Interview With Ab Brown, Incumbent Candidate For Mayor Of Riverside

By Jean Denny
Incumbent candidate Mayor Ab Brown is in the run-off election for Mayor of Riverside on Tuesday, January 9, 1990. If he is re-elected, he will be in his fourth term in office.

Mayor Brown, a native Riversidean, got into politics about 27 years ago when he was elected to the Community College Board. Since then he has been president of the Riverside Community College, member of Governor's Commission on the Arts and twice president of the Community Settlement Association.

In his last 12 years in office he has monitored the Mayor's ball to annually raise money for a local charity, served on the committee to keep March AFB, supported efforts to bring a Pepsi plant to Riverside, initiated the 1989 Concert in Hurst Park, was a liaison to State and Federal Government to protect Riverside's water rights in S.B. County and developed with private money the largest community prayer Breakfast and within five years has had Monday breakfast with about 5,000 citizens in the community.

“Riverside must become the natural and financial center of the Imperial Empire,” said Brown. In projecting some of his future goals if he should be re-elected, Brown sees better relations with March AFB. He has also developed a youth development program called “The Trash Busters!” which is a neighborhood pride objective and an “Innovative Investment Program” to create incentive jobs in the community.

“The Trash Busters!” project is already established and should begin in June to create summer jobs for youth.

Brown, if elected, will continue with his open door policy and the ceremonial room will be available to the community.

When asked to respond to issues concerning the City of Riverside in the upcoming election Mayor Brown had this to say.

“What do you see as issues in this election?

Integrity in office. How to handle sold goods. Are there water quality which is a constant problem. Jobs for the people by locating and enticing defense industry to come to Riverside so citizens won't have to drive 50-60 miles to work every day. And to help them up the scale.

What do you propose to do if you are re-elected?

A follow through on the issues addressed in the first question. I want to be sure we set some standards of integrity among local politicians.

What problems or advantages has growth brought to the city?

Jobs, basically, jobs for people. We have to keep working on unemployment by applying for grants and loans.

Interview With Terry Frizzel, Candidate For Mayor Of Riverside

By Jean Denny

Terry Frizzel, City Councilman of Ward 7 is in the runoff election for Mayor of Riverside this Tuesday, January 9, 1990.

Frizzel has been involved in the community since 1963 when he first came to Riverside from West Virginia. She started a Citizens Group Adjoin 7 which addressed concerns going on in the community about crime. She also helped to write Prop. R, which helps to preserves agricultural land on hillsides. It was passed overwhelmingly by the people in 1979. She was also involved in Community Plan Updates. In 1980 people encouraged her to run for City Council. She served four terms, retired for four and ran again. She is in her second term on the City Council.

For the future Frizzel would like to create an atmosphere of trust and respect with people in the community, see more visible police protection throughout the city, eliminate drug and gang problems, take care of traffic problems, bring city streets and neighborhoods up to standards and wants to be representative of people and get more involved with Council.

Frizzel’s main objective is to be a representative of people and reflect the majority’s concerns rather than special interest groups.

When asked to respond to issues concerning the City of Riverside in the upcoming runoff election Frizzel had this to say.

“What do you see as the issues this election?

Leadership, we could have more effective leadership in the community.

What do you propose to do if elected?

I'd like to give City Hall back to the people. A lot of people don't understand politics. I'd like to make them feel government is there for them.

What problems or advantages has growth brought to the city?

When you have uncontrollable growth you have an impact. It's evident with gangs and drug problems. Those are disruptions in civilians life. If you don't plan, you decrease the quality of life. We can grow but we have to plan for it.

What are you doing to set the pace for the African American's in key positions in the City of Riverside?

The State Department of Education has selected the County's Department of Community Action for a $50,000 grant renewable for a second year.

"We wrote the grant on behalf of one four shelters for the homeless, none of which had the requisite number of 50 beds alone but together had 100 beds," I believe the common president of the collaboration said, the reviewers. I told I. M. Carson, Executive Director and author of the grant.

Delta Sigma Theta Sorority, Inc., Launches School America

Delta Sigma Theta Sorority, Inc., a national service organization with more than 175,000 members, has launched a major initiative called "School America." The sorority, which was founded on the campus of Howard University in 1913 by 22 Black women, has as its goal the re-establishment of literacy as a family value in every American home. One of the key components of School America is the Teach 1, Reach 10 program, which involves registering parents or teachers to serve as official readers. Just as voter registration was the key to political progress, reader registration is the key to economic progress. The commitment of registered readers is to read at least one story a week to a child between the ages of 1 through 10 beginning now and continuing throughout the year 1990. Registered Readers may read to children in their homes or at their communities. What is important is that they read and read regularly.

The goal of Delta Sigma Theta is to register over one million readers. To accomplish this task, the sorority is asking the leaders of national organizations to join as partners in implementing this program. Partners are asked to encourage their members to register in their communities and to become Registered Readers themselves.

Through the generous support of the Bank of King Corporation, Delta Sigma Theta has sponsored Reader Registration programs throughout its local chapters and has already signed up thousands of Registered Readers. For more information to become a partner or to obtain a Reader Registration card, write School America, Delta Sigma Theta Sorority, Inc., 1211 Connecticut Avenue, N.W. Suite 312, Washington, D.C. 20036.

Other collaborators include the education and program groups of Riverside and Palm Springs Unified School Districts, the County's Job Training Department and the libraries of the two cities, all as partners in this effort.

The 115 participants must be functioning below the 7th grade level. They will be given literacy and basic skills training. Each shelter will have a diary to the counselor who has experience in working with the gifted.

The four shelters included are 1. CARE Shelter, Inc.

Genesee Shelter and New Life Men's Shelter, all in Riverside; and Nightingale Shelter which is located in Palm Springs. To achieve maximum participation one-to-one tutoring, volunteers will be recruited from retired local teachers in teacher training at the University of California, Riverside and bilingual teachers. _Buchanan Ophthalmologist_ 

_Dear Dr. Levister: My 80 year old mother is in the nursing home. Recently an eye doctor scolded all the residents and indicated that my mother needed immediate cataract surgery. She can read and watch T.V. without problems. What can I do?

A Concerned Son

_Congressman George Brown, Constituents, Congressman George, Rachel Krause and Mrs. Martha Brown._

Dear Concerned: "Buchanan Ophthalmologist" is a term coined by Donald Robinson in a recent readers Digest article in which he described high volume eye surgeons who are more interested in the money than their patient's well being.

_The I'm unethical ophthalmologist._

_Cataract surgery has joined the Federal Department of Health and Human Services list of procedures that are subject to abuse along with hysterectomies and gall bladder surgery. Some unscrupulous ophthalmologists sweep through nursing and residential homes screening dozens of patients in one visit and recommend immediate surgery for many where their vision is adequate for their needs.

Other request ophthalmologists to state patients to the physician in exchange for the optometrist providing follow-up care to post cataract patients in return for a portion of the surgical fee which is a form of the splitting and illegal.

Still others use ad commercializing their cataract patient on the unsuspecting public.

Unlike the vast majority of ophthalmologists this individual has pocketed the money illegally.

If you suddenly learn that your beloved one is pressured to have cataract surgery have their personal physician check their visual acuity. The results are reasonable, belts of alarm should ring. In all cases obtain a second outside ophthalmologist's opinion.

If the individual is confirmed, bedridden, extremely old, informed in a nursing home, ask questions.

“Black Folk In Song” A Gospel Extravaganza Of Music And Song

By Jan Denney
“Black Folk In Song,” now playing at the Westwood Theatre in Los Angeles, California, is a tribute to Black humor through music and song.

On December 21, 1989 the Black Voice Newspaper had published an article on the show. From the Missionary Society and Hospitality Committee of the New Joy Baptist Church of Riverside, here are quotes from the interview:

“Won a great show,” said Paul Carter. Her friend, Liz Jackson agreed, “I really enjoyed it.”

The show was written by Riversiders own multi-talented Delilah Williams who not only directs and co-producers but appears as Malasha Jackson in one segment of the show. “Black Folk In Song” is a gospel musical that combines dance, drama and song to come together with modern numbers that console the spirit and touch the soul.

Some of the star studded cast include Davis Whitfield, actor, singer and performer of stage and screen. Vernerya Royer, former lead singer of the famous Ward Sisters. Marion Ramsey, actress of stage, television, and a regular character in the phenomenally successful “Police Academy.” Sharon Williams, one of the original cast members. Bobbi Howell, singer, actor and performer. Delilah Gibbs, principle soloist with Keith Pringle and the Pentecostal Community Choir. Toibet Paulina, accomplished actress of stage and screen.

The show begins with the history of Blacks as slaves in America. “Songs of history, mourning and celebration,” says renowned announcer and editor Enos Taus. “That’s what Black Folk In Song” is mainly about.”

It was the field or on the auction block, the operation of slavery is emotionally felt but in song always is simplified in a song. Sometimes it’s the beautiful but silent moans of down in the fields. Another time it might be the loud bellowing and repeated “ Stand By Me” sung by Vernerya Royer.

Members of the Missionary Society & Hospitality Committee

On Wednesday December 20th at 10:00 a.m. members from the Missionary Society and Hospitality Committee of the New Joy Baptist Church experienced an unforgettable feeling of the real spirit and meeting of Christmas when eleven happy ladies, three husky men and two small ladies met at the home of Mr. and Mrs. David Walker to prepare Christmas Baskets in an effort to bring joy to the eyes and joy to the hearts of various children during the Christmas season.

In this our first experience as a newly organized church we set our goal to give five baskets, but the number quickly grew to twelve baskets. Amazing enough at this point we experienced the Divine Ability and Authority of Jesus as in the minutes of the five barley loaves and two small fish, John 6:13-14. We realized anything put in the hands of Jesus proves of superabundance.

Instead of giving five baskets we prepared and delivered sixteen large fully stocked baskets each containing the usual Christmas bird (the turkey) and plenty of other good nutrition foods including delicious fruit arrangements. Not only did this group work well together, but experienced and enjoyed a wonderful and very warm fellowship. After our mission had been successfully completed we formed a large circle there in the yard around the empty bags and boxes where we had worked and Mrs. Vernea Johnigan led the group in a most dynamic prayer of Thanksgiving, asking God’s blessings upon our first effort and upon those receiving the baskets. We were much encouraged as we went on our way rejoicing. This act of sharing was only a part of the Community Outreach Ministry of the New Joy Baptist Church of Riverside where the Rev. Paul S. Mantrid is Pastor.

God is Interested In Your Financial Condition

Question: Dear Pastor

Woods, I have many bills and wonder if I pray to God about them, will He really help me? I want to know that God desires that we are humble and poor?

S.B. Jones, San Bernardino, CA

Rev. Regional Woods

Yes, God wants you to be in financial need and the ability to get your desires. There is nothing godly about being poor (and vice versa).

The devil would like you to stay poor and rob you of the abundant life that Jesus promised us in John 10:10. Poor means desprestigious, and God does not want you to struggle, but he wants you to be rich. God wants you to be a givers and can give you if you don’t have! I encourage you to research the scriptures and see God truly wants to meet all your needs (Philippians 4:19) and cause you to prosper (Luke 6:38, Malachi 3:10, Joshua 1:18, etc.) Pray and believe that you will begin to walk in God’s prosperity.

You'll be able to do more - that is if you know what it is that disrupts your concentration.

Visual clutter can hamper your ability to remember things.

Another way to increase your memory power is to actively reduce visual clutter. Simply draw a line around what it is you want to remember and ignore the rest.

Doing one thing at a time, rather than a whole bunch of different things all at once, will help you maintain your memory. Business/Education
Happy New Year! I wish all the readers of the Voice and especially this column a very happy and prosperous 1990. Whatever happens, usually develops around impressions and ideas. The basic ingredient of all our information are impressions and ideas. These differ in only the degree of force and vivacity, and the simple impressions always preceded the ideas. This shows, Hume contended, "All our ideas come from experience, and that we possess no innate ideas."

Peace On Earth: Why not develop a life style that will include goals and objectives for 1990 that will help bring peace and not war; as follows: (1) Respect: we must show respect for our followers. (2) Friendship: make as many friends as you can in 1990. (3) Practice Caring: help as many people as you can in 1990. (4) Learning: read as many books as you can in 1990. (5) Good Books save you for life. (6) Travel: visit as many places as you can in 1990. (7) Expand Your Mind: go to advanced studies in 1990. Serve in the armed forces. (8) Spiritual Awareness: be interested in making your life better and serve God. You can count on this combination. Grenville Klesier Gives Us This Advice: Watch your thoughts, keep them strong; high resolve thinks no wrong. Watch your thoughts, keep them clear; perfect love keep out afraid. Watch your thoughts, keep them right; faith and wisdom give you light. Watch your thoughts, keep them true; look to God he'll govern you. Catch the spirit of Rev. George Sweeting.

Good Will Toward All Men: I could sense a feeling of good will toward all people in my vehicle, as four of my grandchildren and I took a drive through Moreno Valley to view the Christmas lightings and displays. I had a combination of boys and girls with me who were from the first grade level up to high school. These youth were singing the Christmas songs that were sung in their church and school the week before, as we rode along.

We can defeat racism, the drug problem and poverty if we all become as little children. Happy New Year!
