ENROLL BY AUG. 25. New students are urged to submit applications for enrollment in CSCSB by August 25. Cheryl Weese, Admissions Officer states, "This will enable the College to process their papers, assign registration priority numbers and have their registration packets prepared in advance."

Students applying after the August 25 deadline may still be accepted but they will have to register for classes after everyone else. They must also have an interview with an admissions official.

On-campus housing in Serrano Village is limited and early application is also important in securing a room, according to Will Gordon, Resident Director. "Reservation requests for on-campus housing are up 30 percent over this time last year and interested students should sign up soon while space is still available."

"She was appointed to the College Advisory Board, a vital link between the community and the College, in 1968 and served for eight years." Earlier she was a member of the original planning committee which worked with College officials during the early stages when roads and utility services were being developed for the campus.

His writings include contributions to five volumes on The Air Force in World War II, a six-volume series including "The Clean Up," "Cutting the Enemy's Lifeline," and "The Admiralties."
