NO MORE "WF'S Faculty and students are reminded that recent policy
AND "UW'S" decisions by the CSUC Trustees greatly change some
grading policies in the CSUC system. The changes
having the most immediate effect on students and faculty are those
involving withdrawals from classes and the "W" grade.

On the CSCSB campus Wednesday, October 17, is the last day
to withdraw from classes without record. After that date it will
be extremely difficult for students to drop courses at all. In-
structors may no longer issue a "W" on the grade roster. Students
who failed to follow withdrawal procedures should be issued an ap-
propriate grade which will reflect their work in that class.

COLLEGE NOW OFFERS
EXTERNAL DEGREE
PROGRAM AT COACHELLA

Authorization has been received by the College to offer a pilot External Degree Program in Elementary Education leading to the degree Master of Arts.

The authorization for implementation of the program is for a pilot period extending from the Fall of 1973 through the Fall Quarter of 1976 and is limited to the College of the Desert in the Coachella Valley. The external program is designed for the benefit of prospective students who are such a distance from the CSCSB campus that they are unable to avail themselves of a resident program or whose major occupational responsibilities do not permit them to spend major blocks of time on any college campus.

The majority of the classes will be held in the evening at the College of the Desert with a few sessions on Saturdays at the CSCSB campus in order to give the students access to the periodical and book resources of the Library and computer facilities.

Margaret Lenz, Assoc. Professor of Education, is director of the program and was commended with Fred Roach, Dean of Continuing Education, and Robert West, Dean of the School of Education, for the quality of the proposal submitted to the Chancellor's Office.
