November 3rd Election Results
Brown & Yeager Win Big, Carter Wins Easily In Rialto, Highland - S.B. County's Newest City, Upset In Riverside City Council Ward 7 Seat

Hardy Brown
Hardy Brown and Martin Brown, incumbents on the San Bernardino School Board, both led the pack and were re-elected to the seat last Tuesday November 3, the last time around, Ken Yang, rounded out the three to be elected for the next four years. Also in the election the new Highland City Council was sworn in and is the 18th city in the county.

Mr. Brown was the highest vote getter in the entire city for the evening of the most recent election. His opponent was Hardy Brown, 7,512; Martin Brown 7,361; Low Yang, 5,902; C.E. Tapie Rohm, Jr., 2,679; Marlin Brown, 1,759; and George L. Brown, Jr., 1,700.

In the San Bernardino City Council race at large candidates were re-elected and Marlin Brown and then went to the SBCSS and she taught four subjects in the classroom.

In S.B.H.S. Ms. Brown's positions, she became Vice Principal at San Gorgonio High School.

Brown Announces His Candidacy For Blacks, U.C. Administrators
Assembly Speaker Willie L. Brown Jr., urged Black students last week, to continue the dialogue with Chancellor Fritz and Michael Henley, and to deal with concerns of racism at the University of California at Berkeley.

"I have been following developments concerning Black students, their concerns and the administration's response. I urge you not to become complacent about the growing incidents of overt and subtle acts of racism against our students," Speaker Brown said.

"I know such acts do not reflect the intent of our outstanding educational community, yet even unconcealed acts of racism injure our colleges." Mr. Brown, a San Francisco Democrat, is a member of the University of California Board of Regents. Berkeley at U.C., Berkeley recently raised the specter of racism on campus, and the African Students Association issued a 14-point proposal intended to address the issue. Their proposal included:

- Increased hiring of non-African American students and faculty
- Immediate resignation of Black students in residence hall positions
- Adoption of affirmative action policies

"I understand that students are not satisfied with the Chancellor's proposal to their proposal," Speaker Brown said.

"But I urge the Chancellor and Black students to continue their dialogue. Cooperation is an absolute necessity if we are to resolve these problems." Furthermore, I must point out objectively the incitations of racist activity are not limited to Berkeley. My office has been flooded with calls from others who feel that the same class of racism ranging from rudeness to violence for eleven years.

In 1980, Miss Brown came to San Bernardino City and was hired to teach English at S.B.C.S.S. She remained there for four years. In 1985 she ran for the school board and won.

In 1988, Miss Brown was working on her Administration degree. Her certification was completed in 1984 and 1985. In 1985 she received the position of Vice President of San Gorgonio High School.

Miss Brown has been in charge of Alternative Studies, Campus Control, Drug Prevention, Discipline, the Drug Abuse Program, MESA, Scholarship, Security, and organized, performing and playing dates. "I enjoy working with students," Miss Brown said. "The kids are smart. I think they're enthusiastic and cooperative, too.""

Black Voice News

Dear Hardy,

Thank you for taking time from your busy schedule to participate in our "Advertising and Procurement" Workshop, October 13th. I felt confident that most individuals who attended and were presented with the information given and would look forward in utilizing the advertising opportunities available through the Black Voice News.

Again, thank you for your continued cooperation in delivering this much needed workshop and/or seminars to the minority-owned businesses in our area.

Sincerely,

BE CAREFUL OF MICROAVE OVENS

In a television commercial advertising Pillsbury Brownies, children were shown standing in front of the microwave oven, war-
ching the brownies cook. This is very dangerous, by law a certain
amount of energy is allowed to go up the oven while it is on. The
children were pressed up against the microwave oven while it was cooking. This advertisement essentially says there is no
danger. That premise is dangerous, and hazardous to your health.

The Increasing Problem of Oids Among

According to the Centers for Disease Control (CDC), the number of AIDS cases in children has increased by 20 percent in twelve months ending in August. A large proportion of these cases are either Black or Hispanic. In conducting an analysis of reported cases between 1985 and 1986, CDC found that 58 percent of the cases were Black and 22 percent were Hispanic children. Ninety percent of these children acquired the disease from the mother. The primary cause for so many minority children to be infected with Human Immunodeficiency Virus (HIV) is the behavior of their parents. These parents have contracted the disease through sharing needles and syringes and for intravenous drug abuse, and by having unprotected sex with infected persons. The transmission of the disease from the infected mother to the unborn is extremely dangerous to the infant and in most cases fatal. The spread of AIDS can be prevented by not sharing needles and syringes and by having protected sex. The perception that AIDS is a problem of the White race is false. Among all the reported adult cases of AIDS between 1981 and 1986, 25 percent were Black and 14 percent were Hispanic. A concerted action is needed by both the Black and Hispanic communities to combat this problem that is affecting so many children.

Energy Group Fundraiser Set

The Los Angeles Chapter of the American Association of Blacks in Energy (AABE) will host the Second Annual Scholarship Lunch and Fashion Show on November 11, at the Los Angeles Hilton Hotel, 930 Wilshire Blvd.

"Support of the November 1 fundraiser will help further AABE's objective of providing scholarships to minority students who are interested in energy-related fields," said Del Hunter, AABE media coordinator.

"Using the theme "Energy Connections," the Second Annual Scholarship Lunch follows last year's dynamic program which featured a fashion extravaganza that highlighted energy industry execs in a truly unique fashion display. More than 450 people attended last year's event," Hunter added.

**City Fire Department Begins Free Distribution of 400 Smoke Detectors**

The Riverside-City Council has awarded a $5,000 Community Development Block Grant to the City of Riverside Fire Department. The purpose of the grant is to purchase 400 smoke detectors to be given free to income senior citizens and handicapped persons. Most of these victims succumb to smoke, not fire.

Installation of the smoke detectors will begin in November following a workshop for the volunteers in installing detectors.

Eighty percent of all fire deaths take place in residences not equipped with smoke detectors. Most of these victims succumb to smoke, not fire. “Elderly people are especially at risk,” said Fire Chief Doug Greene. “The handicapped are another group at risk from fire. By installing and maintaining these smoke detectors, their chances of surviving a fire are doubled,” Greene said.

Applications are available at City Hall, all city fire stations, community centers, and senior Nutrition sites.

Beginning in January 1988 visual alerting systems for the deaf will also be available and installed in homes of qualifying city residents.

Distribution and installation of smoke detectors will continue through the fiscal year or until all detectors are distributed.

For additional information, call Jo Ann Breeding at (714) 782-5338.

**West Covina NAACP To Hold Meeting**

West Covina Police Commander John Distlerath will address the San Gabriel Valley branch NAACP November 7, about gang activity in the city and surrounding communities.

Distlerath will advise those in attendance of methods used by his department to identify gang members and symptoms.

If Tithing Under The Law?

QUESTION: Dear Pastor Woods: Greetings! I am also a Pastor of a church, and I look forward to reading your columns every week. I have made a change in my church which has drawn some flack. You are right, God wants us to begin to realize that tithing 2 and offerings is a command to try to raise the necessary support for the church and thus, seeing that God’s people are to bring tithes and offerings to the church to support the work of the church. However, I have been among my members challenge me about tithing being a commandment of the law of God and that we should not give any more than 10% under the law. What are your thoughts on this law?

ANSWER: Dear Pastor: Tithing did not start with the institution of the Mosaic law. We see the first example of tithing when Abel and Cain brought their first fruits of their labors to God in Genesis 4:1-4.

Eric Dickerson, formerly of the Los Angeles Rams, proved this franchise in one of the biggest trades in National Football History. Sending Dickerson to the Indianapolis Colts, the Rams took a stable haul from the Colts and Buffalo Bills - three first-round draft picks, three second-rounders and running backs Greg Bell and Owen Gill. With the Rams' Dickerson contract was worth $682,000 this season. The Colts are rewarding him with a three-year contract, reportedly worth more than $1.1 million per year.
