Super Mall To Be Built in Ontario

Ontario Mills

Ogdenbreaking began recently at the construction site of Ontario Mills, a 1.7 million-square-foot regional outlet mall that will have some of the country's most well-known tourist attractions as well as premium outlet shopping centers. The mall is scheduled for completion in fall 1995. Ontario Mills will feature 15 anchors and major stores and more than 200 specialty stores. Peter F. Fink, chairman, president and chief operating officer of The Mills Corporation, said the leasing pace is "very strong with just over 50% of the space committed by leading mallers."

The project is expected to create as many as 2,500 construction jobs and another 5,000 permanent positions once the center opens, slated for late 1995.

The Mills Corporation's super-regional malls are designed to cater to value-conscious, brand-loyal consumers. The company's portfolio combines anchors with premium outlet shopping centers, representing a variety of retail merchandising formats, all in enclosed malls. The appeal of their quality and value focus has enabled them to attract the highest-quality tenants, an attractive asset as well as a positive shopping experience for their customers.

The Mills Corporation (NYSE:IMI) is a fully integrated company that develops, owns and manages regional and outlet malls.

We Should Have Accountability On The Issue Of Affirmative Action

As a member of the Urban League of Greater Riverside County, I am proud that the Urban League has been committed to bringing both parties together to work on this critical issue. It is crucial that we openly discuss and find solutions to the issues of Affirmative Action.

In the conversation with NAACP board, I took the position that it was imperative that the Urban League take a pro-active role in helping focused officials, at all levels of government, accountably on the issue of Affirmative Action. Next, that we be respectful and present non-urban league organization the quicksand that hasNAAACP at the national and local level.

In February, I called on the following elected officials: Senator Bill Leonard(R), Senator Ray Hayden(R), Senator David Kennedy(R), Supervisor Dave Wille (D), Supervisor Norma Wille (D), Supervisor Lynda Weidig(R), Assemblyman Brendan Gruel (D), and Supervisor Kaye.runner (D).

Of the aforementioned, only Senator Leonard, Senator Hayden, and Assemblyman Bruch Thompson arranged meetings on their calendars to discuss the issues of Affirmative Action. However, it must be mentioned that the NAACP was unable to aid our Urban League meeting and should be considered in a positive light.

The last major bill on the Affirmative Action program for the State of California, said that he did not because of a complete from an Asiancomputer error. The family was outraged by the actions of UC Riverside not allowing their son to because of quotas. The mounting of the UC Riverside said, "I was really put out," Dr. Richardson, to introduce the NAACP expenses, probers have around in Gibson's tangled the nation against women. The executive directors that has led to a $4.5 million deficit. Their are also charges that Gibson won't the lucrative NAACP office. Does this say to young Black students? It says that the garbage protections. These administrators and teachers that attend the UC system across the State of California are of affirmative action. The numbers of students that attend UC students that attend the University of California.

QA Courts: Children's Advocacy; A Friend To The Children, What A Lie.

By Deime (Pam) Stringer

I regards to the article written in the San Newpaper on March 15, 1995, Court's Children's Advocacy by Mick Lawson. Mr. Lawson was given praise for being a Child Cas­ tidy Attorney to the Children. Attorney's should not be given praises for intimidating and threatening appointed clients (parents). Also a Judge should not get praise for condemning an attorney's wrongdoing.

The World says, "For if a man think himself to be something when he is nothing, He deceiveth himself" Gal. 6:1. When does he do his job. He does nothing. He is nothing, He know that the house was not built right in the eyesight of God.

People can portray a pretty picture, but everything you see is not exactly the way it pur­ toys to be.

David Stringer stated that "Mr. Lawson wanted to go find out about one of his clients." But did he? He doesn't with his clients.

Mr. Stringer also stated that "he walks up and down in the hallway with his telephone on his hand". Yes, so seek which client (parent) he can deceive (Every man mercy move, to threaten a parent here I go, every mercy move, wise, ha ha I judge longs, we never know). Yes, the devil comes in all shapes forms and fashion. He doesn't have pointed ears, horns, and a tail. He can come in a dark blue suit on Monday, Tuesday and Wednesday, and a light grey suit on Thursday and Friday, or a vest. Where he goes and sin in the earth and form walking up and down in it. (Hallway of the 3rd floor County Courthouse). Ever try­ ing to seek to defeat the divine plans of God which is the hate interest of the child (which is not Lawson's).

An Attorney (Mick Lawson) that has been divorced twice and married three times cannot help clients (parents), sounds like confusion to me. Where there is confusion there is hate (towards one of the par­ ents) envy and strife.

Proverbs 6:16 - 17 "These things doth the Lord hate, Ye seek an aversion unto him, (just a few) 1 A proud

Our Bodies

Bad Breath

By Dr. Ernest Levister, M.D.

BEAR DR. LEVISTER: My girlfriend tells me my breath smells bad, you not sure and tell me to love BEAR IN LOVE: But breath or chronic halitosis is more often caused by infection of the games known as periodontal disease. It can also come from a multitude of sources ranging from smoking as simple as food particles lodged between the teeth or a dry mouth to oral conditions like inflammatory or gastric disorders.

Other contributing factors include: smoking, alcohol, alco­ holic drinks and such foods as garlic.

Mints and mouth washes will only temporarily quell bad breath; they cannot cure any­ thing.

If you practice good dental health, you should be aware of the possibilities of this condition.

Dr. Levister welcomes read­ er mail concerning their body or habits that he cannot answer individual letters. Your letters will be incorporated into the column as space permits. You may direct your letters to Dr. Levister in care of Voice News, P.O. Box 1541, River­ side, CA 92502.

All D.J.'s Are Not Created Equal

Accents on Weddings

By Kitty Arlia

The ceremony's over. It's time to party! The music will help create the atmosphere of the reception. The disc jockey can make or break a reception. The music should be determined by you and your fiancé.

"High Lights Productions" says "the biggest mistakes couples make when they call a D.J. is they first ask how much do you charge?" He says that you should be asking the following:

* Do you have wedding experience?
* What type of service do you offer?
* How many years in the business?
* Do you have references that I can check?
* What will you wear?
* Do you have back up equipment such as an ampli­ fier?

Make sure the contract specifies the date, time, place, charge, and any overtime charges. A good D.J. is usually booked 12 months in advance. A good music band is usually booked 1 year in advance. Any questions? By the way any music band you want you have to play music you want for your dance.

On the other hand, in order to stay in business for the next 20 years, your heart has to be right, for people perish for lack of knowledge.

If Chronicles 7:14 "If my people which are called by my name, shall humble themselves and pray, and seek me and turn my heart from their wicked ways: then will I hear from heaven, and will forgive their sins, and will heal their land".

You have to know God for yourself and in the pardon of your sins. If your heart is not right and you are mistreating and threatening clients (par­ ents) envy and strife.

God.

Elder Lesie Lenoir is the Host Pastor.

In fact, we’re already working on it. As we look forward to the next century, we’re listening even more closely to our customers and responding to their needs.

Our plan is to offer exactly what you’ve asked for: lower prices. We’ve implemented an immediate price freeze to residential and small business customer groups that will hold their average rates at 1995 levels through 1996. Beyond that, we’ve established a goal of reducing our system average rates from 10.7¢ per kWh now, to below 10¢ by the year 2000. It’s a reduction of 25% after adjusting for inflation.

That’s only the first step. Throughout the year we’ll be continually rolling out a number of new services, all designed with our customers’ needs in mind. Flexible pricing options will help businesses be more successful. New service guarantees will pledge that Edison will meet high standards of reliability even while we are reducing prices. And, with new billing options, there’s even more to come.

This is the beginning of a new era at Edison. We’re moving forward with a renewed commitment to bring our customers lower prices, a greater variety of options and even better service. Can you imagine a more important goal for Edison? We can.

Nordstrom Celebrates The Spirit Of African-American Women

By Cheryl Brown - BVN

Recently Nordstrom and the National Council of Women, Moreno Valley Section held a continental breakfast, book signing and fashion show in the Riverside Tyler Galleria store. Guests were also introduced to the Estee Lauder Cosmetics line for women of color. The wonderful muffins served were made from recipes in the NCNW Quilt Cookbook. NCNW members were delighted with the homemade treats.

Beauty author LaVerne Prowis Tolbert discussed beauty from the inside out. She told the story of a woman who never gave up. Through downfall after downfall she would pick herself back up and be better than she was before. But she hit a wall one time and could not come back. Prowis Tolbert explained to the women her experience. “The woman,” she said, “tried other things and nothing worked until she accepted Christ in her life,” she told the woman that no matter what they were going through He is the answer.

The look into the latest season’s fashions were shown by beautiful models of all sizes and ages, much to the delight of the audience. The mostly female audience enjoyed commentator Phyllis Clark who is a personal consultant at the store. She took us throughout the spring from daytime to nighttime and then showed a special line of African wear by Peggy A. James, that inspired the audience.

Many spent the day at the store trying on clothes and making purchases. Not to mention the makeovers by Estee Lauder.

Street Level Productions Releases Rap Compilation

Street Raps, Volume I, is the fir s t of many compilation tapes to be issued by Street Level Productions, a new production company designed to give new artists a chance to display their talents. Volume I offers a wide variety of rap music. It has every­ thing from hard-core to bubble gum rap. Not every song may appeal to you, but there is a song for everyone.

The highlight of the tape is "Toast To The Ladies" because we've always had success with love songs that have been dedicated to women. The album is a good representation of what we can do, the ballads and c e rtain types of up tempo tracks that work for us. These days with new musical styl es taking over, it's about doing what we do best.—What The Whispers do best is exemplified by slow jams like the first single, the romantic, annual Make Sweet Love To Me, Heaven (with the group's instantly recognizable vocal sound stamped all over it). Ford Credit honored the top 1.5 percent of Ford and Lincoln-Mercury dealers from across the United States and Canada at its second annual “Partners in Quality” awards ceremony. These dealers achieved the highest marks in a QCP questionnaire for selected finance and insurance questions, retail and Red Carpet Lease (RCL) combined market share, RCL market share and overall QCP rating.

McVay, was one of the 80 dealers recognized at a ceremony, held on March 18th at the Ritz-Carlton in Naples, FL. Ford Credit President Edsel B. Ford II addressed the group. “Of this year’s top performers, you are the elite - the best of the best,” he said.

Each winner received an original bronze sculpture designed by Canadian artist May Marx. Ford Credit will commission a different artist every year to design a new piece, which symbolizes the partnership in quality between the dealer and Ford Credit.

“I didn’t do it by myself,” said McVay. “I work with a top group of people. From the office, sales floor, parts, service, body shop and any other job, my people are in the top 1.5% in the nation, I’m happy they were additionally recognized. The beautiful sculpture will rest in our office,” he said.

Chuck McVay is congratulated by Edsel Ford II in Naples, Florida.
