SENATE BILL GETS

SENATE APPROVAL

A bill providing cost-of-living salary increases to 140,000 state employees, including those in the California University and Colleges System, has received Senate approval and has passed its first hearing in the Assembly.

The measure, SB 91, calls for a 7 percent average increase retroactive to last October 1 and an additional 8 percent beginning July 1. The last cost-of-living adjustment for state employees went into effect nearly two years ago.

SB 91 was approved by a 5-0 vote by the Assembly Public Employees and Retirement Committee on May 16 and now must go to the Ways and Means Committee and subsequently the Assembly floor.

If the measure is amended in the Assembly, any differences must be worked out with the Senate before the bill is sent to Governor Brown.

ANNUAL JURIED
ART SHOW OPENS

The Annual Student Art Show, a juried exhibit of 75 art works by 30 student artists, opened for public view last night.

The exhibit, sponsored by the Art Department, represents the best of nearly double the number of entries judged by the nine-member art faculty.

Prizes totaling \$75 will be awarded to winners in various categories as well as awards of merit. Each student was allowed to compete in all categories, which included prints, wood, sculpture, paintings, and others.

A reception honoring the artists was held in the Gallery last evening.

New Aluminum Bleachers

COMMENCEMENT
PACE PICKS UP

Graduates are rushing to Commencement this year. Over 125 graduates and candidates have been processed by the College Relations Office for cap and gown rental since the first two days of Commencement activity.

This year the College will be able to accommodate approximately 250-300 additional guests for the ceremony due to the purchase of new portable aluminum bleachers. Twenty-one sections, each seating 100 persons, were purchased this Spring.

The new bleachers will provide a more rigid seating than that afforded by the previously rented wood-constructed ones. They can be stored on campus without wea-

thering and used for outdoor sports, intramurals and other events.

In addition to the 21 bleacher sets, a new, all-aluminum, 32-foot by 15-foot platform was purchased, providing a larger stage area and seating for the platform party. The Physical Plant is adapting the curtained backdrop to accommodate the new platform and is constructing new ramps for it.

Not only do the new bleachers provide additional seating capacity, but the purchase allows the College to keep the student graduate check fee at its current \$9 rate.

Last year the graduating fee fund ran into a deficit due to increased rental fees for bleachers. But with the purchase of the new bleachers, it is expected that the current fee will be adequate to cover all Commencement expenses and that the grad fee will not have to be increased in the foreseeable future.

FULL-SCALE CRIME PREVENTION
CONFERENCE PLANNED FOR JUNE 2

A major conference focusing on the prevention of crimes against people will be held on campus Saturday, June 2.

Designed for the general public, the free conference will direct attention to preventing crimes in the areas of child abuse, consumer affairs, rape and senior citizens.

Registration is required by May 25 due to limited space. Contact the Office of Continuing Education for registration information.

The full-day program will begin at 9 a.m. in PS-10. Workshops will last until 4 p.m.

This is the first time a crime prevention conference of this caliber has ever been offered in the Inland Empire, according to Detective Paul Curry of the San Bernardino Sheriff's Office, Director of the San Bernardino County Crime Prevention Office and co-coordinator of the conference. Many professionals, all top-notch speakers, will share their expertise on these crime-related areas.

Workshop discussions will be led by the Attorney General's Crime Prevention Unit as well as other representatives from crime agencies at state, local and college levels.
