREN: Expected to grow up too fast, today's youth are losing out and being deprived of the protection they need in order to develop a strong sense of self. We push our children into situations using the name of freedom of expression and we all suffer for it, mostly the children. Youth want us to set limits.

In commemoration of the Kwanzaa celebration Myzz Edeyes Soul Food Diner located at 4104 Park Avenue, Riverside will be having a seven day celebration.

So plan to join Myzz Edeye and her guest to be enlightened on the finer aspects of the Kwanzaa Celebration.

by Hazel L. Allen

Myzz Edeye's Soul Food Diner Presents The Seven Days of Kwanzaa, Dec. 26-Jan. 1, 1986

Wouldn't it be unique if we as Black people had our own traditional celebration commemorating the holidays?

The Jews have Chanukah, the Hispanics have Cinco De Mayo, the dates of these holidays are not as important as the fact that these holidays represent a cultural oneness and family unity.

Myzz Edeye would like to make known to you that as the Jew and Hispanic we the Black culture do have a holiday tradition celebration, called Kwanzaa, an Afro A-American holiday, which is a celebration of accomplished works, such as the harvesting of the first fruits of crops (then of our ancestors).

Established by Maulana Ron Karenga, Founder-Chairman Emeritus of US Cultural Organization, Kwanzaa traditionally throughout African society was a time when Black people came together to celebrate the harvest of the fruits of the year. A time when we could get together and, more than anything else, enjoy each other's company and reinforce each other's beliefs. Because it is through each other and not through ourselves alone that we can truly know our way of life and both the beauty and benefits of it.

It was a time of great celebration -- of rhythm and dancing, of feasting and joy, of liberations and love -- and through all these things, a religious expression to our ancestors. For by living and enjoying life, since they were one with us, our ancestors were also happy.

Kwanzaa starts on December 26, the day after Christmas and lasts until January 1. Even more important is the psychological significance that Kwanzaa has to Black people as a whole. Kwanzaa is a Black image and what Black people need more than anything

else at this time in the history of their development are successful Black images. Black people need to see a positive expression of themselves everywhere they turn. These must be original expressions of themselves, symbols of their tradition that have been applied to their daily situations, not merely painting old white symbols brown, but the creating of new Black images. Kwanzaa is such a creation.

Psychological functions of holidays are important to all people, for it is through holidays that we express and institutionalize the values that are of every day importance to us.

Next we must understand that holidays are of enormous political significance, for when we have the ability to celebrate a holiday of our own it also shows that we have enough unity to agree upon the holiday which we should celebrate.

In setting up for the Kwanzaa celebration on December 26 thru January 1st, the symbols of Kwanzaa are set upon a low table abundantly bestowed with tropical fruits and vegetables. Kwanzaa decorations in the color scheme of Red, Black, and Green are left up to your own Soul and Creativity.

Black represents the faces of our People and their collective Beauty. **Red** represents our Struggle and the Blood of all our forefathers, ancestors, and progenitors, not shed in vain. **Green** is the symbol of Youth and renewed life, the continuously coming from struggle, for it is only through struggle that new life is created.

There are Seven principles in the Kwanzaa celebration. Each day of Kwanzaa represents one of the Seven Principles; **Umoja** (unity) -- To strive for and maintain unity in the family, community,

NEWS OF HEALTH

Mosquitos may lay eggs wherever water stands—even puddles, birdbaths and pet dishes.

The people who make Cutter Insect Repellent have been searching for ways to make the outdoors more fun and reduce the threat of mosquitos for over 20 years. They have a few suggestions for cutting down the chances that a mosquito will feed on you: • Dump out trash cans, pails, barrels, birdbaths, wading pools and pet dishes in your yard after a rain. • Get rid of old tires—or at least puncture them so they won't collect water. • Fill in areas on your property where water stands, such as ditches, holes and low areas. • Don't give mosquitos a chance to come indoors. Repair holes in door and window screens and don't leave windows open unless they have screens. Keep these suggestions in mind and bugs will be less likely to put the bite on you.

FACTS & FIGURES

Hereditary predisposition for lower bowel cancer may account for over 20 percent of all colorectal cancers. Within some families, the risk may reach as high as 50 percent by age 60.

Many people are now taking greater responsibility for their own wellness. One way is by monitoring themselves for early detection of hidden blood in the stool—a warning signal of certain colorectal diseases. Hemoccult Home Test from Menley & James Laboratories is simple, safe and can be done in the privacy of your own home. It can help you decide whether to consult with your doctor.

Approximately 75 percent of all colorectal cancer patients could be cured by early diagnosis. Increased risk begins at age 40, increases rapidly over age 55, reaching a peak at age 75.

Roots and Wings

By Dr. Oswald Hoffmann, Lutheran Hour Speaker

Have you ever watched a tree when the wind is blowing hard? It sways and twists and bends. The dead or weak limbs drop off. When the storm ends, the tree still stands straight and tall. Roots deep into the ground give it stability.

A close and loving family can give children a good start on life.

A strong root system makes strong people. Firmly rooted in a loving family, the rising generation has at least a good chance to grow up with stability that withstands the storms of life.

Dear Cheryl:
 Words are not adequate for me to express my feeling for you participating in our program last week.

It still seems like a dream for so many influential people to show up for an ordinary citizen.

I thank you and Hardy for being friends and hope one day I'll be able to reciprocate. For you to take time out of your busy schedule, I realize, many times creates a problem.

I feel blessed that the good Lord lead me to San Bernardino and made me friends of yours. Thank you from the bottom of my heart.

I Want A Second Opinion!

By Guy L. Smith IV

Growing up in a media family with a grandfather who ran a newspaper and a father who ran a television station, I got a pretty good dose of the First Amendment at the family dinner table. Both men held strong views, expressed them forcefully, and suffered opposing views with patience approaching Job's.

Some ideas they felt articulate, but wrong. Some foolish, but wrong. Some threatening, but wrong.

Controversy and anger swirled around the family because ideas and viewpoints were forcefully advanced or defended. Important and unimportant people thought them wrong. And even the purveyors of small-mindedness never suggested that they be silenced.

So I grew up in the American tradition - you can have an idea and express it and your neighbor can have an idea and express it. And I grew up and I went to work for a tobacco company and have the good fortune to agree with and advance its ideas.

It's not too dissimilar to the family dinner table: freedom of expression, freedom of choice, an informed populace.

And now in the name of the common good the doctors have decreed that the tobacco companies' freedom of expression must be silenced. Silence them and we will have Utopia! has been the shrill cry of the small-minded through the centuries.

They tried to silence Frederick Douglas. Thank God they failed.

They tried to silence Harriet Tubman. Thank God they failed.

They tried to silence Walter

White. Thank God they failed.

They tried to silence Martin Luther King. In death his voice is only better heard.

To be sure I cannot stand with these historical giants. But my freedom to be heard is no less than theirs.

And now the American Medical Association wants to silence me.

I want a second opinion!

FIND THREE OF A KIND AND WIN.

Up to \$25,000 instantly. Or the Growing Grand Prize of \$3,000,000 or more.

The new instant game from the California Lottery is called 3 OF A KIND. And if you play your cards right, you could win a free ticket, \$2, \$5, \$100, \$1,000 or as much as \$25,000 instantly. Just match three 9's, 10's, Jacks, Queens, Kings or Aces on your 3 OF A KIND ticket.

Win \$100 instantly and you could qualify for one of the weekly Grand Prize drawings shown every Monday night on television. If you qualify, you'll win \$10,000, \$50,000, \$100,000, \$1,000,000 or the new multi-million dollar Growing Grand Prize. It starts at \$3,000,000 and keeps growing until somebody wins. Additional Grand Prize winners that week will

receive \$3,000,000. Then the Grand Prize starts growing again for the following week's drawing.

IT'S A GOOD FEELING. FOR A LOT OF GOOD REASONS.

Maybe the best reason of all is that more than a third of Lottery sales goes to California public education. So when you play 3 OF A KIND, you're giving our schools a hand. For more Lottery information, call 916-323-4143 or 415-557-9550 in Northern California; 818-459-4416 or 619-238-3304 in Southern California. (Push-button phones only.)

Student Aid Money Available

3 Billion Dollars Each Year and Millions Unclaimed

By George Coleman
 OF EDUCATIONAL PRESS

ORLANDO, FL — According to a recent survey by the American Legion's Education and Scholarship Program this amount is available to students who apply, in the form of scholarships, loans and part-time jobs. The secret lies in knowing where and when to apply.

Thousands of these programs are passed up each year because no one ever applies, but now there is a solution. With the aid of advanced computer technology, a company called Student Scholarship Services can find those means of financial aid for which the student qualifies. Their computer data base contains over 3 billion dollars worth of these programs.

Through this unique service the student receives a computerized report stating those possibilities of financial aid available, matched up with career areas and certain background information furnished by the student. The firm will furnish a printout with name, address, monetary worth and eligibility requirements. For further information on this service you may contact Student Scholarship Services, 2436 S. Conway Rd., #102, Orlando, FL 32806.
