Deputy Editor:

Dear Editor:

I have a question about the article regarding the Black Muslims and the Nation of Islam. I understand that there was a disturbance started by youth who were not students of the school. Could you provide more information on the specifics of this disturbance and how it was handled?

Sincerely,

Ray of Hope Celebrates One Year

Ray of Hope Ministries Drug & Alcohol Ministry is giving God the glory for one full year of service in the Inland Empire and San Francisco Bay Area.

God has been good to us," says president and co-founder Rev. Dwight Pledger. The year began with a banquet and dedication service at the Holy Deliverance, C.O.G.I.C., where Billy Higley is Pastor. Following testimonies, soloists, choir and a dynamic gospel message by vice-president and co-founder Elder Greg Williams, God moved on the heart of Gregory Toliver, homeless, drug and alcohol abuser who answered the altar call.

Following a 10-year nationwide prayer and fasting for deliverance, Brother Toliver made a decision to enter the recovery program at Believers Church of San Luis Angeles, Ca., where Melvin Alvarado is Pastor. One year later Brother Toliver is not only still with Pastor Jackson, but he has been appointed director over the men and women's recovery home.

For his efforts Brother Toliver has been chosen to receive the first annual Ray of Hope Ministries Redemption Award. Praise! A summary of the years accomplishments include the purchase of a building to be used as a regional support center, recruiting 14 men and women to long term in-house recovery programs many hours of counseling and support services were also provided to local prisons and ministries.

These new members were also added to the Board of Directors. Steve Wimberly of Anaheim Hills was appointed Chief Executive Office and Administrative Director, the Center of Hope Recovery Support Program. Alfred Beethoven was appointed Director of Prison Ministries, and Margi Allen assumed the job of Ministry Secretary.

The anniversary celebration was held on Saturday, February 27, at San Bernardino Christian Center, where Dr. Reginald Woods is Pastor. Past the minister of the Church of the Community Baptist Church of Rialto is Rev. Ray Hubbard is Pastor. Pat Lewis shares her testimony at Sunday School. For her, being saved is addiction is finally over.

Rev. Seth Williams, Pastor will be sponsoring a two-day music program in the Inland Empire set free by the message by vice-president and co-founder Elder Greg Williams, God moved on the heart of the crowd at San Bernardino Christian Center. We want to thank the Lord for this opportunity to share the good news of the gospel with our community. We want to do more, but we need the sincere help of concerned citizens who want to make a positive difference.

Question: Dear Dr. Woods, I am in desperate need of help. My best friend just revealed to me that she is gay. I don't know what to do. I do not know what to do. I'm Anonymous, San Bernardino, CA 92407

Answer: First, of all do not feel bad. Often people more than good by overreacting. Often people do more harm than good by over reacting. Many people have a hard time dealing with this kind of thing. They are very complicated to help. Jesus helped them. He rejected the judgemental attitudes of his day. He told the man that it is not his problem. If you can, you can be a source of change. Change her to a spirit-filled Christian minister who can counsel her in her most needed change and transition.

If you have a question that you would like to ask, send it to Dr. Reginald Woods, Life Coach, Ray Of Hope Ministries, Fellowship Church, San Bernardino, CA 92407.

PASS IT ON: AFRICAN-AMERICAN POETRY FOR CHILDREN

J ust Us Books, an African-American owned company that publishes books for children that focus on African-American history, has released PASS IT ON: AFRICAN-AMERICAN POETRY FOR CHILDREN. The new book is the first of its kind to be published in the United States.

In chapters such as "A New Attitude" and "Nappy Hair Phobia," Brittenum Bonner explores the with the evocative oil-wash paintings of Pete and his friends Bonner, who began her career as a reporter with the Oakland Tribune. Now a freelance writer-producer, she possesses a full head of hair. "I consider 'Good Hair' to be a hair primer of growth," said Wade Hudson during the University of California at Riverside.

In the course of her lifetime, one black woman would know the names of the leaders of the movement for the abolition of slavery and the irony of the word "freedom" in 19th century America. She must have been a heralded orator and preacher around the case against a slave owner. Although she never learned to read, this woman knew the Bible by heart and would pass the word from one generation to another. The poems in "Good Hair" feature straight, natural, and chemically treated hair. The book also features styling techniques that will liberate readers from a dependence on heated appliances or sleeping in rollers. "Best of all, these styling tips feature an Afrocentric thrust.

For Colored Girls Who've Considered Weaves When the Chemicals Became Too Ruff

"For Colored Girls Who've Considered Weaves When the Chemicals Became Too Ruff" is a timely book for African-American women. It is about the legacy of love, joy, strength, and courage through which African-American women have grown.

In "Good Hair," Brittenum Bonner combines her skills as a journalist and television writer-producer to create a hair-care guide that focuses on African-American women and their hair.

"Good Hair" is a book of fancy hair styles and hair care advice that focuses on African-American women and their hair.

"Good Hair" is not about miraculous hair growth cures. "I consider 'Good Hair' to be a hair primer of growth," said Wade Hudson during the University of California at Riverside.

"Good Hair" features short, medium, and long hair styles. The book also features styling techniques that will liberate readers from a dependence on heated appliances or sleeping in rollers. "Best of all, these styling tips feature an Afrocentric thrust.

Achievement/Motivation, As It Applies To Blacks And Whites

Togeth er
We Can

By Charles L. Ledbetter
MORENO VALLEY NEWS

I n order to evaluate properly the various problems involving achievement and motivation one must examine human personality. It is desirable that you should become aware of some of the many viewpoints from which material relating to the nature, structure, and development of personality may be considered. All of the approaches share one characteristic: Each reflects the background, particular studies in the field and personality of the theorist who organized each interpretation.

Notes:
- Jung soon began to differ from Freud on the pains of racism being had by the material oriented, status seeking Blacks and the phony White business men.
- One institution that can do many positive things to bridge the gap that causes lack of motivation is the educational system.
- Unfortunately, the education system in some districts is guilty of creating a wider gap in terms of motivation and achievement.
- The White child does not have the same problem, because after being motivated, they are allowed to achieve, and are accepted in society as an equal.
- The Black person and the White person are created by the same biological process, with a soul, the desire to love and be loved, to care for someone and be cared for. They also desire the same things, the same goals, which in turn will develop a better self concept. The lack of self approval can possibly explain why there is so much distrust among the various ethnic groups.
- Black people as any other group of people are real bodies created by God, people who are either having pleasure or pain. When a person experiences pain or anxiety, they are not able to respond in a positive way, achieve, and for the Black person the pains of racism are more frequent.
- Jung was a student of Freud's, but Jung soon began to differ on many points from his teacher. He insisted especially upon the importance of purpose and aims in modifying and channeling personality. He believed that each person had a psychic energy called Libido as a driving force. The individual, with this force, moves constantly toward a more "complete" form of development by stages that are expressed in terms of goals, from mere survival in infancy, through the dominance of sexual expression in adolescence, to the level of cultural philosophy, and spiritual goals in maturity.

Georgia Group Mixes East And West Coast Styles

"It's a lot of seriousness behind the group." - H-D-O

According to Uncle Buk, "We did '83 South' when we was in the studio. X (their producer) had this mid funky beat playin'. You know the bass line is like domanial right? Logic and X was like, 'This is what cops be harassing you off of while sliding down the highway.' It just sounded, so we made the song right there, the same night, is like 15 minutes. We do a lot of songs spontaneously. We don't do too much pre-production." While in LA, the guys stopped by a club and kicked a little free style with a seven piece band - you know, a Brand New Heavies kinda thing - and the fellas thought it was cool. They're not considering coming out like that, they just like to be different. Take their name for instance. Though the guys have some hilarious introductions on the album (one is a crank call in search of the imaginary Emma Jan.) According to H-D-O (Hugh), "It's a lot of seriousness behind the group. We just took the name cause it worked for us. It describes the groups. You can't make mistakes with a name like that. Anything we do you can expect it." Their album, Van Full Of Pakistan's, in terms of rap style is what you would expect - a mixture of east and west coast tracks that come off nice. Their concept however, stretches beyond the typical imaging and boasting. If describes the second and single and title track like this, "If you take a bunch of Pakistanis and put them in a van, you got problems cause they're always at war in the Middle East, though they're from one country. So a Van Full Of Pakistan's is a bunch of problems in one time. So one person kicked about the industry. One person kicked about all types of drugs. And I just kicked it about syllables. I just seemed to work out.

Sharing similar views on that issue, Buck and II were also attending med school at Drewango College in Atlanta. As their cop career began to pick up, school sorta got put on the back, though they intend to go back.

Before they left school, the guys were catchin' much local music acts. "On Sundays it's like a college radio station called 88.5. We had support from all the DJs there. It just got big like people just thought we was a group already."

Rain Did Not Stop Riverside Black History Parade

 Despite the weather, the Riverside Parade was held in the intermittent rain, last Saturday. Forty-five parade participants came out to enjoy the smaller than usual crowd. The crowd was good considering the rain, indicated organizers. The parade, was moved out last year and rescheduled for this time. Dale Roberts the Parade Chair said, "we remember how it rains every year for the Fontana parade. They consider it marks to march in the rain. They do it every year, no matter what. So we took a page out of their book and it was a lot of fun."
He was from joy to pain in one second. But in retrospect, he should be proud of his effort. Bryan's second place finish resulted in a 5.84, which just as it happens to be a national sophomore record. Other area high schoolers also distinguished themselves: Bruce Duane of Riverside North was third in his heat of the 500-yard run with a time of 1:00.25, ...Art Lloyd of Rio Mesa. Eishenhower was fourth in the high jump, at 6'6.... Moreno Valley Canyon Springs' girls ran second in their heat of the 4x440-yard relay, in 4:28.4.... Rio Mesa Eishenhower's boys won a heat in the 4x160-yard relay, in 1:09.44.... Moreno Valley Canyon Springs won it's heat in both the boys' and girls' 4x100-meter relay, the boys in 11.10 and the girls in 11.92.

Now what about the big boys and girls? The world record holders and Olympians? They came - they conquered - they did not disappoint the crowd of 11,121.

Lady Jackie Joyner-Kersee second, in her steady royal manner ran a 19.38 in the women's 50-meter hurdles, equaling the American record in the process. The world's fastest women, Gail Devers, copped a 6.10 (American record) out of that javel it was very weary body of hers. Gail said she has been "...all over Europe and Asia in the last eight days" and the may have been a little too tired or not the lady can flat out scoot and she should be proud of his effort. Let's eat - then play ball! The San Bernardino Spirit in conjunction with the San Bernardino Area Chamber of Commerce will host the seventh annual "Hot Stove League Dinner" today, February 25th, at the San Bernardino Hilton.

Want to meet the pros? Well former Dodger Leo Silverman and former major league infielder Todd Cruz will join in the fun and activities. A hole in one will be team owner Dave Elmore and Old Paul Brown.

"We've got some real good things planned," said Brown. "This will be a great chance for fans to get a little insight of what the future of Spirit baseball will be."

I said it before and I will say it again, minor league baseball is definitely one of the best family outings for the money. See you at the ballpark!

Although they reported setting fire, there was no proof of it. On Tuesday morning, we were having a meeting with the Riverside Police Department. In the middle of the meeting another fight broke out. The police were prepared and it looked as though they were called in for control. That was not the case.

Kinnear said there was no riot. What happened was there were groups of youth fighting each other, one on one and two on two. It never degenerated into a riot situation that became a mob.

On Tuesday, a fight broke out in the morning before students went to class. This created a situation that caused students to gather to watch. No one was injured. One student was arrested because he wouldn't listen to the principal or the police. He was handcuffed and arrested, because he was out of control.

In the middle of first period, an student was caught, entering campus behind the gym, carrying a stick he planned to use as a weapon. Between first and second period, three to four fights that were on one on one broke out or different parts of campus. Between second and third periods, there were no or 7 fights. Things happened fast, by fourth period, things had calmed down, as I got on the PA system telling the students to use their heads, and don't be in the wrong place.

Kinnear was critical of the Press Enterprise the daily newspaper because it was not a mob. There were only a small number of students involved and police were called in for safety reasons. "The school did not erupt, that's why we had all the police to keep the campus safe. It is always better to be safe than sorry," he said.
