## CSCSB ENROLLMENT CLIMBS TO 4,030

The College entered its

second decade this quarter with 4,030 students, a 15.5 percent increase over last year.

President John M. Pfau attributes the 541 additional students to the general growth of the College, more graduate and undergraduate degree programs and new credentials for teachers.

The enrollment figures translate into a full-time equivalent enrollment of 3,250, a 12.5 percent increase over the Fall Quarter of 1974.

With the start of the 1975-76 year the College added its 29th bachelor's degree program, a Bachelor of Vocational Education for teachers of vocational education in high schools and community colleges. Five new credential programs were added for teachers wishing to develop specialized skills. Master's degrees are also offered in five subjects: administration, biology, education, psychology and a special major.

## CAREER EDUCATION DAY SCHEDULE GIVEN

Hundreds of career-minded high school seniors will be on campus next Thursday, October 30, for the College's Career Education Day.

Faculty are reminded that CSCSB students will be assisting with the event, and that special consideration should be given for those not attending classes during the times they are helping.

Assistance of the faculty during the lunch hour is also needed, according to J. K. Thomas, Vice President for Administration. "We would appreciate as many faculty members as possible circulating among the visitors and talking with them." The barbeque lunch will be served starting at noon on the Commons Patio.
