16th Commencement Program Announced

Saturday, June 19 will mark the 16th commencement ceremony for this college and the 16th year President John M. Pfau has conferred degrees on graduates of Cal State, San Bernardino. So that each graduate will have the opportunity to come forward to receive congratulations from the president, the ceremony again will have no guest speaker.

The program will begin with the processional at 9 a.m. on the south of the gymnasium. Music will be provided by the Wind Ensemble, directed by Keating Johnson. Faculty members escorting the graduates, faculty and platform party will be Dr. Judith Rymer (Education),

faculty marshal; Dr. John Chaney (Administration), student marshal; and Dr. William Slout (Theatre Arts), college marshal.

The invocation and benediction this year will be given by Maura O'Neill, chaplain with the Newman Center in San Bernardino. In addition to conferring of degrees, Dr. Pfau will present the college's outstanding professor award to Dr. Frederick Newton (Psychology).

The Alumni Association again has arranged for a commercial photographer to take pictures of all graduates receiving their diplomas from President Pfau. Following the ceremony, everyone is invited to the traditional reception in the gymnasium.

Library Renamed Dr. Pfau Honored

By unanimous approval of the CSU Board of Trustees Wednesday, the college Library will be named in honor of Dr. John M. Pfau. For President Pfau, the trustees waived a policy that requires a building not be named until one year after the honoree's retirement. The action also marks the first time a building on this campus has been named for an individual.

The naming of the library was first proposed by Associated Students Vice

President David Menezes and approved unanimously by the A.S. Board of Directors. It was subsequently supported by the Faculty Senate and the Alumni Association. A formal announcement will be made at the Friday, June 4 dinner honoring President Pfau, who is retiring in July after 20 years as president of Cal State, San Bernardino. Late reservations for the dinner will be accepted through Wednesday, June 2 by the office of the vice president for administration, Ext. 7411.

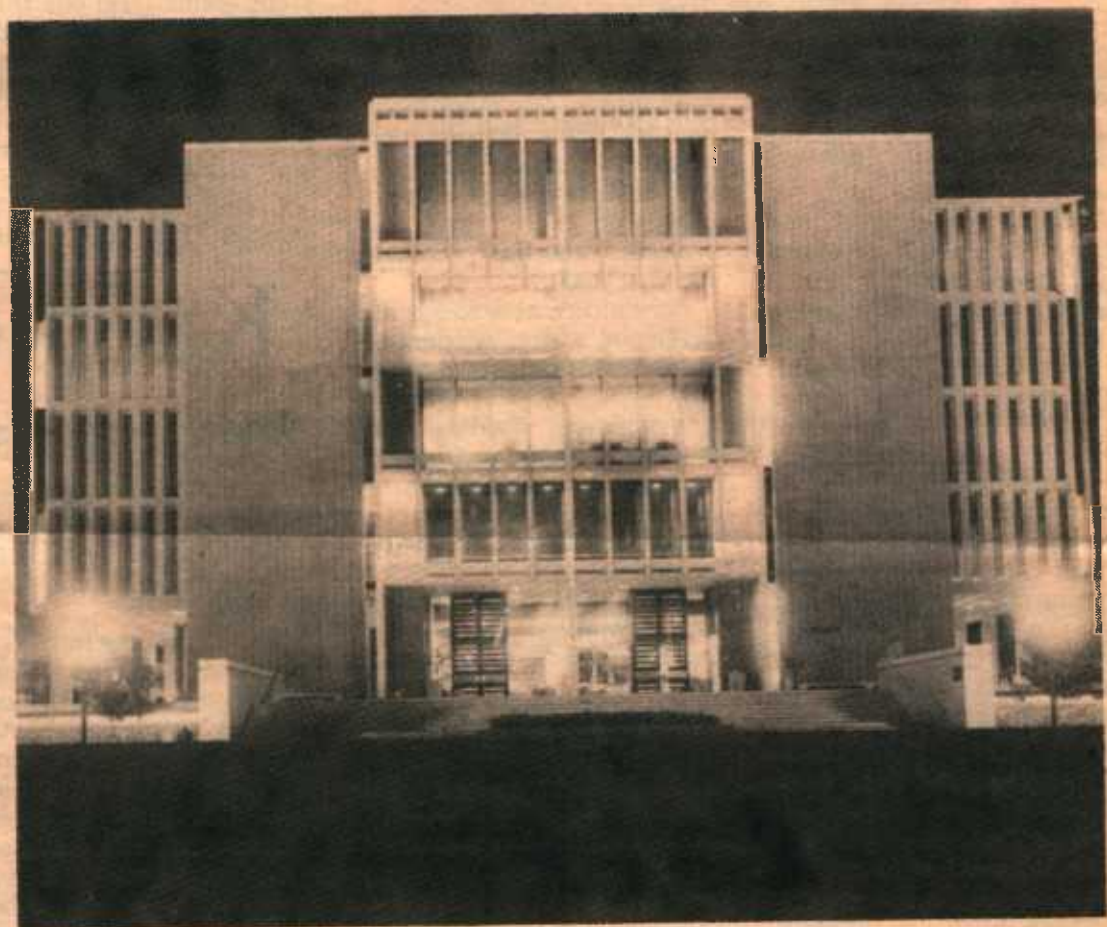

Four awards recipients announced

The Uni Phi Club announced the recipients of its four honorary awards. Out of the more than 30 nominees submitted for consideration, the club selected Vince Vegna, a graduate student in psychology, as the recipient of the Anita Hallberg award; Jo Ann

Hartzog (Services to Students with Disabilities), a graduate student in education, the Barbara Sovereign award; Jan Gregoire (Services to Students with Disabilities), the Frank Lootens award; and Dr. Gregory Price (Physical Education and Recreation), the Dr. Fred Kellers award.

Officers for Psi-Chi in 82-83

The Psi Chi Club has installed its officers for the 1982-83 academic year. All senior psychology majors this quarter, the new officers are: Rebecca Warren, president; Steven Coffey, vice president; Mildred Douthit, secretary; and Sandra Ritchie, treasurer.

The CSCSB Library is soon to be renamed "John M. Pfau Library" in honor of the college president who will retire this month.

WARNING

It's snake time of the year again. Numerous snakes have been spotted on campus. So, when walking around brush area or near the edge of buildings, walk with caution. Report any snake hazards (i.e., inside buildings, along major walkways, etc.) to campus police at ext. 7555.

If bitten:

1. Remain calm,
2. Try not to increase your blood circulation,
3. If possible, seek help. Call, or have someone else call campus police at their emergency ext. 7757.
4. Try to give the police a description of the snake.

This has been another tip from your campus Department of Public Safety.

Letters to the Editor

On Tuesday, June 2, at 12:00 and on Wednesday, June 3, at 12:00 and 5:00, the Environmental Action Council and SAGA will co-sponsor a slide show about Proposition 9 and the proposed Peripheral Canal.

The canal is to be an unlined channel 43 miles long, 400 feet wide and 30 feet deep. It would be capable of diverting 80% of the Sacramento River waters around Sacramento - San Joaquin Delta into the State Aqueduct.

What are the implications?

First is energy use. Currently the State Water Project (SWP) is the largest user of electricity in California. The Metropolitan Water District is second. The SWP uses 4 billion kilowatt hours of electricity. When the canal is complete, SWP will use 10 billion kwh of electricity per year (10 billion kwh is the amount consumed by 2 million homes a year). Utility rates tend to increase along the marginal cost curves of supply and demand, and much of this needed electricity is not yet available. So homeowners and businesses can expect to pay increased prices for their energy due to competition for power and due to illegal passing on of construction cost for the needed additional power projects. It should also be noted that the cost of the canal was projected when oil cost twenty-one dollars per barrel. By the time the project is started, oil will be around thirty-five dollars a barrel.

There are also other economic impacts. If the state can sell the bonds in the current market what will the rate and costs be? Will the water be salable at its cost? Or will it have to be subsidized by the taxpayers? Also, why is there not an accurate and detailed cost-benefit analysis?

The reason seems to be that the project has so many unknowns that no one knows the cost for sure.

Do we need the project? Should we risk the cost because of the need?

The consequences of the canal besides those of higher taxes and utility rates are potential economic dislocations to the Bay Area and the Delta. Salt water encroachment into fisheries and some of the prime agricultural lands in the county, a deterioration of water quality for industry and drinking, an increase in pollution as flushing of the Bay is reduced are all

additional affects that may result from the water diversion. There is also the increased likelihood of the loss of our last wild and free river in Northern California. Some people argue that there are safeguards built into the bill, but one should remember that these safeguards can be annulled by a simple majority in the Legislature.

It should also be noted that the Metropolitan Water Board does not care about preserving other area's environments. One must just look at the destruction of Mono Lake and Owens Valley for proof of this.

We can have more water and more growth without the project (remember; the more L.A. grows, the more smog we get). Urban conservation measures that are mandated will be save 15% of current usage or more than the projected shortfall through the year 2000.

Agriculture uses 85% of all developed water, residential use is 5% and industrial use is 10%. With drip irrigation, less wasteful flooding and other simple acts, agriculture could easily reduce its share by 8% - 10%, greatly increasing water availability for other uses.

Water reuse could reclaim .4 - .5 million acre feet in Orange and L.A. counties alone.

There are also other alternatives for canals that cost 80% less, like wells or other ways of increasing usable quantities of water.

There is no need to pay between 3.68 - billion (plus other costs) to 19.7 billion for a project that is not needed and mainly benefits the large corporate farmers of Southern California. When they pay three dollars and sixty-eight cents per acre foot for "surplus" water and residential wholesale users pay one hundred twenty four dollars per acre foot. Who is subsidizing whom? It is calculated by Sen. John Garamendi that the Times - Mirror Corp. which favors the project via the L.A. Times, which they own, stands to gain up to a billion dollars subsidy for its Tejon Ranch operation if the canal is built.

So come to one of the meetings and see why you should join the California Republicans, California Young Democrats or any of the other California organizations that oppose Prop. 9 and The Peripheral Canal.

Denise R. Allen

Editor, PawPrint;

Due to the fact that the musings contained within may or may not reflect the attitudes of the newspaper staff and/or student body at large, I consider these thoughts subject for the media in the form of a letter to the editor.

I had the distinct pleasure of viewing, a couple of times actually, the latest of the Activities Office offerings for the pleasure of the students on this campus. "Fame" was a hit, both entertainment wise and attendance wise. I even went out and bought the soundtrack so that I could keep on listening and remembering the fantastic visual images conjured up as a result of having viewed this work of art. My disappointment stems from one thing, that is the knowledge that movies have not been shown on this campus since they were cancelled by the A.S. President in conjunction with the Activities Office.

Certain members of the campus community have

gone so far as to say that the President cares not about the wishes of the students on this campus, especially the residents of the Village. Even President Barbvour herself has stated the residents are "not my first priority." I am not one of those who reads into that statement that she does not care, I do believe that she overreacted to a stumbling block (the movies) in her plans regarding an unrelated occasion.

Regarding her action, cancelling the movies, it is my opinion that a great disservice was done to the student body of this campus. That in the face of protest the President has remained unmoved, possibly due to her ever shortening tenure as our campus representative as a whole.

It was claimed that surveys were conducted prior to the cancellation of the movies, I attended the movies as regularly as I could and never saw any evidence of this. It was also claimed that the money taken in did not

justify the continued effort to show them. My answer to that is that the money to show movies is allocated the year prior to their showing; this means that the debts incurred were not paid out of the money taken in at the door. No negative cash flow could be incurred simply because the money was already in the affected account. Student assistant salaries were known to exceed the revenue taken in at the door. It never occurred to the President, or the activities office, to show the movies for free, thus eliminating the cost of the assistants? I understand the movies were originally cost free, as were the dances, we couldn't have tried it again?

These arguments, both for and against the movies, are petty at best, no matter how raising them. What is important in this issue is that money that had been legally allocated for use in a specific manner, for the entertainment of fee paying students, was controlled by the whim of one person. Our A.S. President is our representative, not our boss. As Shakespeare so eloquently wrote it, "the fault, dear Brutus, is not in our stars but in ourselves, that we are underlings." At least we're acting like underlings. We let her get away with it, we did not demand accountability. We all blew it. Et tu, Elise?

J.R. Hoge

Keep Climbin'

Self Image or self pity

In 1972 Governor George Wallace was shot and paralyzed by an assassin's bullet in Maryland. This man using the ultimate resolve and determination in a positive manner has just recently entered the race for governor once again in Georgia.

In 1982 Wayne Daniels allegedly killed two police officers in Riverside, California because of his feelings of vengeance and hatred over being shot and paralyzed during a bank robbery several years before. Although there is some misplaced sympathy for this person because of his disability it is most likely that this man will spend the rest of his life behind bars.

These two stories point out the extremes that disabled persons can reach in response to their disabilities and this response totally revolves around the individual's image of self worth. Those with disabilities often have a heightened need for acceptance from the world around them.

The second example involves the person who rather than expending energies to sharpen existing abilities and creating new interests and abilities has taken the ultimate step in self-pity and self indulgence.

In our first example we see the person who through no fault of his own is left paralyzed by an assassin's bullet, and we see this person striving against all hardships to reassert his position in life as it existed prior to the shooting.

Unfortunately, many disabled persons fall into this same trap of self pity although this negative expending of energy serves no purpose and creates other bad attitudes and further debilitates the body.

The central thesis, therefore, is that if a person takes positive steps to increase his interest and ability and works on the total development of the self, he will excel with or without a disability. The energy spent on attaining excellence will actually increase the vitality of the person especially as he begins to realize achievement, and the person becomes a positive force for his peers in society.

The self pity, placing of blame or the quitter attitude are merely attempts to hide from reality and justify failure.

In conclusion, those of you who do have physical inconveniences please take a chance, broaden your horizons and realize your ultimate potential. You may find success, vitality, friendships and a whole new outlook on life. Those of you who do not have a physical impairment please do the same and don't be afraid to offer your help, your hand or your smile to those in need, because there always exists the possibility that someday it may be you that is the person in need.

The PawPrint is published under the control of the CSCSB Publications Board. It is published on a weekly basis for a total of 31 issues less quarter breaks and final exam periods. Contact the office at 887-7497, 5500 State College Parkway, San Bernardino, CA 92407, for further information.

Letters to the Editor should be kept to a maximum of one and one-half typed pages. Letters which attack any person may be held until that person has time to respond in the same issue as the other letter. Letters must include name and address, a phone number and must be signed, although names will be withheld upon request.

The PawPrint reserves the right to edit all copy submitted in order to comply with space requirements, libel laws and good taste.

Advertising requests should be addressed or directed to the Business Manager at the address and number above.

Classified ads may be ordered similarly except that such ads for students, faculty and staff of CSCSB up to twenty words in length are free.

Ad and Copy deadlines are the Thursday preceding the date of publication. Copy received after that date appears in the paper on a space available basis.

Ad Policy The PawPrint accepts all advertising in good faith but makes no warranty, and does not check any goods or services advertised.

The PawPrint is funded in part by an annual allocation by the Associated Students to cover the costs of printing and expenses. It is distributed free to students and to the community. The remainder of the funding is developed by the PawPrint itself.

San Bernardino Co. winter graduates 1982

Seventy-three San Bernardino County residents are among the Cal State, San Bernardino graduates who earned degrees at the close of the winter quarter.

They, along with the fall and spring graduates, will be eligible to participate in the June 19 commencement ceremony, which will begin at 9 a.m. on the lawn south of the gymnasium.

The bulk of the degrees completed winter quarter were the 57 B.A.'s in a variety of majors. Six seniors earned B.S. degrees and one a bachelor of vocational education. Nine graduate students completed masters degrees.

The winter quarter graduates include:

APPLE VALLEY

Dawna Louise Gregory, 19500 Tomahawk, B.A. in theatre arts, Apple Valley High School

BLOOMINGTON

Cathy Cendejas Bruich, 9846 Tamarind Ave., B.A. in social sciences

Raymond Monroe Johnson III, 19359 Grove Pl., B.A. in philosophy, Bloomington High School

CHINO

Kimberly Ilene Morter, 5016 Center, B.A. in psychology and child development with high honors, Chino High School

COLTON

Barbra B. Badger, 280 E. "F" St., B.A. in human services, Eisenhower High School
Annette Jo Dela Rosa, 247 S. 3rd St., B.A. in biology, Colton High School

Gerry Marie Dodd, 1225 Rialto Ave., B.A. in liberal studies, Colton High School

CRESTLINE

Diane Nita Crowley, Box 350, B.A. in psychology, Chaffey High School
Gary Bruce Malven, P.O. Box 276, B.A. in economics

FONTANA

Albert Abraham Brongersma, 8191 Calabash, No. 17, B.A. in biology, Fontana High School
Laura Ann Dickey, 16448 Randall, Apt. C, B.A. in liberal studies, Fontana High School

GRAND TERRACE

Sandra Lee Diaz, 12711 Darwin, B.A. in liberal studies, Victor Valley High School

HIGHLAND

Katrina Cork, 2869 Mirada Rd., B.S. in administration, San Geronio High School
Gary Paul Du Bois, 27350 7th St., B.A. in administration, San Geronio High School
Allan Bothwell Milloy, 1677 Catalpa Ave., B.A. in administration
Carol Lorraine Mitchell, 2265 Denair, No. 114, B.A. in administration
David Eugene Moore, 6999 San Francisco St. B.A. in sociology, San Geronio High School

Martin Webster Porter, 7534 Victoria, B.S. in physics
Timothy Paul Squires, 2636 Date St., B.A. in administration, Eisenhower High School

James Brian Watson, 7036 Victoria, No. 1, B.A. in administration, Aquinas High School

LOMA LINDA

Donald Kelvin Benfield, P.O. Box 1357, Master of Business Administration
Myrtle I. Johnson, 25590 Mandarin Ct., B.A. in sociology

ONTARIO

Patrice Dorothy Lesondak, 1536 Elderberry, Apt. C, B.A. in English
James Bryan Parker, 25401 Juanita, Sunnymead; son of Mr. and Mrs. Gene L. Parker, 924 Vesta, B.A. in administration, Chaffey High School

REDLANDS

David Mark Bandini, 104 Greenbriar Ct., Master of Business Administration, San Geronio High School
Timothy Matthew Bruton, 417 Bond St., B.A. in administration, Redlands High School

Viki Lynn Chavez-Regeski, 1302 Church St., B.A. in English with high honors, Redlands High School;
Robert Allen Crosby, 1655 Henrietta St., P.A. in administration

Anne Marie Di Maria, 950 Pine St. No. 216, B.A. in political science, Redlands High School

Linda Joy Flentge, 26200 Redlands Blvd., B.A. in psychology, Cajon High School

Annette Gebb, 134 Summit Ave., M.A. in education
James Eugene Hinkle, 1141 Chestnut, B.S. in administration, Redlands High School

Kevin Mark Low, 112 Kathi, B.A. in biology, Loma Linda Academy

Barbara Lea McCormick, 128 Carrie Lane, B.S. in administration

Karen A. Pearson, 1314 Cambon Ct., B.S. in nursing
Susan Barder Till, 1426 University St., B.A. in liberal studies with honors, San Bernardino High School

Charles Donald Trunnelle, 217 Walnut Ave., Special M.A.

RIALTO

Charlene Louise Bowen, 395 E. Pariposa Dr., M.A. in education
Tyrone G. Curry, 1527 N. Pine St., B.S. in health science, Eisenhower High School

Debra S. Daggett, 327 A W. Shamrock, B.A. in political science, Eisenhower High School

Christina Morales Estrada, 220 E. Winchester Dr., B.A. in sociology, Colton High School

in sociology, Colton High School

Randall L. Holyfield, 907 N. Vista, B.A. in administration and economics, Eisenhower High School

Donna Lynne Pierce, 668 N. Chestnut, B.A. in administration, Eisenhower High School

A. Ann Wrzalinski, 405 E. Randall, Bachelor of Vocational Education

SAN BERNARDINO

Lawrence James Asmus, 3157 N. Casa Loma Dr., Master of Public Administration

Amelia Barder, 332 West 24th St., B.A. in French, San Bernardino High School

David Alexander Bullard, 1063 W. 14th St., B.A. in administration and economics

Linda Clay-White, 151C W. 2nd, M.A. in education

Jerome P. Collins, 1365 N. Lugo, M.A. in education, San Geronio High School

Jacques Rene Cooper, 159 Lupin Lane, B.A. in mathematics

Linda L. Ellis, 2043 E. 19th "A", B.A. in English, Pacific High School

Richard A. Ergang, 3077 N. Pennsylvania Ave., B.A. in psychology

Anita Louise Ferraris, 3700 El Camino Dr., B.A. in psychology, Pacific High School

Joanna Arredondo Galindo, 1195 E. Alexander, B.A. in liberal studies

Gregory W. Gilbert, 181 W. Magnolia, B.A. in English

Joe Gonzales, 939 Herrington Ave., B.A. in sociology

Barbara Guyton, 1279 Lomita Rd., B.A. in economics, San Bernardino High

Jay Farrell Hosfield, formerly of 3514 Sepulveda, B.A. in

administration, San Bernardino High School

Lissa L. Lois, 1365 N. Garner, B.A. in criminal justice, San Bernardino High School

Glenn Ingvald Lura, 1252 W. Edgemont Dr., B.A. in administration and economics

Glenn Ingvald Lura, 1252 W. Edgemont Dr., B.A. in administration and economics, San Bernardino High School

Katherine Donice Marshall, 223 E. 21st St., B.A. in psychology

Robert John Neves, 3771 Aspen, B.A. in administration

Susan Jean Oliver, 773 Sequoia St., B.A. in political science with honors, Cajon High School

Richard Shawn Parks, 3755 Camilla Dr., B.A. in political science, Aquinas High School

Pegi Kay Roffers, 4744 N. Sierra, No. 4, B.A. in psychology

John Marlin Sigaty, 1277 Lynwood, Apt. 31, B.A. in administration, Redlands

Barbara Ann Sovereign, 4835 N. "F" St., M.S. in psychology

Gregory Robert Swenson, 3118 Mary Ann Ln., B.A. in English, Pacific High School

TRONA
John Carroll Bailey, Jr., 84834 Searles St., B.A. in philosophy, Trona High School

VICTORVILLE

Allene Daniels Cammon, 303 Washington, B.A. in child development

WHITE WATER

Cheryl Lynn Heesen, Route 1, Box 140, B.A. in social sciences with highest honors, Ganesha High School

WRIGHTWOOD

Louis J. Williams, P.O. Box 1141, B.A. in economics

YUCAIPA

Daniel Bryan Verkade, 34841 Cedar Ave., B.A. in administration with honors

Riverside Co. graduates for winter 1982

Twenty-four Riverside County residents are among the Cal State, San Bernardino graduates who earned degrees at the close of the winter quarter.

They, along with the fall and spring graduates, will be eligible to participate in the June 19 commencement ceremony, which will begin at 9 a.m. on the lawn south of the gymnasium.

A third of the degrees completed winter quarter were M.A.s in education and half were B.A.s. Two seniors earned B.S. degrees in health related fields. A master of science in counseling psychology and a master of

business administration completed the list.

The winter graduates include:

BANNING

Pegi Kay Roffers, 4744 N. Sierra, No. 4, San Bernardino; daughter of Mr. and Mrs. Gerald Roffers, 1641 W. George St., B.A. in psychology, Banning High School

Vincent Trudel Sternjacob, 422 E. Santa Rita, B.S. in health science

CALIMESA

Clarence Donald O'Neal, 1237 Belle Rd., B.A. in administration

R.T. Pilkington, Jr., 369 Smokeridge Tr., B.A. in

administration

CORONA

Charles Ryan Carter, P.O. Box 817, B.A. in administration, Corona High School

Aurora Gonzalez, 13388 Tolton, B.A. in liberal studies

INDIO

Leslie Eugene Barnes, 81-634 Lido Ave. M.A. in education

RIVERSIDE

Darlene Allen, 3453 6th St., Apt. A, M.A. in education
Elizabeth Franklin Brittain, 2680 Bubbling Well, M.A. in education

Kathi Vanessa Coachman, 6061 Anita, M.A. in education, Ramona High School

M. Patricia Dahlberg, 11461

Wybourn, B.S. in nursing

Nancy Ann Geist, 7331 Font Ave., B.S. in psychology, Ramona High School

Claudia J. Gmeiner, 5153 Blanchard Pl., M.A. in education

RIVERSIDE

Vernit A. Harris, 10601 Diana Ave. M.A. in education

Stanley Lynn Honett, 2605 Stanley Lynn Honett, 2605

Falling Oak, B.A. in administration

Lillie Williams Jackson, 4590 Sedgewick, B.A. in liberal studies

Elizabeth Ann Shearer Jones, 16344 Gamble, M.A. in education, Norte Vista High School

Chris D. McCarty, 16120 Lenel Ct., Master of Business Administration

Neil E. Smith, 3176 Cedar, B.A. in criminal justice and sociology

Edward Leon Spaugy, P.O. Box 4744, B.A. in sociology, Palo Verde High School

Sally R. White, 4336 Via San Luis, B.A. in liberal studies

SUNNYMEAD

Victor Keith Kezer, 24347 Glencrest, M.A. in education

James Bryan Parker, 25401 Juanita, B.A. in administration

TWENTYNINE PALMS

Kingdon Hayze Runowicz, P.O. Box E-241, B.A. in administration

Profile: The Coolbaugh's

It has been said that busy people can always find time to spend on a worthwhile project. Carl and Kathryn Coolbaugh are busy people, as well as siblings. They've found the time to help enrich the educational experience of their fellow campus students while working and maintaining high GPA's.

Kathryn is presently involved in doing research at Loma Linda University involving hyperthermia and cancer.

Those who know Kathryn also know that her mother is a nurse and may have arrived at the not-to-unreasonable conclusion that she is following a family model. Kathryn assures us that this is not the situation, "our parents never tried to influence us towards or away from a career in medicine, it's always been up to us." Kathryn is currently pursuing veterinary medicine because "I like the field of medicine, I plan to do clinical work and, if the opportunity presents itself, I'd like to do cancer research."

Her outside activities here on campus are a carryover from her participation in high school. She was a participant in three clubs during her four years; "Patria" a religious club, the "Burgermeisters" a German club, and the "Z" Club - an organization for girls. Her grades didn't suffer as a result of participation in outside activities in high school either, she was a member of the National Honor Society and CSF.

Upon her transfer from high school she was awarded the Alfred F. Moore scholarship (4 years). She is enrolled here at CSCSB as a biology major (premed) and was selected for the National Dean's List for 1981-82. Her time is also spent working for students through her participation on the A.S. Board of Directors as the Natural Science Representative. When not working at Loma Linda she may be found working as a Red Cross

Volunteer and member at the Norton AfB Clinic.

Kathryn is obviously somebody who lives life to the fullest. Her activities, both in and out of the classroom remind us that both education and schooling exist, and the two should not be confused.

Kathryn's brother Carl also transferred to Cal State, but not from high school. Carl had already earned his first Bachelor of Arts degree, in sociology, from the University of California, Riverside. While visiting our campus he learned of the work that the psychology department had in mind to do with biofeedback. At the time he was waiting to re-take the Law School Admission Test due to his dissatisfaction with his score. Learning of the proposed work in biofeedback convinced him to enroll and undertake a program for a second B.A. in Psychology.

Academic undertakings have not always been Carl's focus in life. In high school he "did practically nothing" due to his resistance to being "forced to do things." Then, in his senior year, he took Senior Seminar. Time was set aside for seniors to pursue activities of interest to them. Carl began investigating electronics, an interest that would serve him well during his later research in biofeedback.

High school was followed by earning an Associate of Arts degree from San Bernardino Valley College. Then, on to U.C. Riverside for his B.A. in sociology. Along the way his creative talents have also led him to perform with a rock band, Carl plays electric piano and synthesizers, and performed with the original Ink Spots at the Nugget in Carson City Nevada.

Since arriving here on campus, Carl has been studying and working with

one of our most distinguished professors, Dr. Fred Newton. Carl helped build the biofeedback laboratory here at CSCSB, and has done all of Dr. Newton's physiology demonstrations for his physiology and biofeedback classes for the last three years. In addition to his work with Dr. Newton, Carl has also done some research on his own. He did biofeedback research to assist a disabled young man, and presented that research at the Biofeedback Society of America's convention, held in Kentucky on March 14, 1981. He was informed that his research was the first of its kind and received a scholarship travel award for his efforts.

Previous to his activities in Kentucky, Carl had been elected Graduate Class President in 1977-78. More honors came his way in 1981-82 when he was elected Psi-Chi President (Psi-Chi is a society, not a club), selected for WHO's WHO among American University and College students, and was nominated for outstanding student in the psychology department.

As part of his tour of duty of the presidency of Psi-Chi he helped present Psi-Chi's first mini-seminar; "Biofeedback in Action."

Carl's attitude towards his activities is that of "giving something back" and he continues to do that in his present position with the Veteran's Administration. Currently he is doing an internship at the Veteran's Administration Hospital as a Psychology Technician trainee, doing biofeedback work with veterans.

Carl will graduate this June, with his second B.A., and a very promising future in psychology. Kathryn won't be moving on for a while yet. She will apply for the Medical School Aptitude Test this June and hopes to attend Loma Linda, U.S.C., or Stanford.

Goethe's FAUST

The German Club is planning an outing to Alpine Village in Torrance to see Wolfgang von Goethe's FAUST on Sunday, June 6th. This modern version of FAUST is in color with German dialogue and English subtitles featuring Gustaf Grundgens as Mephisto.

Alpine Village is a German shopping center with a variety of shops. There are German markets, a card and gift shop, a crystal shop and a

restaurant with a German band. This is an excellent opportunity to experience some German culture and cuisine. Everyone interested is invited to participate. Groups will leave the front parking lot around 1:00 on Sunday. This will leave plenty of time for shopping and taking in the atmosphere before the movie starts at 5:30.

Call the Foreign Language Department at 887-7445 or Terri Price at 887-0252 for more information.
