RECLASSIFICATION AUTHORITY IS DELEGATED TO COLLEGE

The College will now be able to make the final decision on the classification and reclassification of employee positions.

This new delegation of authority to the local campus level, which becomes effective May 1, was granted by the Chancellor's Office, which in the past had the sole power to grant final approval on most classification levels.

Under Delegation of Classification Authority, dated April 4, 1978, issued by the Chancellor's Office, the decisions of the College can be put into effect immediately, subject to availability of funds. The funds which are available each year for reclassifications will not be increased because of the change-over in delegated authority.

Promotions will continue to be handled on campus on a competitive basis as in the past.

Revised classification procedures will be distributed to each employee some time next week.
