Got a free weekend to enrich your mind? The office of Continuing Education has scheduled 45 weekend workshops between now and Christmas. Designed to improve one's mind, update professional skills or suggest new ways to relate to others (or deal with one's own problems), the workshops are fully described in the fall quarter Extension Bulletin now available without charge from the Office of Continuing Education.

Two Big Ears” and “Beyond the Traditional Dating Game: Transcending Gender Barriers” to “An Autumn Adventure: Photographing Angeles Oaks” and “Aging is a Family Affair.”

For the individual interested in the business world, the fall weekenders cover such fields as coping with inflation, real estate law, marketing for managers who have no marketing experience and women in management. Workshops of concern to people in the social and behavioral sciences include two Saturday sessions by Dr. Herb Goldberg, author of “The Hazards of Being Male,” and one by William Glaser, who continues his research into the functioning of the brain in his latest book and class, both entitled “The Stations of the Mind.” In addition there are weekend courses on dealing with loneliness and alienation, the Chicano family, sexual well being, and clinical problems for nurses.

Of general interest are the weekend workshops in art and photography, in writing (how to sell 75 percent of your non-fiction freelance writing, and others), in politics (“Electoral 1980”), and in cross-country skiing (in Sequoia National Park).

Recognizing the stress under which law enforcement officers operate, the extension program offers a new course “Survival Skills for Police Couples,” featuring psychologists and police officers and their wives as participants. In addition to these weekend workshops, the Office of Continuing Education is offering a wide range of degree-applicable courses for persons pursuing M.A. or B.A. degrees and a variety of classes for professionals seeking relicensure credit or career advancement.

Courses are being offered in 17 communities — ranging from Apple Valley to Yucca Valley, from Corona to Claremont, and from Mt. Baldy to Summerland.

Complete details on the fall quarter are in the fall quarter Extension Bulletin, available without charge from the Office of Continuing Education.

Dorms Nearing Capacity

by M.A. Kemenovich

Serrano Village’s eight houses with current spaces of 408 students is currently reaching capacity with less than ten spots available. A good possibility exists that once the dust settles from the confusion attendant to moving in on the 16th of September that a waiting list for entry will have to be established. Composition of the population is expected to be around 55 percent female and 45 percent male.

The Housing Office looks forward to a good year with the dormitories finally operating at capacity after a slow but steady climb in residents since they were first opened in 1972.

The Housing Office has been preparing all summer for the influx in students. The cleaning staff of five women has worked hard to prepare the dormitories. New security plates designed to prevent a rash of break-ins similar to those experienced during this summer’s Upward Bound program, have been installed in all rooms. Two dormitories have been completely repainted and the grounds keepers have manicured the lawns and shrubbery.

The staff of eight Resident Assistants and their supervisor Wayne Hutchins went into “pre-season” training last Friday to prepare themselves to handle the myriad problems arising from the close contact of so many people with each other under high tension environment such as a college. Briefings with college staff will prepare the RAs to handle all kinds of problems and questions from academics to counseling.

Increased student interest has led the Housing Office to work in close conjunction with Dean Stansel to revamp and prepare the groundwork for the resurrection of the long dormant Serrano Village Judicial Board, according to Craig Henderson, Housing Director.

He further added that the increased population will enhance the opportunities and increase the topics available to the dorms through its Educational Programming. This program started slowly, two years and has gained in momentum and popularity and is based on the idea of supplying lectures, demonstrations and question and answer periods to interested students on selected topics of general interest.

Placement Center Services Available

The staff of the Career Planning and Placement Center has a number of services available to all students at Cal State, San Bernardino. The Placement Center is located in the Student Services Building, Room 116.

If you wish a part-time job while you attend college, the Placement Center maintains a comprehensive listing of part-time jobs, both on and off campus. Come and register to receive this service.

Should you be in a quandary as to what major is just the right one for you, come inspect the Career Center for the right one for you.

Carter, Reagan Running Close, Anderson's Strong in New York

BY JACK ANDERSON and JOE SPEAR
WASHINGTON - In any presidential campaign, the man at the White House has an advantage over his challengers. An incumbent president has the power, the perks and the purse strings. He can call a press conference for an announce-

ment that will make him look good; or use Air Force One for a supposedly non-political trip to an impor-
tant state; or hand out federal grants that will earn him gratitude from the latter.

Jimmy Carter demonstrated his skill at presidential gamesmanship in his successful primary races against Sen. Ted Kennedy. Any time Kennedy threatened to get the next day's headlines or a spot on the evening news, Carter could go out of his way to publicly arrange a camera-grabbing event. Local governments also found themselves wallo-

king in federal grants and suddenly announced aid programs on the eve of the primaries.

Meanwhile, the latest polls have Jimmy Carter and Ronald Reagan in a dead heat. But Reagan may be gaining the momentum. Our sources have seen the latest public opinion sam-
ples. The next published polls will show Reagan about four percent points ahead of the presi-
dent.

Reagan is showing strength in a number of big states. That's why Carter, who won New York in 1976 is even under-
cutting Carter in the South. But even worsen news for the Carter campaign is coming from New York.

It will be difficult for the president to win re-election without a victory in New York State. This makes the Liber-
al Party's endorsement even more important. If the insurgents have gone, not to Carter, but to independent John Ander-
son. This might give Anderson enough regional votes in New York to win a significant share of the votes in the state.

The Liberal Party has never failed to endorse a candidate for president. But incredibly, the party leaders got the brushoff from the Carter camp. Carter's aides treated the Liberal leaders with such arrogance that bordered on contempt. The Liberals pledged with Carter to listen to their grievances. They sent a 13-page memo to the White House detailing their
grievances.

Carter's reply was a rou-

tine rehash of his administra-
tion's accomplishments. The president also assigned his domestic policy adviser, Stuart Eizenstat, to smooth the Liberals' ruffled feathers. But Carter's inner circle was startled to find that they didn't need New York to win.

The president's Georgia boys were shouting "Dixie," which they realized at the last minute. They tried to get New York Gov. Hugh Carey and AFL-CIO Presi-
dent Lane Kirkland to plead the president's case with the Liberal Party leaders. But by then, it was too late.

WHO'S TO BLAME? Members of Congress are up in arms over what they say is a worthless grain embar-
to of the Soviet Union that is costing American agriculture millions. Farm income is down but is the grain embargo really to blame? According to the Defense Intelligence Agency, the Russians will be able to replace only 1.1 million tons of grain they planned to buy from the United States. Those replacement ship-

ments will cost about a bil-

lion dollars more than the American grain would have cost.

Yet, here in the United States government statistics show that U.S. agricultural exports will set all-time records this year despite the reduced sales to Russia. For instance, exports in 1979 amounted to $32 billion. This year, farm exports will add an estimated $30 billion. If no major who wins.

The embargo's effect on American farmers seems to be more psychological than economic.

HEADLINES AND FOOTNOTES: Secretary of State Ed Muskie is furiously behind the closed doors at the State Department about the situation in Libya. The House of Representa-
tives has been quietly seeking ways to prevent the future "Billygates." One proposal introduced by a New York legislator will prohibit anyone in the immediate families of the president, the vice presi-
dent, Cabinet members or congressmen from acting as agents for foreign governments.

What Is The Newman Club?

At first it was thought that the Newman Club was purely a social club. Others thought that it was solely religious, and still others felt that it was a service organization. The type of confusion created a severe identity problem and the question arose — what is the Newman Club?

To set out and explore possible answers to the question; Fr. Steve Fitch (Newman Club Chaplain), Dr. Paul Esposito (Advisor), and club members Teri Farris, Jeannie Styptycki, Teri Farris, Jeannie Styptycki and Wayne Tines met and came up with an answer.

"The Newman Club is a group of people affiliated with the Catholic Church, meeting together socially to share similar life values in an atmosphere of acceptance."

We feel that our club is different from any other club on campus. If you feel the need to be with people you can talk to and enjoy taking part in many social activities, you have found the right club. If you want to share with other people your religious beliefs in a non-denominational atmosphere, then the Newman Club welcomes you. If you just want something else to do instead of homework, then you might as well join the Newman Club — at least stop by and say hi!

Some of the activities that we have planned this quarter are as follows:

September 28 — BBQ 3:00 p.m. at Blair Park.
October 5 — Bishop Straling on campus — Morality in America
November 6 — Fall Festival
December 1st week — Christmas Dance — live band!!

If you have any questions about the Newman Club please feel free to contact Wayne Tines at 862-5358 or Fr. Steve Fitch at 882-1248.

Faculty Promotions

Nineteen faculty members received promotions in academic rank September 1.

Promoted to the highest rank of full professor are: Dr. Stella Clark, Spanish; Dr. Arto Harris, chemistry; Dr. Melvin Hawkins, sociology; Dr. Dennis Pederson, chemistry; Dr. James Pierson, anthropology; Dr. J. Cordell Robinson, history; Dr. Robert Senour, education, and Dr. Ruth Wilson, biology.

Those being advanced to associate professor are: Dr. R. Jim Clarino, economics; Dr. K. Michel Clarke, administration; Dr. Kevin Frost, geography; Dr. William Gean, philosophy; Dr. Joseph Janczyk, economics; Dr. J. Ken Kuz, sociology; Dr. Marsha Litt, psychology; Ms. Mary McGregor, nursing; Dr. Thomas Pierce, economics.

FRANKLY SPEAKING... by phil frank

"I'M NOT SAYING YOU'RE A PRUDE BRUCE... I'VE JUST NEVER SEEN ANYONE O.D. OVER A POETRY READING."

"ESCAPE '80"

"ESCAPE '80" is a program to provide students with leisure time activities in California's great outdoors. Students can learn and discover while at play in an informal atmosphere where new friends can be made and an exchange of ideas can take place.

The programs are planned for individuals with outdoor experience as well as beginners. Fees are charged to cover the cost of transportation, food and special equipment.

"ESCAPE '80" is sponsored by the Associated Students, Activities Resource Center, and the Department of Physical Education and Recreation. If you have any questions regarding "ESCAPE '80" feel free to contact Richard Bennecke, Student Union or Joe Long, Department of Physical Education and Recreation.

All registrations for "ESCAPE '80" outings will be taken in the Student Union at the reception center.

INTRAMURAL CANOE RACES, FRIDAY OCT 3
Registration Sept 22-Oct. 3
Budweiser Intramural Coed Canoe Races at Glen Helen Park. $1.00 per vehicle.

FISHING DERBY SAT. NOV. 15
Catch the big one at Glen Helen Regional Park. Prizes! Registration Sept 22-Nov. 13. $2.00 trout tag. $1.00 per vehicle.

AN EVENING AT THE "PUB", SAT. NOV. 22
Filing, entertainment, food, contests and prizes. 7:00 p.m.-11:00 p.m. Free in Student Union.

SNOWSHOE TRIP TO SAN JACINTO, SUN. DEC. 14
Snowshoe your way through some of the most beautiful terrain in Southern California. $14.00 per person, includes snowshoes rental and tram ticket. More information on registration.

ANNUAL SKI TRIP TO MAMMOTH, SUN.-THURS. DEC. 14-18
Registration Sept. 22-Nov. 21 (CSCSB Students) Oct. 27-Nov. 21 (Faculty and Staff). $55-$60.00 depending on rental. Luxury accommodations with complete kitchen facilities, sauna, jacuzzi.

Budweiser presents...

the TASTEBUDS

"FORECAST"

Hey, wait a minute boys, here's the latest taste forecast.

What is it?

Bad news... creamed liver!

Oh no!

Yuck!

He's there... some good news here, too...

Yeah??

A Budweiser?

No...

No?

Bummer...

Two Budweisers!!

Yay-y-y!!

Fill 'er up!

Why do you think they call 'em Tastebuds, anyway?

Watch the Tastebuds (in actual commercials) on "Saturday Night Live!"
