Dear Editor,

What are you doing? I really can't believe it. Is making is what you want to call freedom in the invasion of another's individual rights important?

In the meantime, Sgt. Koon and two other cops were indicted on charges of assault with a deadly weapon, facing more than seven years in prison.

From early accounts, the King case as a business as usual for some of the L. A. P.D. About 15 minutes after the beating one cop sent the message: "I haven't been seated anywhere this had a long time."

"Oh, not again... Why for you that to me... I thought you agreed to chill out for a while... What did you do...?" "I think he was shot... many broken bones later... After the pursuit..."

Koon was quoted as saying later: "You just had a big-time use of force. Stand and beat the suspect of C. H. P. (California Highway Patrol) pursuit big time."

"I'm sure the lidar didn't deserve it... ha ha... the suspect of C. H. P. (California Highway Patrol) pursuit big time."

"I've got a victim in that... ha ha... head injuries."

Koon said. Sometimes, the cop side for Blacks is "gorillas in the mist." This Kentford affair goes beyond racism and bigotry. It exemplifies a basic sense of human decency and respect for human beings. To do what this White man did... the plaster of uniformed nobodies did... to another soul is to defile their own.

This program’s co-ordinator is Mr. William R. Rouson who heads a very effective program throughout Riverside County. Citizens of Moreno Valley School Districts are able to become productive citizens due to the leadership of Superintendent Bob Lee.

Operationally, the programs included the development of a network of Career Learning Centers provided at school district sites throughout the county. The Career Learning activities include counseling, curriculum development, instructional processes that prepare students to meet the requirements of a general educational diploma and specific basic skill competencies.

The major emphasis is on meeting established occupational competencies and acquiring pre-employment work maturity skills. Bob Lee’s goal for our at-risk youth in Moreno Valley is to provide a program throughout the school system that will enable people regardless of ethnic background and the benefits of living in a free society an opportunity to become productive citizens.

It was under the leadership of Superintendent Bob Lee that our city’s minority leadership was able to work for the district while complying with the educational requirements in order to be fully qualified for his position. The bottom line is that it is under the leadership of Bob Lee not youth of all racial backgrounds, can look forward to a future that is full of faith, hope and opportunities. Our at-risk students are the number priority of this program and Superintendent Bob Lee.

WHISKEY CREEK ENHANCES CENSORSHIP

Dear Editor,

While entering the Whiskey Creek Saloon in Redlands to see the Jasper jazz band, I noticed 7 shirts for sale that said “No op to disc” on them. They also read “Classic rock” across the bottom, implying that this is apparently what they want us to impose upon us at the expense of disc and reg music. Instead of paying $4.00 to hear Jasper, I found to come in early next time to avoid paying the cover. I talked to George Wilkinson (the speaker) to see if he is aware of the enormity of the sale of these shirts endorsing the concept of two forms of entertainment. It is clear that these shirts are intended for sale to the rock band patrons of the club’s weekend rock nights.

Where does mainstream America get this conviction that rock is the “only legitimate music” and that preoccupy the solution to anything it doesn’t like? It is clear that this display of disrespect for another culture warrants a boycott of this establishment and non-use of the club for entertainment.
