"Nigger Get A Job" Sparks Stabbing/ Arrest In Riverside

By Morgan Carter

Race rant is its ugly head in Riverside last Friday and the incident left one man wounded, and another in custody.

A man on Friday afternoon Earl Moore, an African-American, Riverside resident, was selling ice cream in front of Pacific Bell Telephone Company, as Donald Horne, a Riverside resident went into the telephone company. When Horne passed Moore, he remarked, "Nigger, why don't you get a job?" Moore, a mild mannered person said he ignored the verbal attack, but kept the man in his peripheral view while proceeding on the building after conducting business. Horne later, as a derogatory comments, calling Moore a nigger and telling him to get a job.

Moore was selling ice cream to a naked black man as Moore made the comment, when of a sudden a masked and black man gave a karate kick to Horne, pulled out a knife, and stabbed Horne in the leg.

World Class Motor Race To Be Held At Glen Helen Park

The Monat 500 USGP, will be held August 25 and 26, 1990 at Glen Helen Park.

The year's world class race will not be better than the 1989 Black Family Heritage Saluted By Rev. Burton to help this young Park Ranger.

Rally Grady Arrington, 40, one of the most popular Park Ranger in the country is in a hospital and is now in a quadraplegic, following a car accident which left him paralyzed from his chest down.

The accident occurred April 9, 1990. He remained in Irvine Care Center because he was paralyzed and has released because of promonous. This relaxed is temporary and doctor say it will not interfere with his rehabilitation.

His wife Vio, now cannot work and everyday makes the 45 minute journey from Yucca Valley to Palm Springs, to care for him at the Desert Hospital. This release has been frustrated because he was improving, his wife, says they have two children.

Arrington, very popular, Ranger has had many assignments beginning with his service in the National Park Service 15 years ago. He has been on work assignments in Hawaii, the Rose Bowl Parade, the '84 Olympics, Yosemite when Queen Elizabeth visited and for the past 5½ years he has been at the Joshua Tree Monument.

The plight of Arrington, has been noticed by his partricin and his wife, singer, Nancy Wilson, who have begun a survival and set up a fund to help defray medical expenses and essential needs needed.

The response has been great. When his sick time ran out employees of the Park Service donated their own sick time to extend his medical leave.

He would love to hear from you.

The Drug Crisis in California
Treatment, Prevention & Law Enforcement

During the summer of 1990, in an ongoing search to combat the war on drugs, the National Black Coalition will spend $5 million in White House discussions and $300,000 in Black and White press.

The speakers are often officials of the federal government who intentionally create false statements about the drug problem. At the workshops, Black and White groups will explain, dissect, and labor over the best economic, political, and educational programs of Black America.

Congressman McCandless to stay in office. No! Because if the mothers didn't have the power or the freedom to vote. They still took the vote out of their children.

The problem is, what are we going to do about it?

The summit meeting at the Howard Inn in Washington, D.C. which was arranged to work toward forming a coalition of Black leaders to support Black self-help efforts, develop innovative programs and launch a series of self-help initiatives. NAACP Executive Director Dr. Bruce Jordan stated:

"African Americans and Native Americans whose numbers are more than $20 billion a year, the expertise of a growing professional and entrepreneurial class and the moral strength of a vast number of Black churches, "Hawks. "We must passionately employ these resources to the building of Black community," added Mr. Jordan. The White House, however, has not yet accepted the honor of being part of the Peace Corps. If the summit meeting does not come to pass Aug. 17th and I know that I will passionately sound the self-help theme that if 1.1 million Black people self-help through the SCLC national convention, will do the same through the NAACP, Black Expo and have done alike of organized money to build the Peace Fund self-help campaign for economic self-reliance.

The summit, which was an altered version organized last year in New Orleans by Jesse Jackson, is trying to identify the problems of Black America (a fact the organizers already knew) and then hold the White House (Congress and the White House) for a solution.

I said then that if we didn't already know what the problems were we would never understand it and we would turn over to giving up and running away to Black Expo and have done alike of organized money to build the Peace Fund self-help campaign for economic self-reliance.

The newly-crafted summit is currently scheduled to convene in attack on the problem of drug use.

I said then that if we didn't already know what the problems were we would never understand it and we would turn over to giving up and running away.

The Right Step, located in Upland, California, is a drug and alcohol rehabilitation program that helps people who are in need of help. Dr. Gaddis, director and founder of the six bed residential program, worked as a physician in family medicine for 10 years prior to working as a Second Step. "I know a lot of people who had problems and I had a desire to help them," Gaddis said in a recent telephone interview that "The Right Step" is an alternative to going into a hospital program. "Some people are more suitable for the hospital and some aren't.

Those patients who would not have been approved for Gaddis' program would be people with psychological problems or those who have who to be deitted. Gaddis said after they've been deitted they can come into program.

Patient's are initially seen by psychiatrist, according to Gaddis, and a behavioral scien- tist. Gaddis believes the behavioral scien- tist has 13 years of experience in the study of behavioral therapy.

As the pre-treatment interview of the patient's drug and alcohol problems are assessed to see if they would benefit from "Right Step."

In addition to Gaddis, other counselors are psychiatrists, and two psychologists serve as counselors in their own areas.

Questions & Answers

Rev. Reginald Woods

My Daughter Wants To Date Questions: Dear Pastor Woods, my (fifteen) year old daughter wants to date. I've talked to her about dating. She, however, said that all her friends are dating and she feels left out. Have things changed so drastically that I am out of touch with reality?

Anonymous, Fullerton, CA

Answer: Things are rapidly changing in our society. Morals and expectations have also changed. But God's Word has not changed! The issue of "dating" cannot be found in the Bible. Why? Because in bible days, people prepared themselves for "life long commitment." Once they found their life long companion, they got married. I believe that "dating" is dangerous. Most people who are dating don't vision what their life will be in a long life companionship. They don't vision when true love has been won.

Many people experience deep wounds as a result of "dating." In a young person's life, they can commit their lives and future in- sing and energetic youths recognized by New Joy.

Trinity Baptist Church: Pastor Joseph Guent had the pleasure of stepping by this church Saturday and three young ladies had just completed a very successful Swap Meet. Mrs. Ruby Edwards, Mrs. Karen Hazelip, and Mrs. Pat Hicks. This was a free "Swap Meet," punch and cookies were served. It is this type of activity that will make Moreno Valley a "Model For America." I was approached several times back east about the city of Moreno Valley, they were especially astonished and impressed by the progress of our school districts. In Washington D.C., Virginia, Tenn. and Ohio. There will be another free swap meet November 10th. Stop by and meet some wonderful people.

Child Abuse, The Evil Of Our Times: This will continue if we don't design a values program that declares "We love and respect our children and we will not practice nor condone "child abuse," physically or emotionally. As a member of the Moreno Valley School Board of Education, I will always speak out against child abuse and will promote programs that will eliminate "child abuse" in fact, ethically, human abuse." It would be wonderful if our children and young people only had "Tears of Joy," and older people, "Tears of Pride."

"We've got a lot to do. Last week I had the unpleasant experience of seeing a man slap a child who was trying to eat in a local restaurant. This child was about two or three year old and her brother and mother sat on the other side of the table. I could not stand to watch the animal strike the child about the face and her little blonde head, so we moved and went and informed the manager of this action. I would like to have more involved if I had seen this longer.

When this little girl attended one of our schools, she will be shy or very aggressive and when she discovers a smaller child that she can push around and have her way, she is going to do it. School teachers will be held responsible. Those who are in charge of a parent will be talking about how bad the school system is. With no corrective counseling or values program, this girl will perhaps, become an abusive parent, and the cycle will go on. All because a 200 lb man wanted to show somebody that he was in charge of someone.

We can start programs now in our schools that will provide an instructional setting that deals with human dignity, and with values that declare that "We must care for each other."

"We must love ourselves and our fellowmen."

As we master the spirit of caring and sharing for each other, our children will become more aware of the values and benefits derived from loving themselves, and become caring and sharing adults who will appreciate love as a gift from God. As our school board members, we will promote programs that will help develop educational values designed to break up this cycle of child abuse.

Magic Johnson's Mid Summer Night Magic

Magic Johnson, all star center of the Los Angeles Lakers, was at the Great Western Forum, Sunday, Aug. 6. The proceeds of the game went to the Negro College Fund. The 141 Historically Black colleges around the country should be pleased on the effort put forth by Magic Johnson and his all-star game.

The game started at 7:30 p.m. and the stands were full with fans from all over all colors. At halftime for the game to begin, many fans had the chance to meet their favorite Laker stars.

Both teams were well coached. The red team was coached by Los Napolitano Hall. The white team was led by popular comedian and actor on the sitcom "A Different World," Cedric. It was a very exciting game between the two teams. At the end of the game, the white team won the top with a 165-162 win over the red team.

After the game was over, the showdown began. Magic raised the crowd to their feet. Jerome Kersey flew into the air after a free throw. Hasheem Thabeet had to compete against some of the best in the NBA. Rob Chapman was one of the evening's favorites, Michael Jordan.

I'm sure that next year's game will be just as exciting as the last 5 years. This sold-out, star-studded event was widely appreciated by the audiences.

Coach Bob Johnson and Los Napolitano Hall talk over their strategies.

New Hope Honors Older Church Members

Mother Christine Jones
Mother Christine Jones joined the New Hope Missionary Baptist Church in the spring of 1921, when the church was located at 7th and Harris Streets. As she recalls, the church did not have a pastor at the time she joined, but not long thereafter, Rev. W. G. Green became the pastor. She believes that at this time Deacon John Lee was the Sunday School Superintendent and Teacher.

Mother Jones was the first chairperson of U.U. Andrews Circle when it was organized.

Mother Jones sang in the Senior Choir and the Mission Chorus.

She is presently Chaplain of the Ellis Johnson Circle of the Missionary Society and a member of the Mother's Board.

Deacon Emeritus John Lee
The year was 1952 and the United States of America was fresh out of a war to end all wars, and six years away from the Great Depression. The New Hope Missionary Baptist Church was about to celebrate its 15th year as the city's first Black Baptist church, when a young man who had been stationed with the railroad finally decided to join. He had already been occasional ly financially supporting and attending. Thus, began the great relationship between Deacon John Lee and New Hope.

A former Chairman of the Deacon Board and Trustee Board, Deacon Lee has also served as Church Clerk, Financial Secretary, Treasurer, President of the Senior Choir, Usher President, Layman President and several other key positions, including having been a member and Chairman of pulpit committees that coordinated the calling of preachers. He long served as a Sunday School teacher, and layman instructor and currently a Deacon Emeritus.

A lifetime NAACP member, Deacon Lee is the oldest living former President of the San Bernardino chapter, and also served several terms as the elected Rural of his Masonic Lodge. A knowledgeable historian on both the church and the city of San Bernadino, John Lee will be 92 years as of August 17, 1990.

Estella Satchell
Estella Satchell was the first daughter of Jesse and Mary Marth Smith.

She was born in Hearne, Texas where she was baptized at St. Emanuel Baptist Church.

She married Henry Thomas and moved to Houston, Texas where she had one daughter, Willie Beatrice. Her husband transferred to Dallas, Texas where her daughter was about six years old and there she joined the Good Street Baptist Church. She sang in the choir for many years.

In early 1960, she moved to San Bernardino after the death of her second husband, Dr. William Satchell, a retired minister.

She immediately joined at New Hope Missionary Baptist Church under the leadership of Rev. David Campbell and became very active in the Queen Esther Missionary Circle and was a teacher of the Starlight Band.

She was a member of the Senior Choir, Mission Chorus and Church Women United.

After a time, she passed away April 14, 1990 at the age of 91.

She is now in poor health financially supporting and her church obligations.

Mother Dora Brown
Mother Dora Brown was born in Grand Rapids, Michigan. She was a member of the Baptist Church where she was the organist of a group called "The United Slaves" which consisted of six church members.

Before her health failed, she was a very active member and one of the Senior Choir and the Mission Chorus. She is a member of the Queen Esther Circle.

Mother Eunice Mae Nichols Morrell
Mrs. Eunice Mae Morrell was born on August 11, 1892 in California in 1934 and joined New Hope the same year.

During the time she enjoyed good health, she was active in the Baptist Training Union and the Missionary Society.

EXISTS in Canada. Where medical industry and government to develop in the U.S. even though everyone needed. Such a system is already in more. That is not fair to respond. Lives employees should be required to have double in a little more than 20 years. 37 million Americans profiting is spent on employees needed care. If we consider these facts:
