Crime Wave Hits Student Union

A recent crime wave, now into its third month, has afflicted the Student Union. According to John Doe, Director of Student Activities, a number of personal and student-union-related items have been taken, along with proceeds of A.S. activities totaling $56.00, are missing as of late last quarter, when an unknown vandal during a concert last quarter. A door mat was also removed from the front desk, which was stolen during the ice-concert last quarter. A door mat was also removed from the premises, as were a number of promotional posters for upcoming movies at CSCSB. In a related incident, a poster for "The Rose" was taken from its easel, which was then damaged by an unknown vandal during last week's disco while eyewitnesses looked on.

According to the rock group Amethyst, who played here in November, a brand new amplifier was noticed missing immediately after their performance. Its whereabouts are still unknown. "It has been difficult to pinpoint a suspect, although many of those familiar with the situation feel that a campus resident is responsible for the thefts," Bennecke claimed. "Someone in need of decorative materials" has had a hand in the thefts, and urged more vigilant supervision of the Union during peak hours, or else seek it from foreign markets at an inflated price, he continued.

It is rumored that much of the copy in this paper has been journalistically altered to give it the appearance of a genuine news article, whereas it is in reality, sensible filler. This charge was refuted by PawPrint Editor-in-Chief Karen Newcombe. However, reliable sources indicate that the paper was suffering from a lack of material just prior to press-time, and that drastic measures were taken to curb the number of unfilled spaces. It is believed that members of the PawPrint staff were making up news when no real news was to be found. "I wouldn't put it past them," stated one source close to the PawPrint, who asked not to be identified.

NEWS SHORTAGE CAUSES FUROR

The PawPrint is currently in the midst of a severe shortage of news. Preliminary reports show the availability of general news stories to be down 70% from a year ago. The result of a presently undetermined action or agent. Experts predict that the current downswing will have far-reaching and potentially dangerous effects.

"We foresee this shortage as leading to a general increase in low-interest, artificial articles, much like this one," said Sue Doe, Chairperson of an advisory committee appointed to study the problem. The general public is just going to have to toughen up on the amount of news they are currently reading, or else seek it from foreign markets at an inflated price," she continued.

It has been difficult to pinpoint the cause of this shortage, and the PawPrint does not feel that a campus resident is responsible for the thefts. Paul Woodruff, A.S. Activities Director, suspects that "someone in need of decorative materials" has had a hand in the thefts, and urged more vigilant supervision of the Union during peak hours. Gopher Problem On Campus

As a direct result of November's devastating Panorama Fire, countless displaced gophers and rabbits, which hid in their burrows throughout the holocaust, have surfaced on campus recently, seeking food. John Doe, CSCSB Director of Animal Activities, says his department is currently working on the problem, but urged students to beware of the animals, all of which are said to be wild, hungry and mean.

Areas which should be avoided, due to the large number of gopher sightings, are the grassy area just west of the PE Building, the quad in Serrano Village and the second floor of the library. More on this story as it develops.

PAWPRINT FACES BUDGET PROBLEMS

A severe lack of money is currently hampering PawPrint efforts to produce a newspaper at tolerable proportions, resulting in little or no news, as there are no funds with which to pay reporters. This in turn has resulted in a number of desperate attempts by PawPrint staff members to generate revenue through unconventional means, including solicitation and occasional begging. Efforts have been, to this point in time, entirely unsuccessful.

Bomb Explodes in Joshua

A 0.0000003 megaton incendiary device exploded in the Joshua dormitory Tuesday, January 6 at approximately 9 a.m. Campus police are looking for a suspect, assumed to be a dorm resident with a package of 11 unpopped firecrackers.
WELL, you won't believe this, but our typesetter went on the blink! No more typesetting tonight. I just don't believe this. On top of all this that went wrong this week, I had to happen or was bad enough to daign myself in buying the new Bangkok Flu. Then having to tell all my applicants that I found out we have no money to pay them. Then pulling off "Jobs available at the Pawprint," I decided to inquire about them. Having two years experience as a yearbook editor, I felt I was fully qualified for the job. The Pawprint editor looked over my application and she too agreed that I was qualified. The only problem was that she had just been informed that there were no funds available for employers. If the school expects a good quality paper they should expect to pay for an experienced qualified staff. Until they do, I don't expect the best from the Pawprint.

Julie Agnew

Dear Julie,
Thank you for your letter. True, there are no funds for staff wages yet. We are currently working on ways to correct this situation. Soon, I hope. Meanwhile, we will do our best here and we will work it all out. If the paper is finished to the best of our capabilities keep in touch and when we have the funds I will give you a call.

Dear Editor,
What a hell do you mean there's no money for wages?!!

LETTERS TO THE EDITOR

Dear Editor,
I must commend you on the fine job you are doing. I recognize the difficulties one encounters when trying to produce a newspaper, but you seem to have overcome most of them admirably, I might add.

I think I speak for everyone here when I say that we are proud to have a fine paper such as this to read. Keep up the good work.

Dear Ms. Newcombe:
I'd like to publicly thank the Pawprint, the staff of the Student Union and the following volunteers for helping to make the A.S. sponsored Book Co-op a tremendous success. They are: Joan Chacon, Julie Hoffman, Russ Castle, Jim Fuentes and Jim Monroe.

Student response was very encouraging—I am looking forward to future Book Coops. Thank you.

A Nurse Story
With A Happy Ending.

ot too long ago in California lived a new RN graduate named GLORIA who was a tad confused about her future. Now of course, she loved people (why else would she have studied so hard?), but who was going to take care of her? Happily, GLORIA heard that new graduates must work long, crazy hours, make short, stubby salaries and never have enough help. Grey skies for GLORIA. What could make them blue?

ay of light! Kaiser Permanente of San Francisco could! GLORIA signed up for our 6-week ICU/CCU training program beginning February 17th* and found out that she didn't need critical care experience to qualify. We simply required that she had passed or applied to take State Boards. Subsequently, GLORIA also found out that she would be supervised throughout training by a Preceptor Staff Nurse. And, after completion, she would have her choice of working 32 or 40 hour/week nights) in our ICU/CCU. And, not-to-mention an extraordinary starting salary and benefits program.

id of story? Not at all! Yours can have a happy ending, too! If you're an RN graduate like GLORIA, contact The Nurse Recruiter at 2266 Geary Blvd., San Francisco, CA 94115 or call him COLLECT at (415) 929-4134. His name is George Egolf.

* Application deadline is February 1st.

STEPSTO AVOID DELAYS IN VA EDUCATION PAYMENTS

To help students avoid delays in their Veterans Administration education payments, VA Regional Office Director H.H. Villalobos has some pointers for them.

Some 600,000 VA checks worth more then $200 million are mailed each month to veteran-students and to eligible dependents, and the agency wants to do everything possible to avoid delays.

For the students' part, Mr. Villalobos suggests:

*When you believe the initial payment for the school term has been delayed, first check with the school to find out the date the enrollment certificate was sent to VA. At least four weeks should be allowed from that date before an education check can be expected.

*If an advance payment check is expected, make sure the required written request was signed. The specific request for the advance money should have been submitted to VA at least a month before the beginning of the semester.

*Students who have gotten education benefits in the past should consider whether an overpayment is outstanding. If an overpayment exists, current benefits are withheld until the overpayment is recovered by the VA.

For further information on possible education payment delays, contact Ray Sayre, 887-7396, Cal State.

Band Directors Clinic

California State College, San Bernardino will host a day-long band directors clinic January 18 with nationally known conductor Dr. Frederick Fennell as guest clinician.

Dr. Fennell has taught at the Eastman School of Music and the University of Miami School of Music. He has conducted the Eastman Wind Ensemble in 25 albums of classical music. He was also conductor for a series of releases by the Eastman-Rochester Pops Orchestra, the London Pops Orchestra and the Fennell Symphonic Winds. About 50-60 band and orchestra directors from area junior and senior high schools, as well as colleges, are expected to attend the clinic. They will hear lectures, practice techniques and see demonstrations of methods to use in their own classes.

Fennell received his music training at the Interlochen National Music Camp in Interlochen, Michigan: the Eastman School of Music, where he received his bachelor's and master's degrees; and at the Mozarteum in Salzburg, Austria. In addition, he was a private pupil of Serge Koussevitzky at the Berkshire Music Center in Tanglewood, N.J. He was appointed Koussevitzky's assistant in orchestral conducting in 1948.

Fennell holds an Honorary Doctor of Music degree from Oklahoma City University. He has been guest conductor of numerous orchestras throughout the United States, and was cited in 1948 by the National Association for Conductors and Composers for outstanding services on behalf of American Music.

In 1965 and 1966, he conducted the School Orchestra of America on its European tours; he was recipient of the 25th anniversary Columbia University Ditson Conductors Award in 1969 and was conductor with Howard Hanson of the Eastman School of Music's Eastman Philharmonic three-month tour of Western Europe, the Midwest and Russia sponsored by the U.S. State Department.
