CSCSB UPWARD BOUND STUDENTS PLACE FIRST IN COLLEGE BOWL

Five members of the CSCSB Upward Bound Program won first place academic honors at the College Bowl held at Occidental College last month. The students were part of the 60-member CSCSB team competing in the Annual Upward Bound Summer Olympics. In addition to the first place academic trophy, the entire Cal State group also received honorable mention for sportsmanship.

The College Bowl winners were Charles Adams, Kenny Corona, Elicia Pedroza, William Webb, III and Thomas Wilson who fielded questions on current events, math, science and government.

Competing against 700 other Upward Bound students from UCLA, USC, Occidental College, Ventura, Long Beach State and San Diego State, the CSCSB team also entered basketball, volleyball and track events.

This was the fourth consecutive year of Upward Bound Summer Olympic rivalry for CSCSB contestants, juniors and seniors from local high schools. Twenty-five seniors will graduate from the program in September and will be honored at an awards banquet then. The year-round program includes an academic segment during the regular school year with tutorial sessions and Saturday workshops, and a seven-week summer component for dorm resident students who attend classes and recreation sessions.

The current summer session has 65 resident students enrolled. During the year there were a total of 140 students, drawn from eleven local high schools.

The federally-funded, HEW-sponsored program is headed on campus by John Chesney. He is assisted this summer by Tony Zamudio, CSCSB graduate who is a second-year student in the psychology counseling graduate program.
