employees must change the date of retirement to January 2, 1974, or later.

It is not necessary for you to be on the payroll on January 1, 1974, in order to receive service credit for unused sick leave. The only requirement is that you retire January 2, 1974, or later and that your retirement date is within 4 months of the day you separate from employment.

If you do not submit notice to change effective date of retirement, it will become effective in accordance with your application. To change retirement dates, submit a written notice to the PERS office prior to the end of the month in which your retirement is to be effective advising them that you wish to change your effective date of retirement to Jan. 2, 1974, or later.

Forms are available, in addition to further information on the new retirement law, in the College Personnel Office. The address of the Public Employees Retirement System is Sec. 041, PO Box 1953, Sacramento, CA 95809.
