## PARKING LOT AND PARKING FEE CHANGES

### CHANGES MADE IN PAY PARKING LOT ADMITTANCE

Effective Monday, January 29, the gate arm system in the pay parking lot will be removed from service. The parking lot will now be open to all vehicles displaying a valid permit.

For the convenience of those not holding a decal, a one-day 25-cent permit dispenser has been installed at the parking lot entrance.

All those who have card keys to the lot are requested to turn them in to the Bursar's Office in exchange for a parking decal before the change-over.

### PARKING FEES INCREASED FOR FACULTY, STAFF AND STUDENTS

Parking fees will increase beginning with the Fall, 1979 term as a result of a resolution passed by the Board of Trustees of the CSUC last November.

The 1979-80 rates will be raised from \$10 per quarter to \$12 for students and from \$3.33 per month to \$4 for faculty and staff.

There are also some significant changes in the issuance of permits:

(Continued on page 2)

PAYDAY IS TUESDAY, JANUARY 30.

**PARKING**  
Continued from page 1

1. Parking permits for alternate vehicles (second decals) will no longer be available. In order to accommodate the use of alternate vehicles, a movable parking decal will be available at no extra charge. The movable decal will be displayed by hanging it from the rear view mirror.
2. Individuals who lose or have their parking decal stolen will not be able to obtain a replacement by payment of a modest replacement fee as in the past. Instead, it will be necessary to purchase a new parking decal at an increased fee at the Bursar's Office.
3. Daily parking permits will still be available; however, the daily rate will be increased from 25¢ to 50¢.
4. Parking fees for special events may be established some time in the future.

FROM LEGIONNAIRE'S DISEASE"

Dr. Robert P. Hudson, professor of the history and philosophy of medicine at Kansas University Medical Center, will consider the "Lessons Learned from Legionnaire's Disease" in an illustrated lecture scheduled on campus Thursday, February 1.

In spite of the serious nature of the topic Dr. Hudson's presentation is quite entertaining and of general interest. Dr. David Hendricksen, Asst. Prof., Health Science and Human Ecology and also a graduate of the University of Kansas Medical Center, states that members of the campus community may attend the talk with their families and friends.

The lecture will begin at 8 p.m. in PS-10. It is free of charge.

A more serious talk will be given by Dr. Hudson at 3 p.m. on the same day, also in PS-10. Speaking on "The Right to Live and the Right to Die," Dr. Hudson will discuss the ethical question of treatment against the patient's wishes and the ethical, economic and moral questions involved.

The lecturer, winner of the Jayhawker M.D. award and KUMC outstanding teacher of the year, was selected for the Distinguished Teaching Award at the University of Kansas by the 22,000 student body in 1977.

Dr. Hudson, who is brought to campus by Dr. Hendricksen, has lectured widely throughout the U.S. and has written numerous articles and editorials.
