Brown introduces Bill to End Jurupa Mail Delays

Prorated by Postal Service inaction, Rep. George E. Brown, Jr. introduced legislation today for a more timely mail delivery to the community known as Jurupa in western Riverside County. Brown's bill would require the Postal Service to process all of Jurupa's mail at a single Capital Management Center, located in San Bernardino.

I have tried for a year and half to work with the Postal Service to solve our mail delivery problems in Jurupa," says Brown. "My requests have been ignored, and my letters are met with cold, haughty replies. Frankly, I'm tired of seeking for their cooperation. If they won't work with us then we'll just have to force them to solve Jurupa's problem."

"The Proposals that Jurups have to put up with receiving late correspondence from their bank or their creditors, " says Brown. "This has to stop."

"As a strong supporter of state's rights, I highly approve of that," says Ayala."

Tony Brown's bill will be heard on the House floor in early December.

Brown Advances Anti-Drug Ballot Initiative

San Bernardino - Senator Robert R. Ayala today announced his endorsement of the anti-drug initiative Proposition 129 on the November ballot that would seek to combat the upswing of drug fissions in the region. "cancer" campaigns.

"This measure would provide

An Investment In Your Freedom Is Risk Free

Many readers of this column have responded in the affirmative to the idea that the drug problem can be solved if we take a long-term view, if we allocate the necessary capital fund to jump start an economic infrastructure, which could lead to solutions to our social problems.

Specifically, I urge the leaders of the private sector to lead investors in which future meetings can be held and wealth can be created.

A Black man from Park Forest, Illinois (near Chicago), wound in a tragic gun battle, brought this proposal. William Simpson warned me that this idea was "unfeasible" and "a pipe dream."

"Two factors led me to believe this: First, large numbers of drug dealers, years of pool their convention monies to do such buying. Lighting is up a few dollars before before that happens. Suffice it to say, thousands of Blacks should not put their money into risky enterprises that do not stimulate the growth of those with no track record for economic success.

The Western states financed by the millions of "little people" fail, should we disassociate the millions, then cynical, and setting the ground work for anarchy for many, many years, so fail it, there is much more to successfully organizing enterprises that do have a chance of survival.

The country is financed by the millions of "little people" have their money in whatever enterprises can be lost. Furthermore, it is true that is hard self getting many Black will not listen to even sane Black leaders. and what the hell can I do anyway, the following community programs.

As the City of Rialto continues to grow, it is important that the City plan for park development. Parks are necessary not only to better the environment but also that they support the mental and physical well-being of ourselves. I applaud the City of Rialto for the development of a group picnic and barbeque facility in our city. It is the responsibility of us as a community to give back to our community what we are able to preserve some land visual to the eyes of our city but is also necessary not only to better the environment and mental and physical well-being of ourselves.

The new officers are: Sam V. Curtis, former Rialto City Councilman, President; Willie Ulbricht, Vice President; Sheila Crow, Secretary and Chief Esky, Treasurer.

Advantages should contact Cheryl Brown or Carl Damron in Rialto at (520) 361-1045.

Drug Free Workplace

September 15, 1986, executive order number 12564, signed by then President Ronald Reagan, established standards and procedures to ensure fairness in achieving a drug free Federal workplace and to protect the privacy rights of Federal employees.

May 11, 1986, the Federal registry carries the following guidelines for a Federal workplace drug testing program. The drugs for which individual’s urine will be tested are marijuana, cocaine, amphetamines, and phencyclidine (PCP). Of the many programs to date, this is one of the more successful programs.

The meeting is expected to continue in a drug free society. It is anticipated that Federal government programs will serve as models and eventually cover the private sector.

Graduates and supporters from Southern California University of Arkansas at Pine Bluff (formerly Arkansas A.M. & N) met in Riverside for their annual Sip 'n Dip.

The University of Arkansas at Pine Bluff is a land-grant institution. It was created in 1873 by an act of the legislature as a branch of Arkansas Industrial University (now the University of Arkansas).

Originally known as Branch Normal College, the school opened on September 27, 1876 with Professor J.C. Corbin in charge and an enrollment of seven students—three from Jefferson County and four from Drew County.

The first location was a tented site in Arkansas Industrial University (now the University of Arkansas). A-4 Black Voice News Thursday, September 27, 1990

1890 Land grant institution. It was a junior college. Board contributed $183,000 and the Rosenwald Fund donated $33,000. In 1929 another building program provided two more dormitories and a gymnasium, and in 1938 another building program provided a library.

Today, students can choose a degree plan from more than 149 academic programs in seven schools: Agriculture, Business and Management, Arts and Sciences, and Education. Additionally, an Associate of Arts degree is in Corrections and Law Enforcement, and academic programs in pre-law, pre-medicine, and pre-engineering. Graduate level courses are offered in education.

Local Professor Chosen As Faculty Fellow
Claremont, CA - What economic factors determine how different groups of people vote? This was the subject of a study conducted this summer at Purdue University by Pomona College political scientist Lorn S. Foster.

In the study, Foster looked at student voting behavior, using policy preferences and whether they were determined by personal economic factors, national economics, or allegiances to a particular group. Foster's study was made possible by Purdue's Minority Faculty Fellows Program, which brings minority educators from around the country to Purdue for the summer to teach or conduct research in their area of expertise. Foster was one of 10 minority educators awarded fellowships this year. More than 150 scholars are applying for the program.

The program helps to promote cultural diversity, says program director Clara Bell, noting that participants must be African-American, Hispanic or American Indian.

Foster is an associate professor of government and black studies at Pomona College. He holds a bachelor's degree from California State University, Los Angeles, and master's and doctoral degrees from the University of Illinois. Foster, who joined the Pomona faculty in 1978, is chair of the Interdepartmental College of Black Studies for the Claremont Colleges, a consortium of five undergraduate colleges and one graduate school.

Local artists will also have an exhibit at the Paul Villansenor Branch Library of the Los Angeles Public Library on September 29, from 7 to 9 p.m. The exhibit will be on display through October 19.

The library is located at 1505 West Highland Ave. in San Bernardino. The library is open Monday through Friday, 9 a.m. to 6 p.m., and Saturday 9 a.m. to 5 p.m.

**Answer:**

The Bible does not say that a Pastor is the only one qualified to lead someone to the Lord. The early Christians believed all were given the responsibility to go out into the world “to teach all nations (people)” about Christ (Matthew 28:19, 20). Very simply said, I would encourage anyone to study the scriptures, to pray, and to seek guidance from the church. All ministries of the furtherance of the gospel are satanically inspired. Speak with your nephew and his fiancé alone, away from outside influences. If they truly want Christ in their lives they will listen. Jesus declared, “Blessed are the poor in spirit, for theirs is the kingdom of heaven” (Matthew 5:2).
203K Loans Designed For Fixer-Uppers

With a growing number of rehabilitation and improvement loans on the market, many homebuyers are turning to home rehabilitation, rather than new construction. Home rehabilitation will save you money in the long run by 1) not paying for taxes, 2) not paying for insurance, 3) avoiding architectural fees, and 4) permitting you to make your own decisions on the size, design, and materials used in your rehabilitation project.

Dear Mr. Ledbetter:

Thank you for accompanying the Moreno Valley High School ROTC students on the trip to Baltimore and Washington. Having you as the representative from the Board of Education was special for our students and very much appreciated. The students, ROTC instructors, parents and myself all enjoyed your enthusiasm and eagerness to assist with the sound system during the mile and one-half walk through the streets of Baltimore at the Veterans of Foreign Wars parade.

We must protect our children, and they "all" are our children: At the Gateway Park in Moreno Valley, Friday September 21st, one of our girl students, aged thirteen was approached by a man as she was on her way home from school. This young lady is a student at Vista Heights and has been cautioned about suspicious people attempting to stop her. According to my investigation this man was near the park and appeared to be about 40 years old. He asked her if she would like to "shoot some candy." He asked her three times. She asked if he meant cocaine, and he replied yes. She told him no and told her mother who in turn called me and told me what happened. This guy called her a "health girl" as she walked hurriedly away from the area. She said he wore a cowboy hat, blue or green shirt, and black jeans. He had on dark glasses and his hair was long.

This park is located in an area where our students pass each day on their way to Vista Heights and Canyon Springs. We must work together and protect our children and drive these drug dealers out of Moreno Valley.

One Person: One person can make a difference; one person can destroy the heart and mind of a child or many children. One person can open the hearts and minds of children, can instill a feeling of true worth and human dignity that will enable a child to surmount the tragedies of poverty, of prejudice, of futility.

We need to go no further than the nearest classroom to find a child already beaten by life, a child who already thinks he is nobody. Just one person can at least help him or her feel he/she is somebody. That person is you. Let us work together and develop a better world for our children. I will do all I can in the classroom and on the school board. Will you help at home and in the community? Together, we can. Vote November 6th. I am a candidate in Moreno Valley.

Letter To The Editor

Dear Mr. Ledbetter,

Thank you for accompanying the Moreno Valley High School ROTC students on the trip to Baltimore and Washington. Having you as the representative from the Board of Education was special for our students and very much appreciated. The students, ROTC instructors, parents and myself all enjoyed your enthusiasm and eagerness to assist with the sound system during the mile and one-half walk through the streets of Baltimore at the Veterans of Foreign Wars parade.

I hope you had as much fun as we did. We had a hard time keeping up with you. Thank you for your support of Moreno Valley High School.

A Night Of Comedy To Salute Robin Harris

Spin doctors, joke wranglers and the greats of comedy—including Robin Harris—will converge on the Baldwin Hill Theater this weekend for a two-night stand-up comedy special in honor of Harris, who died in a car crash earlier this year. The benefit will raise money for the Robin Harris Scholarship Fund. The comedy, which includes Harris himself, will be hosted by Robin's friend and stand-up veteran, Dick Gregory. The show is being organized by Harris' management company, L.A. Hitmen Management, and local producer, John Groda. Admission is $40; for reservations call (213) 874-9225. All proceeds will benefit the Robin Harris Scholarship Fund.

BET And Tim Reid Launch New Production Company

Black Entertainment Television (BET), president Robert L. Johnson and actor/producer Tim Reid announced the launching of a new production company, named Michele Clark Entertainment, to develop and produce movies, mini-series and specials, and documentaries depicting the diversity of black lifestyles in fact and fiction for basic and pay cable networks, network television and syndication.
