Reagan In Riverside

By Bob Gephart

On Monday, October 13, former California Governor Ronald Reagan visited the Inland Empire for the third time in little more than a year on the campaign trail to the Presidency of the United States. The event, in the Tyler Mall in Riverside, attracted twenty thousand people according to the Riverside City Police and included a number of CSCSB students. His visit marked the first time in nearly fifteen years that a major political party candidate for the presidency visited Riverside County.

Efrem Zimbalist Jr. acted as the Master of Ceremonies and introduced many local Reagan supporters including Congressman Bob Brown, San Bernardino Supervisorial candidate Sharon Hodgson and former boxing champion Archie Moore. Reagan arrived by helicopter at 3:20 p.m. with three other press and media personnel, and was welcomed by the Inland Empire Guard. He stepped down from the helicopter amid cheers of "Ronnie!!" and "Reagan in 80!"

In his relatively short forty minute appearance, Reagan criticized President Carter's administration and characterized it as a failure of leadership. He spoke of Carter's failure to arrive at a course of action in Iran, "fraud and waste" under the President's roof in the General Services Administration and inflation which has soared from 4.8% to 8.9%.

Reagan promised to cut the cost of government by 7% in the next five years, to increase the depreciation allowances for business and industry, to produce a balanced national budget.

Letters to the Editor

Dear Editor,

I am amazed at the apathetic or uninformed nature of students when it comes to the issue of draft registration. This January 18 year-old males will be told to register. To my understanding most of the 18-20 year-old students feel that the draft will never go into effect. But what if it does? There are no student deferments available except for currently enrolled or admitted medical or theological students. The armed forces are hungry for well educated people. I am afraid that a young man (women are still exempt) will find himself learning weapons training instead of academic training next year.

There are alternatives to the draft. It is up to the individual to seek out the alternative best suited for himself. He can find this information through several peace organizations such as The Alliance For Survival, Selective Service Law Panel, Central Committee For Conscientious Objection, or any qualified Draft Counseling. The time to act is before the draft becomes effective, action may be the best preventative measure that a young man can do for his life.

"The Club"

By Mike Heister

The Club, a one-act musical on-stage at the Huntington-Hartford theater during Nov. 2, has a thinly-lined one joke, one message script which is totally inappropriate for modern American Audiences. (and may the two never meet).

The most pleasing moment to their weves and their loved ones encourages you to break the law with anyone who is a good probably. The new draft registration is something else and will never go into effect. Registration is something else and may be the best preventative measure that a young man can do for his life.

G. Hodes. The play projected each other merely with bad, too showy. Also standing out was the scene in which the burning play its few truly entertaining moments.

According to the publicity, the play won ten Obie awards. Obviously someone thought differently about it then I did. If you're interested, and have not put little show to amuse yourselves, playing both the men and women parts. The scene was highlighted by the bellhop's appearance with an American flag draped over his shoulders, marching with an expression on her face that could curl a diamond. Ms. Hardt playing the bellhop, gave the play its few truly entertaining moments.

The government and the courts which tend to go along with the government, in an emergency or probably not be lenient. Be careful. Learn all you can about your options. Learn all you can about the law. If you decide to do something against the draft, resist, or evade or to fight it be sure you know what you are getting into and remember that anyone who encourages you to break the law will not be with you when you are caught.

Don't think that the same thing that happened after Vietnam will happen again.

Anti-draft materials and articles are beginning to circulate and the more that is on line to block and to interfere with the operation of a draft and draft registration.

We will willingly put any information of general concern or importance to the student population in this newspaper. However, our sympathies do not necessarily lie with those who want to write articles or announcements for the paper.

The draft is a touchy subject primarily because of the Vietnam War, now gone for nearly ten years.

Job Interviews:
Are You Ready?
The campus recruiting schedule for the Fall Quarter has been established. Students are reminded that only those registered with the Career Planning and Placement Center (SS-116, 887-751) are eligible to sign up to interview with those employers requiring appointments. Appointments may be made by contacting the Career Planning and Placement Center.

Convenient Parking For Disabled Students Available

Several reserved parking areas near classroom buildings are available for CSCSB students with physical impairments. If you have any kind of temporary or permanent physical disability, take advantage of this opportunity.

Save yourself time, irritation and fatigue. You can obtain a special medical parking sticker, which will allow you to use these reserved parking slots.

If such a parking sticker would be of help to you, contact Theron Pace at the Career Planning & Placement Center.

Your Future

The Career Planning and Placement Center is presenting a display in the Library this week (October 14 and 15) from 10 a.m. to 10 p.m. The display will be just inside the south entrance of the Library on the first floor. Career Planning and Placement Center staff members will be available during these hours to discuss your future and how they can help you with career selection and job placement. Please stop by and find out how they can help you.

Freshman and Sophomores are especially encouraged to drop by as well as Juniors, Seniors and Grad students.

Community Counseling Center Has New Year, New Director

Following a break during the summer recess, the psychology department’s Community Counseling Center has received with a new director, Dr. Ed Teyber, assistant professor of psychology.

The center’s services are available to faculty, staff and students. It serves the dual purpose of giving graduate students in psychology clinical counseling experience and provides the community a place where anyone with a problem can go for counseling. The Counseling Center provides an opportunity for anyone facing such problems as loneliness, alienation, loss of a job, marriage breakup, or other dilemmas to get help.

Brown Speaks On Campus

Congressman George Brown spoke to members of the campus community Monday, October 13, in the Student Union Multi-Purpose Room (SUMP).

Brown, a member of one of Congress's energy committees spoke at length regarding the role of the energy laden southwest in the future of the nation's search and development of alternative energy sources.

Congressman Brown is another speaker in a new series of lectures brought to the campus by a variety of the organizations on campus. These lectures aim at improving the understanding of the campus community members of the outside world in which the college exists. It further aims to create an atmosphere of understanding of the campus by the community.

Congressman Brown's talk Monday will be followed by a Thursday, October 16 presentation by State Senator Robert Presley. Senator Presley's presentation will also take place in the SUMP.
Reagan...

(continued from page one)

At one point in the speech, Reagan drew cheers when he said, "Recession is when your neighbor is out of work; depression is when you are out of work and recovery is when Carter is out of work."

People in the crowd had slightly different ideas on why Reagan should be President as evidenced in their varied signs: "Because he's from California. He's what the country needs now. Because Carter is wishy-washy and we need someone who will take a stand."

Reagan's national image is still something he will have to contend with as he is seen as almost an arch conservative, an image played upon heavily by Carter, using such characterizations as "rascist" and "warmonger."

80 Presidential election promises to be exciting with more than a few surprises for everyone involved.

Anyone interested in getting involved with any of the campaigns should contact Paul Woodruff at 887-7498 or Tim Hamre at 887-7494.

New Era Vets
To Get Their Start Here?

By M.A. Remenovich

The VA looks for Vets...Why don't they come in?

A new program may be on the way to help the VA find those that need help

Last Friday, October 10, 1980 representatives of federal, county and city social services involved with veterans, met on the campus of Loma Linda University to discuss the possibility of creating a non-profit corporation to fill the current gaps in veterans support services.

Ray Sayre, of the Veterans Affairs Office on the campus, has been instrumental in creating new programs and educational seminars in the last few years to assist veterans. He has been planning this new organization for a year.

Tom Wulhbrecht, from the Veteran's Administration Hospital at Loma Linda, has joined Sayre's principal co-planner in the last three months. Both men have been instrumental in gaining a reports to the people that are currently contacted for help in the large organizations and the relative lack of access to such information. The toll-free number for information was cited as an example. Few people seem to be able to get past the busy signal.

The group felt that a more personal touch, tailored for a given area, would reach more of the Veterans.

In a paper to the group, Sayre summarized some of the reasons cited as an example. Few people seem to be able to get past the busy signal.

The Veteran's Administration Office plans to concentrate on areas of concern and need to veterans, and the establishment of Outreach offices in the area.

The group felt that a more personal touch, tailored for a given area, would reach more of the Veterans.

Career Exploration Group

What jobs can I get with my major?
How should a freshman or sophomore begin deciding on a career?
How do my personal values affect my career choice?

Beginning today, Wednesday, October 15, the Career Planning and Placement Center will sponsor a Career Exploration Group. This group will meet every Wednesday from 1:30 p.m. in the Student Union, Meeting Room B, and is open to all students regardless of class standing. Areas covered will range from preliminary exploration of interests and values through actual interview and job search strategies.

This informal discussion group will be facilitated by Therone Pace and Ed Schneiderhan as well as guests from other campuses and community resources. For further information call the Career Planning and Placement Center at 887-7551.

"Let's Get Acquainted"

Cal State Associates and Freshmen Services are co-sponsoring "Let's Get Acquainted" on Sunday, October 18, from 3 p.m. until 5 p.m. at faculty homes in the area.

1980 PRICKLY PEAR AVAILABLE

The 1980 edition of the Prickly Pear, CSCSB's literary magazine, is now available. The magazine showcases the best of student short stories and poetry produced in and for literature classes. Copies may be obtained in the English and philosophy departments office in LC 248, in the library near the first floor entrances, in the Student Union and in the public affairs office. Editor for this edition of the Prickly Pear was Karen Clummen with Prof. Larry Kramer (English) serving as advisor and Edna Steinman (Public Affairs) providing technical assistance.

DARKROOM COURSE OFFERED

A seven week course designed to advance the darkroom capabilities of intermediate level photographers will start Thursday, Oct. 15 on campus.

The course will include group and individual instruction in processing, spotting, film development/paper combinations and production of quality prints. Emphasis will be on a zone system approach.

Students will be required to provide their own negatives, chemicals and paper for the course; the college photo lab will be available for independent work. Two units of extension credit will be earned by students successfully completing the course.

The class will meet from 7:10 p.m. in Room 109 of the Visual Arts Building.

More information may be obtained from, and registration made through the continuing education department, 887-7527.
