Celebrating A King’s Dream

“Violence as a way of achieving racial justice is both impractical and immoral. It is impractical because it is a descending spiral ending in destruction for all. The old law of an eye for an eye leaves everyone blind. It is immoral because it seeks to humiliate the opponent rather than win his understanding; it seeks to annihilate rather than to convert. Violence is immoral because it thrives on hatred rather than love. It destroys community and makes brotherhood impossible. It leaves society in monologue rather than dialogue. Violence ends by defeating itself. It creates bitterness in the survivors and brutality in the destroyers.” — Martin Luther King, Jr.

“I think there are plenty of good people in America; but there are also plenty of bad people in America and the bad ones are the ones who seem to have all the power and be in these positions to block things that you and I need. Because this is the situation, you and I have to preserve the right to do what is necessary to bring an end to that situation, and it doesn’t mean that I advocate violence, but at the same time I am not against using violence in self-defense. I don’t even call it violence when it’s in self-defense, I call it intelligence.” — Malcolm X

Good Republicans Should Speak Up And Stop the Madness; Newt is the problem, not CBS or Connie Chung

The Republicans are taking aim and trying to shot CBS and Connie Chung because Speaker Newt Gingrich called first lady, Hillary Rodham Clinton, a "b---h," during an interview for the station. The fact is Gingrich did not retract the assertion.

When Jesse Jackson's comment about Jews was made and the reporter was chided by the NAAACP and other organizations, the Republicans under conservatives jumped Jackson and then yours, they will not let him forget it. The show you how sick many talk show hosts and others in leadership positions are, hour have been spent on how wrong CBS and Chum are. Not one has said they Gingrich was wrong for saying to his mother. They believe that the first lady is what she called her, but they also say she believe in God and many say she is themselves Christians. The Republicans/Conservative axis behind closed doors are disrespecting the head of our country and his wife.

People are these joining the waves are starting down the fram and the infrastructure of our nation. They are no better than other extremist groups. The disrespect they show to our president and his wife are going to haunt them if and when they get back in the Whitehouse. They are the ones that execute what the leader tells them to do. That is why after the Helen's attack on the President, the President was threatened. Republicans who are conservative and not caught up in the doomsday cult of earthquakes who should speak up before someone is killed and to save our country.

Did You Know?

Did You Know... that in a major indication of the persuasiveness of the drug industry in America, the 500th Circuit Court of Appeals in California recently held that simply having teens of drugs on one's money was no longer sufficient reason to believe that a person had been using or selling drugs. The reason for the decision was a study which found that 75% of all paper money in the Los Angeles area had traces of cocaine or other drugs on them.

Did You Know... that in another major indication of how ridiculous our law enforcement policies are? That in another major indication of the effect of the Carter G. First, it seems in order to understand the terms listed in the title of this article: (1) re-education and (2) reparations. The term re-education is a complex term that can mean counting the effects of mis-education as discussed by Dr. Carter G. Woodson, in his book, "The Mis-education of the Negro." In this book, Dr. Woodson implies that slavery or drugs are (3) through including re-education, (2) through the use of the psychological (mis-education (AIDS), chemical warfare (AIDS), drug programs "are in the air.") DEAR DR. LEVISTER: Why do heart attacks risk rise in winter? Over 50 and concerned.

DEAR CONCERNED: Studies have shown heart attacks are more common in the winter than during other seasons of the year. The cause of these fluctuations and risks is unknown. However, a recent study of 50 English men and women that increased the risk of death in the winter makes the blood more likely to clot in the arteries supplying the heart.

Most heart attacks appear to begin with the development of a blood clot within the coronary artery which stops blood flow throughout the vessel. These clots, the same you see on the skin after a cut, are the result of substances in the blood and clot to form to repair damage to the vessel walls or from those fatty plaques that rupture. Researchers from Cambridge, England, measured three groups and found that other information for 96 elderly volunteers every two months over one year and a half.

When it's all over, said Dr. Ernest Levister, M.D., found a gentle rise and fall in their levels throughout the year. These findings led the authors to speculate that the increased rate of respiratory infections in the winter causes a general activation of the body's response for fighting infections which stimulates the blood clotting system and indirectly raises heart attack risks. Other studies have shown heart attack rates during flu epidemics and have otherwise developed respiratory infections.

Dr. Levister said, "One factor that may raise your blood pressure is the increase in the winter including the specific brands you want?•Do you normally suffer pain or personal stress about the weather?•Does she know the merchant or store?•Does the store offer your year's worth of invitations? Dr. Levister recommends registering between six to months before your wedding or two months before your shower. Select a store that you think your guests will consider comfortable shopping. Heads Up! Coca-Cola Scores With New Hat Collection

As an All-Pro wide receiver for the Dallas Cowboys, Drew Pearson used to bust heads on the gridiron, now he just wants to cover them.

Pearson, President and Chief Executive Officer of the Drew Pearson Companies, has teamed up with The Coca-Cola Company to create a game-winning line of headwear designs. "What sets these hats apart from anything else on the market is a distinctive combination of graphics, color and craftsmanship," said Pearson. "They have a look that defies tradition and makes people want to take a second glance." Unlike most headgear, Pearson's designs incorporate the entire hat surface. Fashioned to appeal to the younger consumer, these caps are splashed with eye-catching graphics.

Available in eight initial styles, the caps currently are being rolled out to a variety of specialty stores, mass-market distributors and sporting goods stores. The collection will also be included in the popular direct-mail Coca-Cola Catalog.

AT&T Signs On As Title Sponsor Of The AHN's Third Season

AT&T has signed on as the 1995 title sponsor of the African Heritage Movie Network's (AHN) Movie of the Month Series. For the third consecutive year, AHN is joined by legendary film, television, and stage stars Ossie Davis and Ruby Dee. AHN airs on 92 stations nationally. "AT&T is very happy to be the title sponsor of the African Heritage Movie Network's 1995 season," said Roger Green, District Manager, Corporate Advertising, AT&T. "This is part of our ongoing commitment to bring outstanding and relevant programming to the African-American consumer and we are delighted to be working with both Ossie Davis and Ruby Dee who are legends in the industry," he added.

AHN company founder, Frank Mercado-Valdes, continues to make history quietly by providing quality programming to television. "When we began airing three years ago, our goal was to highlight the history and culture of African-Americans through television since movie-making began," explains Mercado-Valdes. "We are particularly proud that AT&T has joined with us for the 1995 season to continue to make our goal a reality."

AHN starts in third season in January with a tribute to Dr. Martin Luther King, Jr., by airing the powerful biographical drama For Us, The Living, starring Howard E. Effinger, Jr. (formerly of In the Heat of the Night), Coretta Scott and Ronovan Lee Browne. For Us, The Living is based on the book of the same name by Mrs. Medgar Evers with William Peters.

It is the true story of the courageous struggle of the slain civil rights leader Medgar Evers, who was one of the first Black civil rights leaders to achieve worldwide recognition for his work.

AHN is currently negotiating with a major studio to produce a blockbuster made for television that will begin production in 1995.

**Rhythm And Blues Foundation Awards $220,000 At Sixth Annual Pioneer Awards**

The Trustees of the Rhythm and Blues Foundation announced today that an unprecedented $220,000 will be awarded to 13 living and deceased blues and R&B artists at the Foundation's Sixth Annual Pioneer Awards. The 1995 ceremony will mark a milestone by awarding over $1.25 million through its grants and programs since the Foundation was established in 1987.

As one of three of the Foundation's programs which recognizes artists who have made outstanding contributions to this rich musical genre, the Sixth Annual Pioneer Awards will be held on Thursday, March 2, 1995 in Los Angeles, California, and has been declared an official part of Grammy Week. This year's ceremony will be co-hosted by the "Licensee", Jerry Butler and award-winning singer-songwriter Martha Reeves of Martha Reeves and the Vandellas.

The presentation will include the National Lifetime Achievement Award which is the Foundation's highest honor. In addition, eight individual artists and four groups will be honored. Pioneer Award winners will carry $15,000 and $20,000 monetary grants respectively. Announcements of the 1995 Pioneer Award honorees will be made this month.

Pioneer Award recipients include Rick Brown, Aretha Franklin, James Brown, Little Richard, Jerry Butler, Irma Thomas, Ben O. King, Don Covay, Bobby "Blue" Bland, Lorraine Baker, Solomon Burke, Willie Pickles, Carla Thomas, Jimmy Widdoes, Erskine Hawkins, Rufus Thomas, Martha Reeves & The Vandellas, The Stitclettes, The Delta, Little Anthony & the Imperials and Jimmy Scott.

Pioneer Awards are given to individuals who have made significant contributions to America's rich musical heritage. Indeed, the Foundation works actively to educate, to inform, to entertain and to inspire the public about the wideranging political, cultural and economic impact rhythm and blues music has made throughout the world and in understanding the history of the art forms. Recent grants from the National Endowment for the Arts and National Public Radio will assist in producing a series of radio programs to be used in a radio pilot and will be housed at the Smithsonian Institution in Washington, D.C.

**Strolling Beauty Castle will come alive with anniversary additions to the world's favorite Fantasy in the sky above Disneyland first opened to a curtain of stars on July 17, 1955. Over the past four decades, it has entertained more than 300 million guests from all over the world, including countless celebrities and heads of state. It is the original Disney Theme Park and the only one built under the direct supervision of Walt Disney himself.**

Walt Disney is said that, "Disneyland will never be completed - as long as there is imagination left in the world." And, four decades later, Disney "Imaginators" will once again show the world that, at Disneyland, the adventure is just beginning.

Indiana Jones, the intrepid explorer in the film trilogy produced by George Lucas, will come to life in a new money-draw thrill ride scheduled to open in early 1995. The Indiana Jones Adventure will feature a breathtaking expedition through the ancient ruins of the Temple of the Forbidden Eye in Aventuraerd. Explorers will discover more surprises around every bend in this subterranean world where, just like in the movies, escape is only temporary as they traverse a shaking suspension bridge, suffer an avalanche of creepy crawlies and face a gigantic rolling ball that threatens to flatten them and their vehicle.

Also during 1995, the Lion King Celebration will continue to make its rousing presence known at Disneyland with the cast of Disney Pictures' acclaimed animated feature. The parade and street show present the legend of the film's historical characters, Simba, as he journeys through "The Circle of Life." Later on, lion cubs to "Lion King. State-of-the-art "puppetronics," remote-controlled devices and Disney Audio Animatronics" bring to life not only the film's main characters but also many other jungle inhabitants. The celebration is presented on weekends throughout the year and daily during holiday and vacation periods.

I HAVE A DREAM

I have a dream today that one day down in Alabama - with its vicious racism, with its Governor having his henchmen crying the words of intonations and nullification - one day right there in Alabama, little black boys and black girls will be able to join hands with little white boys and white girls as sisters and brothers.

I HAVE A DREAM TODAY!

I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low. The rough places will be plain and the crooked places will be made straight, "and the glory of the Lord shall be revealed, and all flesh shall see it together."

This is our hope. This is the faith that I go back to the South with. With this faith we will be able to hew out of the mountains of despair a stone of hope. With this faith we will be able to transform the jangling discord of our nation into a beautiful symphony of brotherhood. With this faith we will be able to work together, to pray together, to struggle together, to go to jail, together, to stand up for freedom together, knowing that we will be free one day. And this will be the day when all of God's children will be able to sing with new meaning, "My country 'tis of thee, sweet land of liberty, of thee I sing. Land where my father died, land of the pilgrim's pride, from every mountain side, let freedom
