LEGISLATION MAY PROVIDE  
TWO YEAR'S SERVICE CREDIT  
FOR EARLY RETIREMENT

A bill which would allow two year's extra service credit for College employees who retire under certain circumstances and within a certain time span, has been signed into law by the Governor.

AB 876 permits CSUC employees to receive two additional years of service credit in the Public Employees' Retirement System (PERS) or the State Teachers Retirement System if the Governor, upon recommendation of the Board of Trustees, determines that in the event of an impending curtailment of service the best interests of the State would be served if employees retired during a designated period.

Effective January 1, 1980, the bill requires (1) a resolution by the Board of Trustees requesting the Governor to issue the required executive order as soon as possible after January 1, 1980, depending upon availability of funding within the system, and (2) issuance of the required executive order by the Governor.

If the two requirements are met, the earliest possible date for retirements to qualify for the extra service credit would be April 1, 1980 and the latest would be before June 30, 1980. Age factors and final compensation factors are not changed when estimating the added retirement benefits.

Oscar Jackson, Personnel Officer and Campus Coordinator for the bill, will be glad to answer questions that College employees may have concerning it. Employees will be informed as soon as any additional developments occur. New information is not expected, however, until after the November 27, 28 Board of Trustees' meeting.

COMPUTER CENTER NOW PART  
OF ACADEMIC ADMINISTRATION

According to an announcement received from the Office of Academic Affairs, the Supervision of the Computer Center operation has been moved from Institutional Research and will become part of the operation of the Office of Academic Administration, headed by James D. Thomas.

The changover, effective Monday, October 8, will permit Dr. Robert A. Schwabe, Institutional Research Director, to concentrate upon additional areas of interest to the College, including student development and program evaluation.

In addition to the Computer Center, Dr. Thomas' areas of responsibility include the College's affirmative action program, grants programs, allocation of equipment and instructional funds and graduate and student assistant funds.

ART FACULTY WORK  
GOES ON DISPLAY

The College art faculty will display their best work of the past year in this year's opening show October 17 through November 14. The College and outside community members are invited to view the exhibit and attend the opening reception October 17 at 7:30 p.m. in the Gallery.

Each new school year the art faculty exhibit their most recent works to show what they have been doing, according to Leo Doyle, faculty gallery director for the Fall Quarter. This will be one of the last shows in the Gallery before it is remodeled, he adds.

The display includes wood and sculpture by Leo Doyle; sculpture by Roger Lin-tault, design by Mark Mayuga, printmaking by Joe Moran, ceramics by Jan Mrozinski; ceramics and glass by Bill Warehall and painting by Don Woodford.

TWO POLITICIANS TO DISCUSS  
CONTROVERSIAL ISSUES NEXT WEEK

Two politicians will speak at the College as part of an election issues lecture series being held on campus this month.

State Senator Alan Robbins, who has compiled a successful legislative record and has earned a reputation for dealing with controversial issues, the most recent, a fight to end mandatory busing, will speak Monday, October 8 at noon in LC-500.

Senator Robbins says he is a firm believer in school integration, but not in ordering children onto a bus to achieve it. As a result the senator has launched a drive to put the issue before the voters, which is Prop. 1 on the November 6 ballot. In his lecture here Sen. Robbins will share his views on the issue.

+

Councilman Ralph Hernandez of San Bernardino who took office after a handful of absentee ballots turned up at the last minute, will speak Tuesday, October 9, from 4 to 6 p.m. in PS-122. In his Cal State lecture the councilman will speak on the absentee ballot controversy, local politics and the importance of voter involvement.

There is no charge for the lectures which are open to all, according to Sheldon Kamieniecki, Asst. Prof., Political Science, who is coordinating the series.
