Healthy African-American Babies Is Goal Of New Campaign

SACRAMENTO — In an effort to improve the health of African-American babies, the state of California is launching a series of health-related messages on radio and in newspapers targeted at pregnant women and new parents. The program, "Black Care for Black Care," is based on the observation of African-Americans Infants Health Work, February 19-25, aimed at growing awareness to make the program a priority.

"In a critical way we join together statewide and focus community efforts that provide essential support services to African-American women around the state," said First Lady Gayle Wilks. "Focused Care brings an important message of hope to African-American women and their families, knowing that they can make a difference in their early development and future.

"Focused Care for African-American has decreased from 19.2 deaths per 1,000 live births in 1989, to 15.5 deaths in 1993, the most recent year for which statistics are available. This is a 10% decrease, which is a significant improvement."

"Here is a potential way to look at it: If we were to reduce infant death rates, we could save lives and prevent suffering."

"For help obtaining prenatal care services in Riverside County, contact the Riverside County Black Infant Health Program at 714-530-4200 or toll-free at 1-800-BABY-999.

Immune System

Our Bodies
BY DR. ERNEST LEVISTEDE, M.D.

There are specialized white blood cells. The T (thymus derived) lymphocytes, have various functions, among them switching various aspects of immune responses and the equally important, switching it off. The B (bone marrow derived) lymphocyte manufactures antibodies. There are scavengers called phagocytes, from which a monitor and alarm system can eat all sorts of debris and avert potentiality of disease. The immune system can maintain our health and alert the immune system.

"In addition, there are killer T-cells that in non-onc cells affect the body's own cells when, in the case of cancer, they begin to grow abnormally."

The immune system senses a memory. Once you develop an immunity it may last for many years which is the foundation for vaccinations.

God's Women "Fired Up" In Colorado

The Black Voice News

The services escalated in the manner than made the room penetrat­
ing words Dr. Wood really provided a group therapy session for many who attended.

It was interesting to speak to several women from San Diego who reported that several of them had come to three or more of the 17 conferences sponsored by God's Woman in the Roots. The audience "sobbed", "asked", and "received", from the powerful penetrating words Dr. Wood spoke. Many acknowledged the need to forgive others and themselves of their past history and the need to get on with life during the altar appeal. Dr. Wood really provided a group therapy session for many who attended.

Dr. Wood spoke on the topic of "Jesus Loves You", explaining how He expresses it to us and how He expects us to use our several "costumes", yet still be ourselves. Her use of several "curious", and how He expresses it to us.

The services included in the afternoon session were: Dr. Ramaiona Wood from Los Angeles spoke on "Being to the Word of God deliv­
der from women who could speak and spread the Word of God to their experiences.

Dr. Jester Hairston To Be Honored

On Saturday, March 11, 1995, the Inland Empire will present, "Portrait of a Great Achiever," a gala celebration honoring Dr. Jester Hairston.

You may remember him as Deacon from the hit television show Amen, but did you know he also starred in the trailblazing sitcom Amos & Andy as well? The "Portrait of a Great Achiever" gala will celebrate Dr. Hairston's life and honor his eight decades of uplifting. An intimate dinner with Dr. Hairston's family and close friends will convene at 6:00 p.m. and requires a $30 donation. Immediately following the dinner, well-wishers are invited to the free program showcasing the talents of Dr. Isaiah Jones, a Grammy nominee and singer of such songs as "God Has Smiled On Me," "Fill My Cup" and a host of others. Also scheduled to pay tribute to Dr. Hairston's achievements are renowned gospel groups "Higher Calling Ministries," "Another Peace" and "Inland Empire Youth." In addition, Dr. Hairston will conduct five of his original works during the gala.

Disneyland Does It Again!

By Paulette Brown-Hinds

Disneyland's latest adventure ride, The Indiana Jones Adventure, is set to open next week. It is the latest in a series of rides, which has put Disneyland once again at the top of the list for "thrilling" amusement park goers.

The ride, based on the movie by the same name, is situated in "Frontierland" between Pirates of the Caribbean, The Swiss Family Tree-house, and The Jungle Ride. Although the "ride" itself takes the adventurer through the "temple" (a replica from the first "Indy" movie), the adventure begins once you step into line. The many winding pathways which all lead to the ride, take you deeper into a cavern lined with skulls, trap doors, and cobwebs. If you take the wrong path, or touch the wrong wall, you may find the ceiling literally start to come down on your head.

Once you're strapped into your jeep, and begin the adventure, you begin the adventure surging rats, invisible arrows, giant snakes, and runaway boulders.

There are three different rides in one, so you never know which one you will travel.

Disney has done it again! Hold on to your hats and glasses. The Indiana Jones Adventure is a guaranteed thrill for all!
This time of terrible crisis in our urban centers today, violence, poverty, and the breakdown of family are at all-time high, a turn of hand-wringing and posturing and political empty statements. Among the chorus of opinions, one voice stands out and challenges us to speak the truth about today's relationships between Blacks and Whites, and especially between African-American and women. Sister Souljah, the activist and hip-hop artist who fought publicly with presidential candidate Bill Clinton, speaks with a powerful voice, and often angry eloquence of growing up black and female in America.

No Disrespect offers a raw and brutally honest portrait of life--both the good and the bad--seen by the street. Souljah is as forthcoming about her mistakes as she is about her successes to show how young Black girls can grow up with their integrity intact in a very tough world. "By exposing my experiences and the experiences of many of the people around me," Souljah writes, "I hope and pray that many African and women and men will gain an understanding of love and life, and how we have chosen to give ourselves the pain of ignorance." As she traces her life from a terrifying childhood in a Bronx housing project to college years at Rutgers University to life as a committed activist, she probes the few other paths that follow out of the ghetto into healthy, productive lives.

Sister Souljah will be a Phoenix books on March 25th in the ghetto, where the destruction of the African-American family was all too complete, and her subsequent years in mostly White New Casey schools, became the voice of a generation. She tells the story of her life, recounting her story, to show how young Black girls and boys grow up to become strong and responsible? In No Disrespect, she offers heartfelt yet sticce guidance for those searching for answers.

"Remember," Sister Souljah writes, "no one will save us ourselves. Neither God nor White people will do it. But first we must learn to respect ourselves. That is the test we must pass, the promise we must make to each other, the challenge of all our lives." No Disrespect will deepen the public debate over race, class and sex. It is an essential part of the dialogue that whites, men, and women of all persuasions need to understand.
Fontana Wins First Ever 1AA CIF Title, Beats Long Beach Poly 65-57.

By LELAND STEIN III
BVN Sports Editor

ANAHEIM - Fontana High, known as a football school around Southern California, can now add basketball to its sports repertoire.

"What a difference a year makes. Last year was the year everyone expected the Steelers," said head coach Merle Brown, "but this year we're real strong," came from Etowanda, it took the whole starting team, needed time to come together and learn its roles. It also had one of the best players in the country, Travon Chemolith.

With Carmichael gone along with other starters, this year's squad was expected to be a competitive one, but CIF champs?

Well, after determining last year's title winners, the starting basketball power Long Beach Poly, 65-47, at the Arrowhead Pond before 15,103, the Steelers (24-4) have beaten the odds and a sluggish early season start.

Led by emotionally charged senior Jemall Slaughter (game high 23 points) and hyperactive junior Corey Benjamin (20 points and 15 rebounds), Fontana was in first ever basketball title in the school's 40-year history.

"We just played hard and let the game come to us," said Benjamin. "Poly came out wanting to win just like we did, but we were a little more hyped than they were.

If you would have caught some of the Steelers' games in mid-season and the Kiwanis Tournament, you probably wouldn't have expected them to do this sort of thing. Although many didn't think the showman Steelers had the right stuff to hoist the title, they never doubted themselves.

"I think we're in a title, me and my brother (Dwight)," said Jemall, "and I never had it happen to us. It hasn't sunk it in yet, but I'm sure it will when I get it sit down and think about it."

Added Coach Mike Southworth: "Those early season losses helped us put things in focus. We had to readjust and dig down and come together as a team. We lost some games in league and outside league that we probably never should have lost, but in the end it was probably a good thing we did.

The early losses were a direct result of a team that needed to come together and learn its roles. With a new cast, fueled by the infusion of the two brothers, who came from Etowanda, it took time for the team to gel.

"New we were going to bite the whole starting team, but I know we have a good program that is real strong, interjected Benjamin. "I guess people can't write bad things about us now.

Don't worry Corey, it's all good.

The Lightning were very good against Poly, and despite their showcase reputation, Fontana implemented a workman-like performance against a determined and ready Long Beach squad.

After Poly put together a two minute run that got the score within 49-47 with two minutes remaining, Benjamin hit the Jackrabbits' run with a three point play and followed it up with a put back that gave the Steelers a healthy 54-48 lead with under two minutes remaining. They never looked back.

Poly, after getting down 16, was at the end of the first period, played Fontana even the rest of the way as the strength of its three-point shooting. The Jackrabbits connected on 6-for-26, while the Steelers made only one.

But, the Steelers had teyrs Poly no answer for. Dwight (17 points), Jemall and Corey, the Steelers' big three, scored all but five of their team's 65 points.

Although Fontana's scoring was down by the Big Three, role players Darnell Green, Frank Neggera, Gysai Griffin and Fred Crawford provided the solid defense, picks, hustle, three hurts and rebounding required of any championship team.

"(Southworth) told us that Poly wouldn't fold over and play dead," said Jemall, "and they were a better team than the one we beat earlier in the year (54-46). We threw down the gauntlet and concentrated on the game.

Added Benjamin: "You can't get this far in the tournament and not be a good team. Poly has a lot of tradition and we know we had to come correct to win it."

Summing up Dwight: "This is a great team experience. Also, playing with (Corey and Jemall) is a pleasure, Sometimes I just want to sit back and watch them."

You are not alone Dwight, so do it!
