NURSING PROGRAM RECEIVES SIX-YEAR ACCREDITATION

The College's nursing program has been accredited by the National League for Nursing for a six-year term. The accreditation, the first received by the nursing program, is the fulfillment of several years of work in developing and refining a program which will meet the needs of R.N.s and health care institutions in the area, according to James Crum, Dean of the School of Natural Sciences.

It is unusual, he adds, for the initial accreditation to be for a six-year term. The National League for Nursing is the agency recognized as the overseer of the quality of nursing education in the United States and is also the official accrediting agency for the profession.

The accreditation, explains Mary Patterson, Chairman of the Nursing Department, provides automatic certification in community health nursing from the State Department of Health, facilitates entry into graduate programs in nursing and is necessary for commission status for nurses entering the armed forces. Pending accreditation nursing graduates received their community health certification through a cooperative arrangement with Cal State U, Los Angeles.

The CSCSB program is designed for R.N.s who have an associate degree from a community college. Nurses who are graduates of diploma schools must have their nursing work certified by a community college.

According to Dr. Patterson, current trends in the delivery of health care indicate a growing need for nurses who are able to assume broader clinical responsibility, have community health experience, and who have the ability to plan, provide leadership and initiate change. These characteristics are developed in nurses

SABBATICAL LEAVES GRANTED TO SIX FACULTY FOR 1980-81

Six faculty members have been granted sabbatical leaves during the 1980-81 academic year.

Three of them will be on leave during the Fall, 1980 quarter: John Chaney, Assoc. Prof., Administration, will spend that time writing a series of case studies of businesses and their problems for analysis and problem-solving by business students in the classroom.

Charles Hoffman, Assoc. Prof., Psychology, will devote that quarter to developing a two-part project, the first is research on how men and women interact with girls and boys, the second is a focus on the effects of experience and personality factors as they relate to men's ability to interact with children. He will also work on a paper, "The Character and Development of Universal Operational Thought."

A return to the classroom is scheduled by Elton Thompson, Professor, Education, during that period. He plans to teach in one of the middle schools of the local

Continued from page 1

in programs at the baccalaureate level.

The nurse in the B.S. program will learn to do health assessments of the adult and the aged, mother and child, and psycho-social, as a foundation for family health care. The program also introduces the R.N. to leadership skills and a beginning understanding of research.

The strong clinical component, spread over five quarters, includes field experience in health agencies in San Bernardino and Riverside counties. The College has contracts with approximately 12 agencies for this field experience.

Nurses may be admitted to Cal State's degree program at any time; however, certain core courses are offered at specific times. Students admitted in the other quarter may take prerequisite or elective courses. Participants must have a California license because of the clinical field work.

Currently there are 142 nurses enrolled in the B.S. program. The program is open and there are no enrollment limitations now. It is possible to enroll on a part-time basis. The majority of the present students are employed in their profession.

ANNUAL BLOOD DRIVE
SET FOR JANUARY 23

The College's annual blood drive will take place Wednesday, January 23. From 9 a.m. until 3 p.m. staff from the San Bernardino-Riverside Blood Bank will be in the Student Health Center to conduct the drive for the College. It is sponsored by the Student Health Center, Veterans Club and the P.E. Intramural Department.

Several cash prizes will be awarded to donors through a drawing after 3 p.m. The process of donating blood takes about one hour. Volunteers will be released for the time necessary.

The reserve fund provides that students, faculty or staff or their immediate dependents will have blood available for any emergency which requires it. To keep the fund going, volunteers from the College Community are called upon to donate once a year.

school district. He will renew his teaching experience in order to gain a first-hand knowledge of today's classroom.

Richard Switzer, Prof., French, has been granted leave for the full academic year which he will devote to further work on the playwright Eugene Scribe. Dr. Switzer will do research in Berkeley and France on the author's unpublished correspondence which will be translated in both French and English. Dr. Switzer and Dr. Helene Koon, co-authors of a book on Scribe which is soon to be released, will again collaborate on the current research and work which they plan to use as a basis for another book.

Fred Kellers, Prof. and Chairman, Physics, will be on leave during the Fall, 1980 and Spring, 1981 quarters. Part of that time he will work with Prof. Alfred Bork at the University of California, Irvine campus to study computer-assisted instruction in physics. He also will spend some time working on other projects in physics, including a paper for publication.

The Winter and Spring, 1981 terms will be devoted by Robert Lee, Prof., English, to doing research and writing on the early 20th century author, Hornung, to be used for future publication.

SWIMMING POOL CLOSES
FOR WINTER QUARTER

The swimming pool will be closed during the Winter quarter, according to information received from Reginald Price, Physical Education Chairman.

Low enrollment in the aquatic courses offered resulted in cancellation of the courses. Since the pool will not be used for instructional classes, it is being closed due to operational costs.

WOMEN IN GOVERNMENT
CONFERENCE SCHEDULES
DISTINGUISHED PANEL

A Los Angeles attorney and leading feminist, a former Congresswoman and a municipal court judge are scheduled as speakers for the Women in Government Conference to be held on campus Wednesday, January 23.

Serving as moderator will be Carol Goss, Assoc. Prof., Political Science. Sponsored by the newly-revived student group, the Political Science Council, the conference will be held in the Student Union from noon to 2 p.m.

Gloria Allred, Los Angeles attorney and active supporter of the ERA, Shirley Pettis, former congresswoman from the 37th Dist., and Judge Dana Henry of the Fontana Municipal Court will speak at the program which is open to the public.

Each panelist will speak for 25 minutes on the topic women in government. A question and answer period will follow.

IN-DEPTH SPSS
LECTURES OFFERED

The Computer Center has arranged a series of six in-depth SPSS lectures to be given by Sheldon Kamieniecki, academic coordinator for the center. Although open to all on campus, a basic knowledge of statistics is necessary. The first lecture, "Preparing Data for Statistical Analysis," will be given Wed., Jan. 23 in LC-13. Those who wish to attend but cannot due to other commitments, may contact Dr. Kamieniecki or Herb Nickles.

Speaking up.

Robert Blackey (History) spoke last night before the high school youth group of Temple Emanu-El in San Bernardino on "Witchcraft: History and Perspective."

+

Robert Cramer (Psych.) will speak tonight to members of Parents Without Partners on "Behaviorism: Past, Present and Future" at a dinner meeting to be held in Rubidoux.

+

Marvin Frost (Geog.) gave a speech entitled, "Wildlife Conservation" to a San Gorgonio High School reading class on Jan. 17.

+

Ernest Garcia (Education) presented his speech "The Educational Voucher System" to members of the Delta Kappa Gamma Club of San Bernardino, at its dinner meeting on Jan. 16.

+

Frederick Keene (Math) is speaking today to students at San Gorgonio High School on "Math Means Money."

+

Ellen Kronowitz (Education) spoke on "Helping Your Child with Math," Jan. 15, to the Crestmore Elementary School P.T.A. in Bloomington.

+

Terrell Manyak (Admin.) addressed members of the Highland Lions Club on "International Law of the Sea Conference" at a breakfast meeting held Jan. 16 in San Bernardino. Dr. Manyak also presented "Mining the Ocean Floors" to the B'nai B'rith Sr. Citizens of Marietta Hot Springs on Jan. 17.

+

Tapie Rohm (Admin.) gave a talk entitled "Coping with Stress" to members of the Downtown Rotary, Jan. 16.

Professional Activities

Marilyn Ambrose (Education) represented the San Bernardino post secondary educators at the World Future Society meeting Dec. 21, at Marina Del Rey.

+

Frederick Keene (Math) was invited to serve as a consultant at the Annual Meetings of the American Mathematical Society and the Mathematical Assn. of America in San Antonio, Jan. 5, on the Problems of Mathematics Remediation in the Colleges.

+

Don Woodford (Art) currently has a show entitled "Recent Constructions" at the Peppers Art Gallery at the University of Redlands. The show runs through Feb. 1

PUBLICATIONS

Marvin Frost (Geog.) has a research paper entitled "Savannas on the Island of Hawaii" recently published in the California Geographer (Vol. XIX, '79).

+

David Shichor (Sociology) had an article "Patterns of Suicide Among the Elderly in Israel" (with S. Bergman) published in The Gerontologist.

noteworthy

Marvin Frost (Geog.) was appointed, Jan. 4, to the Upper Santa Ana Committee of the California Regional Water Quality Control Board, Santa Ana Region.

+

Arlo D. Harris (Chemistry) has been elected to the American Biographical Institute, Raleigh, North Carolina. His biography will appear in the First Selected Edition of the American Registry, published in the fall of 1980.
