Nine Vie For A.S. Offices

Nine students have been certified as candidates in the upcoming A.S. Elections on April 22 and 23.

Candidates for A.S. President are A.S. Vice-President James Lyne and Publications Board Chair Pauline Barbour. The lone candidate for A.S. Vice-President is A.S. Board of Directors member David Nemecek. Seeking the office of A.S. Treasurer are former Vice-President Sandy Case, PawPrint Business Manager Greg Byrum, and Anti-Tuition Coordinator Marianna Westerly.

Three candidates have been certified for three separate seats on the A.S. Board of Directors. They are Shari Mills from the School of Administration, Elise Traynum for the School of Social and Behavioral Sciences, and Mary Ann Millard for special, dual, and Interdisciplinary Majors.

No candidates have been certified for seats on the Board of Directors to represent the School of Humanities, the School of Education, the School of Natural Sciences, and Undecided Majors. Elections Chair Cheryl Chambers announced on April 13 that nominating petitions for these offices, and these offices only, would be accepted through 12 noon on Thursday, April 16. Petitions are available and must be turned in at the Student Union Reception Desk.

The polls will be open from 8:00 a.m. to 8:30 p.m. on Wednesday, April 22 and Thursday, April 23. They will be located at either the crossroads between Creative Arts and the Library, or at the south entrance of the Library in inclement weather.

El Salvador Seminar
Set For April 22

A seminar on the current situation in El Salvador, where over 10,000 people were killed last year by government military forces, will be held Wednesday, April 22 in the Student Union Multi-Purpose Room (SUMP) at 12 noon. Organized by faculty members Thomas Meisenheimer (Sociology), Jeanne Schuler (Philosophy), and Christopher Niggel (Economics), and presented in association with the U.S. Committee in Solidarity with the People of El Salvador (CISPES), the presentation will feature a film, "El Salvador: Another Vietnam?" and a discussion with a CISPES representative. The organizers hope to familiarize CSCSB students, faculty, and staff with the motives behind the ongoing conflict between the current military regime and the leftist rebel forces, and to increase student awareness of the United States' present, and perhaps future role in the war-torn Central American nation.

At press time, a demonstration protesting U.S. support of the military junta in El Salvador has been scheduled for Saturday, April 18, at 11:00 a.m. in front of the Salvadoran consulate in Los Angeles at the corner of 8th and Columbus. The demonstration will be followed by a march to MacArthur Park at 1:30. Ed Asner is the Master of Ceremonies for the event.

Bookstore Check
Cashing Privileges
Threatened

According to Associated Students Vice President James D. Lyne, the "cash back" check cashing policy now in effect at the campus bookstore may be "bounced." A.S. is now imposing sanctions on offenders, including restriction from participation in any A.S.-funded activities, publishing the names of such people in the PawPrint, and filing criminal charges with the police. The possibility of withholding school records is currently being looked into.

LETTERS TO THE EDITOR

Dear Editor,

I am writing to object to a column and to clarify a possible misunderstanding in your April 8th issue of the PawPrint. You advertised a Christian Lecturer on the top of page 3 and stated that she was sponsored by various Christian Clubs on campus.

The Newman Club is a Christian Club on campus but is not sponsoring or endorsing Decision '81. It is important in matters of religion to cite the exact names of clubs involved since, while there does exist a common interest, there are also many theological differences. I sincerely hope you clarify this misunderstanding in your next issue. Thank you.

Maura O'Neill, director Newman Club

Correction

Pci Chi Aligns With National Standards. Please note that the article that appeared on April 8th, 1981, had an important error in it: it should read for undergraduate students a 3.0 GPA in overall is required, not a 3.50PA as was printed. Sorry for my error!

A.S. Elections...

President

James D. Lynne is a 26 year old junior majoring in English and Philosophy. He is currently serving as A.S. Vice President. Last year he served on the Board of Directors and spent several months as Executive Editor for The PawPrint. He is also a member of the Philosophy Club and Sigma Delta Rho. Lynne says he is running for President "to insure a continuation of student advocacy in A.S. government."

Pauline A. Barbour is running for President because she "cares about the students of this campus," She is currently serving as Chair of the Publications Board, and also manager of the A.S. Book Co-op. An Air Force veteran, she has been active in the Veteran's Club of 26 year old junior majoring in Accounting, She has been on the Dean's List several times. Barbour is married to a sheriff and has two children.

Vice President

David Menees has been an active member of the Board of Directors during his first year and, at the same time he is a student at San Bernardino Valley College, where he serves as the student member of the Board of Trustees of the San Bernardino Community College.

An Elections Bulletin with statements from all the candidates will be distributed on campus next week by the A.S. Elections Committee.

BOARDS OF DIRECTORS

Mary Ann Millard, a 43 year old junior majoring in Sociology, and Social Sciences is seeking the seat representing Special Dual and Interdisciplinary majors. She has been involved with the P.T.A., the Girl Scout, as well as political and charitable organization. She is running for office as another way of getting involved in the life around her.

Twenty-two year old Sharon Mills is seeking to represent the School of Administration. She is a senior majoring in Business Administration. She has spent this year serving in the Publicity Committee Chair and as a Special Assistant to the President where one of her duties is being co-chair of the Anti-Tuition Coalition. Last year she was recognized for her many contributions as a member of the Serrano Village Council. She feels her experience in A.S. will help her effectively represent the students.

Else Traynurn wishes to represent her involvement in A.S. representing students in the School of Social and Behavioral Sciences where she is a junior majoring in Political Science. The 31 year old has been involved outside of campus in the P.T.A. and the Ontario chapter of the Young Women's.
CSSA Newsletter
April 1981

Tuition - At its Statewide Meeting in March, the California State Student Association committed itself to an all out effort to stop the implementation of tuition. Legislative hearings on the Legislative bill proposed that tuition have been scheduled for late April or early May. The final decision on tuition will occur between June and July 1, 1981.

CSSA is urging campuses to make the prevention of tuition their number one issue. Anti-tuition postcards, buttons and posters can be ordered from the CSSA Sacramento office. We must act quickly if we are to be successful with our campaign.

CSSA leadership and legislative staff are available for campus visits concerning the tuition threat. Please contact Nancy McFadden or Steven Glazer.

President Tuition - A proposal to increase nonresident tuition next year has passed the Board of Trustees and the budget committee in both the Assembly and Senate. There is little chance to stop this increase for next year.

Student Service Fee Increase - This fee increase has also passed the Board of Trustees and the Finance subcommittees of both legislative houses. The only bit of good news that can be taken to this increase and the nonresident tuition increase is in helping to defuse the momentum for graduate tuition.

Bringing Legislation - Assembly Bill 1265 by Assemblyman Cramer which is sponsored by the CSSA has been introduced into the Legislature. This bill would increase the maximum penalties for forgery from $500 to $5000 and from six months in the county jail to one year. It also requires public colleges to publish in the campus dialogue rules and regulations against hazing and to require internal organizations to place these rules and regulations in their blue books and to have them posted in their facilities.

The Scholastic All-American Selection Committee is now accepting applications for the 1981 Spring Semester. Students who are active in scholastic organizations and who perform well in class are asked to join. The Scholastic All-American is an honor society founded to recognize this country's top undergraduate and graduate students. Students are selected from over 1,280 schools covering all 50 states. Members participate in various nationally organized service projects each year.

Students are selected for consideration based on the extent of their academic and scholastic performance both in and out of the classroom. No one factor is weighed heaviest when a new member is considered. A student's best asset must be his or hers "well roundedness."

Interested students are asked to send a stamped, self-addressed envelope to "Application," Scholastic All-American, Administrative Offices, P.O. Box 237, Clinton, New York, 13323.

All students are encouraged to submit an application regardless of their grade point average.

Financial Aid Travesty

The California State Student Services Association is concerned about the 50,000 California State University and College students who receive federal financial aid to be victims of the current budget cutting operations of President Reagan's Administration. The Administration is proposing significant cuts and policy changes in student assistance programs. "To a large extent, it appears that students are falling aside of the Reagan "safety net,"" stated Donna Brownstone, CSSA Legislative Advocate.

The Pell Grant Program is a particularly critical concern. The Administration's efforts to reduce spending. The Department of Education has pulled back, current regulations are not essential components of eligibility formula in processing the Pell Grants. This decision has brought the spending of the grants to halt. Brownstone believes that this decision is simply outrageous.

Students who normally start receiving their eligibility notifications in February will not receive them until June at the earliest. "This places students and financial aid officers in a terrible position in terms of planning."

Most students applying for Pell Grants will, as a result, not have adequate information regarding the financial aid status which will adversely impact their ability to make a decision about attending college. In 1979-80, the CSUC system with its 19 campuses had 46,297 students on Pell Grants. The total amount of dollars awarded to CSUC students was $185,327,500. We are talking about a significant number of potential and continuing students who are affected by this decision," stated Nancy McFadden, CSSA Chair.

National education organizations are recommending that the Department of Education use the 1980/81 regulations concerning the Parent Contribution Schedule and the comments on page 11.

School Violence Lecture

A lecture on school violence will be held tonight, April 15, at 8:00 p.m. in PS 10. The lecturer is Dr. Robert J. Rubel, Director of Research of the Institute of Criminal Justice Studies, Southwest Texas State University.

Rubel is a nationally known expert in the field of "School Violence." Previously he worked for the Office of Criminal Justice, Law Enforcement Assistance Administration.

He is the author and coauthor of the following books on school violence: The Unruly School: Disorder, Disruptions, and Crimes, 1977; Violence and Crime in the Schools, 1980. In addition he authored several reports for government agencies, and published many articles on this subject in professional journals.

Campus Sequoias Rare In Area

Sequoia redwoods are usually identified with Northern California, but the Cal State San Bernardino campus is in the enviable position of having its own miniature redwood forest. This is an experiment which started in 1970 in the area north of the Library. The planting was an experiment since redwoods prefer humid conditions, with greater rainfall and acid soil. As they usually are not seen on the windward side of the ocean, the Cal State stand is rare, explained Kato, from Kato and Jordan in Pasadena, the master plan landscape architect for the college.

Sequoia redwoods are usually identified with Northern California, but the Cal State San Bernardino campus is in the enviable position of having its own miniature redwood forest. Twenty-five Sequoiadendron giganteum redwoods were planted in 1970 in the area north of the Library. The planting was an experiment since redwoods prefer humid conditions, with greater rainfall and acid soil. As they usually are not seen on the windward side of the ocean, the Cal State stand is rare, explained Kato, from Kato and Jordan in Pasadena, the master plan landscape architect for the college.

Because of the heat, cold and particularly the wind conditions on campus, the plant palette for the campus site is limited, explained Kato. The combination of trees which can be expected to survive on campus drops to about 20 varieties, as compared to some 100 which could be planted elsewhere in the city, he said.

What is a Festival Weekend of German Arts and Life?

The American Association of Teachers of German, Southern California, sponsored a Festival weekend for college and university students of German at Camp Round Meadow, Barton Flats, California, March 27 through March 29.

Among the 85 students who came from UC Irvine, UCLA, Fullerton, and Saddleback, CSCSB was strongly represented with following students: Debbie Billings, Coralinda Clerc, Daniel Curtin, Jean Hall, Penny Hillin, Farah Mansurian, Shari Miller, David Nelson, Jeanne Parks, Linda Robinson, Marie Schulte, Russel Spencer, and Richard stelle. The instructor for the group was Miranda Munson.

The objectives of this Festival were to develop increased student interest in the German language and culture (all festival participants were required to speak only German during the time at camp) to provide an opportunity for students to use German in meaningful communication situations during an extended period of time.

Activities included sports, various interest sessions, hiking on nature trails, a performance and a work shop by the Berlin actress band under the direction of Russel Spencer.

The CSCSB group put on a variety show titled "Highlights of German Music." The numbers, suggested by the instructor, were created by the students themselves. They included a rendition of Brahms' Lullaby, Heine's Loreley, Marlene Dietrich's Lili Marlene, an operetta skit, and a performance by the "Four Beatles" singing to the original soundtrack of the Beatles in German.

This was the first Festival Weekend of German arts and life. It was most successful, and, according to Miranda Munson, it will surely not be the last.

One Man's View of Women

-Humor

by Eric Frazier

Since the beginning of time, man has continued to let woman wiggle her way into respect, prestige and authority in the business world. This, of course, is temporary and undesigning of the brainless female. It is not the divine order of God for any woman to usurp authority over any man. It was not the intentions of the creator to have the opposite sex rule over the other. In the future, man will be ble to control woman's every spoken word, action and movement. Women will be set back to their primitive, yet basic, God-given duties of barefoot pregnancy, keeping house, giving Tupperware parties and fulfilling man's intimate desires.

In the future, man will be given a direct command by God to bring women back to their preplanned place on earth. They will be required to wear beige color smocks and congregate in one place to eat, shower and get V.D. shots once a month. This is to keep them happy and well rounded individuals socially. They will be required to wear bras in public and social gatherings. They will be shipped in large numbers by space shuttles to foreign countries and different places in the states to do menial chores and dirty work for which they were genetically and mentally created. Jerry Fallwell, leader of the Moral Majority, was quoted as saying, "women will never be able to hold a job in the future." It was thought that women would prefer to stay second class objects if they were given a choice. But some of the more masculine and even less brainless women encouraged the subserviant ones to rise up against God's preplanned destiny. This is why man must control women in the future. Man will keep them law abiding citizens by fining them $25.00 for every law they break and tattooing bright red X's on their foreheads each time they break the law. After ten X's they will be sent to prison and used to sexually dehumanized, tortured, institutionalized and made to wait on every man. They will no longer have the freedom they enjoy now.

And when women are brought back to their natural position, man will be able to relax and enjoy the finer points in life.

Decision '81

For the Newman Club's official position on Decision '81, see the letter on page two of this issue.

by Terry Seal

"Decision 81," sponsored by the Christian Clubs on campus, is a week of events that has been dedicated to the presentation of Jesus Christ and the Christian lifestyle. It is being advertised as a chance for everyone on campus, no matter what their religion, to learn more about the Christian life, and then apply what they have learned to their own lives, so they can make a decision as to whether or not the Christian lifestyle can honestly make a difference.

"From the beginning," says Mona Wilkin, who has been involved in the preparations for these events, "we saw that the purpose of Decision 81 was to enlighten these people on campus, to let them know about the difference that Jesus has made in my life, and give them an opportunity to make a change in theirs."

"We believe that we can make a difference in the world that we live in. We don't believe that the world should stay the way it is. There is a possibility for change.

Newman Club Packages Discussion Series

Raku Luncheon Scheduled for Open House

At the end of last quarter the Art Club under the guidance of President Sandy Christian and ceramics instructor Bill Warden, held an unusual luncheon termed a Raku Ceremony. For two dollars, one could buy a ceramic Raku bowl or cup, decorate it and have it fired in the traditional Raku style, then proceed to eat all you could of the food. The food was prepared by Ken Reid of the Art Department and his wife Charlotte.

The Raku Ceremony is an ancient Japanese religious ceremony which grew out of Zen Buddhism - the name Raku stemming from one of the early potters. Small, crude tea cups or "Happiness Cups" are formed and decorated, then fired during the course of a pleasant evening in a tea garden. Contemplation of beauty is the party's purpose, the result being greater understanding and identification with the oneness of all creation.

The bowls are placed in a hot kiln and fired for 20 minutes or more at temperatures ranging from 1600F-1750F. After firing the bowls are carried out of the kiln and placed in sawdust to further cool them. The glaze on the bowls will crack slightly and cause cracks in the glaze which smoke and blacken. They are then removed from the sawdust and placed in water to further cool and when they are finally cleaned, the resulting ceramic piece is an unusual finish with hairline cracks having the appearance of an antique.

The Raku Ceremony was attended by a great number of people. Volleyball was also played. The Art Club will be having another Raku Ceremony on May 19 from 4 to 7 and 2 to 5 on May 26. Open House celebration is being advertised along with an unusual Oriental food. The food will be prepared by the Art Department made from glass. Featured in the Art Department are demonstrations in glass and woodworking, and ceramics. Don't miss this one!

“Nosches de Atzlan” Coming April 29

Kicking off the 1981 Cinco de Mayo festivities, the highly-acclaimed musical, “Nosches de Atzlan,” will be presented on Wednesday, April 29, at 12:30 in the SUMP. This Mexican-American Heritage Pageant, under the direction of Eloisa Segovia, is staged by the San Bernardino Valley College MECHA.

The production, being brought on campus as part of the College Information Day for Community College Students, is being sponsored by the Inland Empire Chapter of RACHE (Raza Administradores y Educadores en Higher Education). Among the on-campus RACHE members planning the event are: Laura Gomez de Chamarro (coordinator), Eula Brown-Martinez, Enedina Chavez, Rosa de Anda and other staff from the E.O.P., S.A.I.L. and S.A.A. offices.

The musical production vividly depicts the rich and colorful history of the Southwest through the recollections passed on by the abuelos (grandparents) to their nietos (grandchildren). The play centers around such historical figures as Montezena and Father Miguel Hidalgo, who are among those that theatrically come to life as the play envolves via monologues, speakers, dancers and musicians.

Piano Recital Tonight

Althea Waite, CSCSB lecturer in music, will present a piano recital tonight, April 15, in the Recital Hall, featuring a mixture of classical and contemporary music. Selections from Mozart, Brahms and Chopin will constitute the classical pieces while five short pieces by Dr. Richard Saylor, professor of music at Cal State, will make up the contemporary part of the program.

The featured music will be Brahms’ Trio in B major, which will be the second half of the program. Performing with Waite on violin will be Carol Cheek, a violin instructor at the college, and Michele Tachia, cello, a CSCSB graduate in music who is pursuing her graduate degree in music at San Diego State University.

The other pieces chosen for the program are Mozart’s Fantasy in C major and Chopin’s Polonaise Fantasie, Opus 61. The recital is part of the Faculty Artist Series of the Music at Cal State program. The performance will start at 8:15 p.m. in the Creative Arts Building Recital Hall. Tickets are $2 for general admission. Students with identification and children are $1.

Woodworking Exhibit A Featured Attraction At Open House

by Terry Seal

The Cal state art gallery, under the direction of art teacher Leo Doyle, is currently featuring a woodworking exhibition, representing the work of nine top craftsmen from the southern California area, all of whom are teachers at the college level. The exhibition shows a wide range of woodworking craftsmanship, from the sweeping, futuristic chairs of Jack Rogers Hopkins to the clean, rounded design. Michael Chinn, John Nyquist, and Dick Cheek, a violin instructor at the college, and Michele Tachia, cello, a CSCSB graduate in music who is pursuing her graduate degree in music at San Diego State University.

Have you heard about all the CLASS acts in the Inland Empire? The fine cultural organization bringing you today's attraction is just one of the arts agencies supported in part by the Inland Empire Cultural Foundation — CLASS (a Cultural League Advocating Support of the Arts in Society).

The friends and neighbors who bring you local programming in art, music, drama, dance and opera encourage you to continue to support cultural activities in the Inland Empire. Your attendance here shows you care about the finer things in life — those disciplines which create and perpetuate that elusive commodity we call "beauty."

The Inland Empire Cultural Foundation is a "united fund for the Arts" which raises money to support non-profit cultural organizations. CLASS grants help assure you of quality programming that strives to reach the greatest audience possible.

The performers and artists who bring you live shows and special exhibits throughout the year hope you'll enjoy all the arts in all their exciting forms.

GOT THE GUTS?
We've got the goal.

You've got to be tough to play our game. But the goal is well worth it—a rewarding career in retail management that pays off in competitive salaries, excellent bonuses and excellent benefits.

Our game is the retail shoe business. We're pretty good at it and play to win. That's why Fayva is one of the nation's largest and most successful shoe retailers. And why we can offer ambitious men and women a real opportunity for a professional management career.

Fayva will be on campus

Adult College Opportunity

Program Offerings

During the Spring quarter of 1981 the Adult College Opportunity Program, directed by Dr. Loralee Mae Pike (English), is offering a series of seminars for adult students. The seminars are scheduled as follows:

April 15: Patterns of Adult Development: learn about mid-life passages.

April 22: Time management: How to get more out of your time and how to plan your activities so that you can say "no."

April 29: Stress Management: A definition of stress and its causes, plus some exercises to help you reduce stress.

May 6: Interest Testing: See me in advance for the Strong—Campbell interest test (by April 8); the test results.

May 21: Myers-Briggs Type Inventory: find out what your personality type is, and learn how type and interests/careers are related.

Learning Styles Inventory: a short test to help you discover what your learning style is, followed by a discussion of how to apply the test results to your classes and your choice of career.

May 27: Assertiveness: Learn how to let others know what you want without angering or alienating them.

Masters at Night

Applications are now being accepted for the evening program in the master of arts in psychology at Cal State, San Bernardino for the 1981-82 academic year.

Only 20 students are admitted to this M.A. program each year and no admissions are accepted after the start of the year's cycle. Prospective students should contact Dr. Robert Cramer, lecturer in psychology and coordinator of the evening M.A. program, at 887-7266 for admissions requirements.

Dr. Cramer said all courses required for the M.A. degree in psychology will meet after 4 p.m. in an effort to accommodate working students. The late-day classes are the result of growing demand from students who find it economically necessary to work during the day and attend classes at night.

Scholarship Research Available

The National Scholarship Research Service, a private organization designed to locate scholarships, fellowships, grants and loans for college students, offers its services to students who need financial aid in order to meet the cost of a college education. For $35.00 the service will cross reference each student's personal information with approximately 50,000 scholarship sources and provide a computer match-up listing of all the sources available to that individual. Write them at National Scholarship Research Service, P.O. Box 2506, Saf. Rafael, CA. 94912 for more information.

Reading Conference To Be Held

"Changing Dimensions in Reading" is the subject of the Ninth Annual Reading Conference to be held Saturday and Sunday, April 25 and 26, 1981 at Cal State.

This day-long event attracts participants from all over Southern California and features local area and out-of-state speakers. Nearly 400 are expected to attend.

The reading conference provides an up-date of a crucial area which is undergoing rapid change. It is designed to provide teachers of all content areas and grade levels, aides, parent specialists and administrators with relevant information.

Dr. Brenda U. Beal, Humboldt State University, will deliver the keynote speech, "The Three Ingredients."

The conference is sponsored by the Cal State School of Education, the Teacher Corps, the San Bernardino County Schools and the Office of Continuing Education.

The registration fee is $37 for one unit of credit. Non-credit is $25. The fee includes lunch, refreshments and materials. Registration begins at 8 a.m. in the Commons patio.

Registration is requested by April 17, and can be made by calling the Office of Continuing Education at 887-7227. After that date; those interested may call that office to see if there is still space available.

Registration:

- The National Scholarship Research Service, P.O. Box 2506, Saf. Rafael, CA. 94912 for more information.
