RECORDS NOW OPEN TO CSUC EMPLOYEES

Senate Bill No. 1588, an act to add Section 24317 to the Education Code, relating to the CSUC employee records, became a new law on January 1, 1977. Under this law every employee of a state university or college would be permitted to inspect all reports, documents, correspondence, and other material which pertains to the employee.

It also permits each employee to obtain an exact copy of all or any portion of the employee's personnel records, with the cost being borne by the employee. In addition the law requires that personnel recommendations and decisions be based primarily on material in the employee's personnel file and that reasons for a personnel recommendation or decision not contained in the file be reduced to writing and placed in the file.

Staff or administrative employees wishing to review their personnel records should contact the Personnel Office to arrange for the review. Requests for copies of material should be submitted in writing to the Personnel Office and copies of the material will be provided within 10 days (at a cost of 10¢ per page).

Deletions or corrections to items which the employee does not believe correct may be requested by the employee by addressing a request to the President of the College.

Further information on the new law may be obtained from the Personnel Office, Ext. 7205.

SPEAKER REQUESTS FLOOD BUREAU

An extraordinary response to the 1976-77 Speakers Brochure is reported by the Speakers Bureau. A total of 127 requests have been received to date, with 47 speeches being given through February. The big month so far is March, with an overwhelming 42 speeches actually being made or booked for March. For instance, last week alone 20 speeches were actually given by CSCSB speakers, mainly to high school groups.

The records show in addition to the 47 pre-March talks, that 65 were given or are scheduled, March through June. Fifteen were arranged but later canceled.

Barbara Nolte, who heads the Bureau, credits enthusiastic faculty cooperation and support for the strong showing of the Bureau so far this year.
