ADMINISTRATION BUILDING TO CLOSE FOR REPAIRS

Offices located in the Administration Building will be temporarily rehoused while the building gets a new, leak-proof roof this summer.

Business operations--Accounting, Budget Office, Business Manager, Foundation, Payroll, Property Clerk, Purchasing and Student Financial Aid Accounting--will move Monday-Wednesday, June 15-17, into the Visual Arts Building. The Vice President for Administration's Office will also be located there.

Academic and other administrative offices will relocate Monday-Wednesday, June 22-24, in Shandin Residence Hall. Some faculty offices will move into the Library.

To facilitate finding these offices, temporary directories will be set up outside the Administration Building, Visual Arts Building and Shandin Hall.

Construction, which should be completed by Sept. 1, will include a pitched roof to provide water run-off and new air-conditioning and heating units. Heating and air-conditioning, now provided by 16-year-old, independent systems, will be operated through the central plant, which should increase efficiency.

A listing of the offices' temporary locations is printed on Page 6 of this Bulletin.

FACULTY REMINDED TO BE THERE AT 8

Although caps and gowns rented from the Bookstore will be available in the pool area at 8 a.m., everyone is encouraged to pick the gowns up at the Bookstore before 4:30 p.m. today so they can be ironed.

TRUSTEES EXTEND BENEFITS FOR 10-MONTH EMPLOYEES

The Board of Trustees voted last week to extend benefits for 10-month employees to 12 months and to increase late registration fees from \$5 to \$20.

The trustees also decided to increase non-resident tuition fees. Fees for students taking 15 units per term will increase from \$2,160 to \$2,835 per year. Students in the future will be required to pay for units in excess of 15 at the established rate.

The board elected John F. O'Connell of San Francisco as 1981-82 chair and Michael R. Peevey of San Francisco as vice chair.

In other action, the board:

--Adopted nine principles in a follow-up report on "The Performing Arts," dated December 1980, which apply to academic planning and curriculum developments in performing aspects of art, music and theatre arts.

The trustees requested that a committee be established to study whether fields not explicitly mentioned in the report (such as film and television) might be appropriate areas for bachelor and master of fine arts degrees.

--Adopted public notice procedures for initial proposals of exclusive representatives and higher education employers as provided for in the Higher Education Employer-Employee Relations Act. Policy provides for a minimum of four public meetings with distribution of labor and management proposals to each of the campuses.

--Requested the chair appoint a subgroup to the Committee on Educational Policy to investigate "the ingredients and constituencies that are the variables of the future" that might be considered by the board as new ideas. The committee, which should go to the campuses, would consist of trustees, administrators, faculty and students.

--Appointed Dean S. Leshar of Walnut Creek as representative and Dr. Claudia H. Hampton as alternate to the California Postsecondary Education Commission for 1981-82.

--Requested the chair appoint a committee of four trustees and the chancellor to meet with a similar committee from the University of California Board of Regents to plan an agenda for a joint meeting of the two boards.
