COMMUNITY MOMMIES ELEANOR DUNCAN

In Memoriam

Eleanor Fletcher Duncan had been a long-time member of the Riverside Veteran's of Foreign Wars, the National Society Daughters of the American Revolution, the Alpha Kappa Alpha Sorority, Inc. of Riverside, the National Association of Colored Women (NACW), and the University of La Verne Alumni Association. Upon her death, the Riverside Veteran's of Foreign Wars honored her service with a full military burial.

Saying goodbye to a community leader

Community Moms, who work tirelessly to care for our children and support our families, have lost a dear friend with the passing of Eleanor Duncan.

Robert Gray, a former Provost and Executive Vice Chancellor at UC Davis, will take the stage on November 13 at the University of California's First Student Union to welcome the community.

Robert Gray is a former Provost and Executive Vice Chancellor at UC Davis and was named acting chancellor of UC Riverside.

Juries Cite Fear Factor in Webb Acquittal

In a dramatic turn, four jurors who had found Ex-Deputy Ivory Webb guilty of attempted voluntary manslaughter in 2004, said they had changed their minds after being forced to consider evidence of self-defense.

Race Still a Factor, as Districts Struggle with Spiraling Resegregation

By Chris Levis ter

The Supreme Court's decision to ban race in public school admissions has sparked debate.
The late great Frederick Douglass asked the question in 1852 when he was requested to speak at a gathering, “What is the slave of the 4th of July? Many blacks who are just aware of the horror of this system, are crying out, ‘What is that same question that we have to ask ourselves?’ And with the recent decision of the Chief Justice Roberts of the Supreme Court that race has no place in seeking equality in education is a throw back to Douglass’ question of 155 years ago. Black people here in the United States of America are the same that Black people in the United Kingdom, France, called upon to bring our humble offering to the national altar to confess, repent and atone for the blessings resulting from your independence to us? While we not included within the pale of this glorious anniversary! Your high independence only reveals your conduct. And Jet me warn that it is dangerous to copy the example of a nation whose excellence and greatness, swelling vanity; your sounds of rejoicing are(empty and heartless; your denunciation of political freedom and of natural justice, embodied in that Declaration of Independence, extended to us? and am I, there­ from, to sell them at auction, to sunder their families, to knock out their teeth, to burn their flesh, to starve them into obedience and submission to their masters? Must I argue that a sys­ tem so stolid and selfish that would not give his voice to swell the hallelujahs of a nation’s independence? Do you mean, citizens, to mock me by asking me to speak today? It is with a heavy heart that I come to you. It is not that I do not remember thee, Jet my tongue cleave to the palate of bitterness, and I dare to call in question and to denounce, with all the emphasis I can command, every­ thing just by taking the first step. I will not go further and give you any reason for supposing that I have any interest in compromising your honors nor will I make any complaints of the Almighty, having the ability of local school districts to use every tool they believe neces­ sary to close this achievement gap, and for millions in segregated schools, we have not just a legal right to, but a moral imperative that we do so in a demanding global economy. I am engaged in a major effort to connect all young people to political engagement so they can live in a color-blind society and race no longer matters when it comes to educational policy decisions. Casino Morongo......They Want the Community to Win Too

By John Gordon
Staff Writer

This past weekend marked the 11th Anniversary of the Morongo Band of Indians Annual Charity Golf Tournament. Taking place in the city of Beaumont, the event, which was the largest in the decade long history has been instrumental in raising and appropriating funds immediately to an array of local charities and had in attendance well over 300 golfers.

The tournament which offered participants the option of either corporate or individual sponsorship was expected to bring in over $120,000 almost twice as much raised in events past. Surprisingly, two of the prominent sponsors were San Manuel and Agua Caliente. Tournament Chairman Joe Basara says that, "The success of the tournament has to do with the people of Morongo believing that what they have is something that needs to be shared, and planning events that offer them the opportunity to do so." Mr. Basara, who is also the Director of Operations at The Morongo Casino and Spa, further stated, "the event would probably not have been possible were it not for the generous donations from The Nike Company, Banning RV, and Lumpy’s Golf Store of Cathedral City.”

The fortunate recipients of the funds are Whitewater Jr. and Sr. High, The United Way Esperanza Firefighters Fund, Ronald Mc Donald House of Loma Linda, and the National Military Family Association and are chosen by the tournament charity committee because of their emphasis on families. Bob Dielwermans, President of The United Way is most excited about the tournament timing, as the federal tax amendments added to allow the families of The Esperanza charity to receive tax free donations, expired July 1, 2007.

Roland Medes who is the current principal of Whitewater School, an institution that caters to special needs and at risk youth and allows them to live and study in the same location, says that the monies generated from the event would be appropriated to technological equipment and are chosen by the tournament charity committee because of their emphasis on families. Heat is the art of exposing your skin or without moisture from specific hair pits. The sensation is pleasant and often associated with a warm, comfortable and inviting. It can be achieved through various means, such as a warm bath or a light massage.

Symptoms of heat illness include heavy breathing, muscle cramps, weakness, dizziness, or even fainting. High temperatures and humidity can contribute to heat-related illnesses in people who are not used to it or who have health problems. If air conditioning is not available, people may seek shelter in the shade, go indoors, or move to a cooler environment.

Heat illness, often referred to as heat stroke, involves a body temperature that is dangerously high, which can lead to organ damage if not treated promptly. Signs of heat stroke include a high body temperature (above 103°F or 40°C), rapid heartbeat, increased breathing rate, and confusion.

Host of Celebrity successes convene in Los Angeles to Motivate Aspiring Black Entrepreneurs

The Black Voice News  LOS ANGELES
By Billie Jordan

The crowd danced long and carefully as Susan Taylor, Editorial Director of Essence Magazine delivered her message. It was the success story of an ordinary woman from an underserved community who had never received any formal education.

The story was her own, her voice in whispers and thus as a passionate delivery as she described her journey. She spoke to the audience as a noun speaker on what it takes to rise and be happy with success and leadership. "We are Black people and we need jobs. And we need [Black people] to employ us," said Taylor.

"This is the Holy Spirit calling us to do. The Holy Spirit is calling us to do that work," said Speaker Means, president of Gerry Foster Business Consulting.

"African American Business owners are opening the way for those of people to employ us," said Taylor.

"This is what the Holy Spirit is calling us to do. The Holy Spirit is calling us to do that work," said Speaker Means, president of Gerry Foster Business Consulting.

"We need to create a new world," said Susan Taylor, "and we need to create a new world." The crowd listened long and for the money without giving the message was: Dare to be Different. The success story of an ordinary woman from an underserved community who had never received any formal education.

The BET Awards are now in their 11th year of honoring extraordinary achievement in music, entertainment, sports and community service. The 2007 BET Awards were held on Tuesday, June 26 at the Shrine Auditorium in Los Angeles, CA. The live broadcast was hosted by the dynamic and personable Mo'Nique, who has hosted the BET Awards every year since 1998. Her infectious energy and positive attitude make her the perfect host for this annual event.

The event was filled with a who's who of entertainment, from celebrities to athletes. The list of attendees included some of the biggest names in music, such as Beyoncé, Jennifer Hudson, and Puff Daddy. Athletes like Michael Jordan, LeBron James, and Serena Williams also graced the stage. The event was a celebration of excellence in various fields.

One of the highlights of the night was the presentation of the Lifetime Achievement Award to Diana Ross. Ross received the award for her contributions to the music industry. She is one of the most successful female singers in history and is inductively considered to be one of the best female voices of all time.

Diana Ross's message for her fellow women was to fly high after flying "BET Awards." It's to rise above the at what the entire world has called for. The Red carpet was the venue, the stage was the backdrop, and the audience was mesmerized by the presence of legends and icons.

One of the most anticipated moments of the night was when Beyoncé and Jennifer Hudson performed "I Will Always Love You," a duet that earned them two awards. Beyoncé was named Best Female R&B Artist and won Video of the Year for her performance of "Irreplaceable." Jennifer Hudson was named Best New Female Artist and Best Female R&B Artist. The song was the highlight of the night, and it was a powerful moment that brought the audience to tears.

The BET Awards have become a celebration of excellence and a platform for showcasing the best in music, entertainment, and community service. They are a testament to the power of unity and the importance of recognizing those who make a difference in our lives.

S.B. County All-stars hold off Riverside

Riverside provides an annual one-time opportunity to see most of the best football players the two counties have to offer. Although many of the top players had to miss this year’s game because of early departures to school or requests from their prospective colleges not to play, it was still a stellar lineup and a closely contested game. The Riverside squad listed 4 players at over 300 pounds on its offensive line and sported a significant size advantage throughout the entire lineup. The San Bernardino squad countered with its speed featuring players like Los Osos’ UNLV bound Jared Hogan. It was speed that prevailed as the San Bernardino squad was able to hold off a late rally by Riverside when Los Osos’ Mark Chase (also UNLV signee) sacked Thomas DeMarco (Palm Desert) on fourth down to preserve the win. The annual game is about more than just football. During the half-time show, the S.P.O.R.T Foundation, part of Community Clinic, gave away four scholarships to deserving Inland Empire students. During its 22 year run the S.P.O.R.T Foundation has awarded more than $95,000.00 in scholarships from the proceeds of the game.

The S.P.O.R.T Foundation is truly one of Riverside County’s greatest treasures. Its primary purpose is to meet the sports medicine needs of the Inland Empire by developing and providing a variety of accessible sports medicine programs. It provides professional quality health care to young people participating in sports. Many top Inland Empire athletes owe their rehabilitation and recovery to the professionals at the S.P.O.R.T Clinic.

The 22nd annual Inland Empire All-star Football classic is one of the summer’s most popular events for those of us who are prep football fans. Living and working in the Inland area provides many of us in the business of sports with the opportunity to see many of these talented players throughout the year. But with the ever increasing population explosion in the IE, there are so many new high schools that it’s nearly impossible even for those of us in sports to see them all.

Riverside Public Works Department Unveils High Tech Traffic Management Center

By Billie Jordan

Riverside Mayor Ronald O. Loveridge cuts the ribbon launching phase one of the Riverside Traffic Management Center at City Hall.

"In the current phase of operations, TMC communicates with the 170 of the 360 traffic signals that span the 80 miles composing traffic status maps and traffic news cameras. "We can move the five cameras as we need to look at the different intersection directions. We can zoom up to a half a mile in any one direction," said Traffic Engineer, Steve Libring.

"If you think about Southern California, the average conditions during the day, but when we get extreme or unusual conditions, we have the ability to make adjustments." The concept was conceived when officials at the city's Transportation Accountability Performance summit meetings began asking how can traffic work better in Riverside. Jim Ross, who is a former Walt Disney Engineer, designed and will run TMC operations.

Phase two will include the installation of 30 cameras at intersections throughout the city and began immediately after the grand opening Tuesday. TMC will operate at full capacity by the end of the next fiscal year. Once TMC reaches 100% operators can monitor what's happening on the freeway and adjust traffic signals to accommodate the overflow of traffic.

"It's the best symbol of managing our streets." said Mayor Loveridge. "We have our traffic signal, our traffic engineers, and operators can monitor what's happening on the freeway and adjust traffic signals to accommodate the overflow of traffic."

"This event was for a wonderful cause as partial proceeds from the event will benefit scholarship programs in all of the communities served in the Inland Empire.

Rep. Baca Brings In Fed's To Fight Crime In San Bernardino

Department of Justice

Congressman Joe Baca (D-43) and local and federal officials will announce the arrival of a Department of Justice Violent Crime Impact Team (VCIT) to the city of San Bernardino.

Rep. Baca and his staff worked closely with the United States Department of Justice and the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) to get them to be in a series of crime summit meetings Rep. Baca hosted last year.

Currently, local elected officials are authorized to create satellite offices. These locations serve as points to counter elec
tion information and, among other things, allow voters who

to cast ballots in person. The law requires county officials to notify the public of satellite vot
ing locations no less than 14 days prior to the commencement of voting.

AB 1287, which was brought to the Assembly by the County of Riverside, will give counties more flexibility to move satellite offices in the event of a declared emergency or disaster, with as little as 48 hours notice.

Shortly before last year's elec
tions, the Esperanza fire devast
ted large portions of Riverside County.

"AB 1287 will now go to the Governor's desk. "There is some
ting truly exciting about seeing my first bill go the Governor's desk," Jefferson explained. "This is not to be many bills won't be sending to him, addressing the needs of my constituents in the 66th AD and the citizens of California."
Wingstop Opens First Moreno Valley Restaurant

Wingstop, a fast-growing chicken wing franchise known for cooked-to-order chicken wings, has opened a new location in Moreno Valley, Calif. The restaurant is located at 27561 Southland Avenue, just a few miles from the new Temecula Wingstop.

The new Moreno Valley location is the latest in a series of new Wingstop locations across the country. The fast-food chain has been expanding rapidly in recent years, with new locations opening in cities across the United States.

In addition to its new location in Moreno Valley, Wingstop has also recently opened new locations in other cities, including Las Vegas, Nevada, and Austin, Texas. The company has plans to continue expanding its footprint in the coming months, with new locations opening in cities across the country.

The new Moreno Valley location joins a growing list of Wingstop locations in the region, including a location in Palmdale, California, which opened earlier this year. The new Moreno Valley location is expected to attract a large number of customers, with its convenient location and delicious chicken wings.

For more information about Wingstop or to find a location near you, visit www.wingstop.com. To learn more about the company, visit www.wingstop.com/careers.

Tech Talk

We sat down with Oliufemi Adeyi, a market research analyst at the Western Securities Research Group, to discuss the impact of social media on marketing strategies.

**Q:** Why do you think social media is so important for businesses today?

**A:** Social media has become an essential tool for businesses to connect with their customers and promote their products or services. With over 3 billion active users on social media platforms, businesses can reach a vast audience and engage with them in real-time.

**Q:** What are some of the most effective social media channels for businesses?

**A:** The effectiveness of social media channels depends on the industry and target audience. However, some of the most popular channels include Facebook, Instagram, Twitter, LinkedIn, and YouTube.

**Q:** How can businesses use social media to improve their brand image?

**A:** Businesses can use social media to showcase their brand values, engage with customers, and share valuable content that positions their brand as a thought leader in their industry.

**Q:** What are some common mistakes businesses make when using social media?

**A:** Common mistakes include not having a clear social media strategy, posting too frequently, and not engaging with customers.

Red Hat Society Inducts New Members

The Red Hat Society, the largest women’s organization in the United States, recently announced the induction of two new members to its board of directors. The new members, a 50-year-old and a 60-year-old woman, will bring a wealth of experience and expertise to the organization.

The Red Hat Society is a nonprofit organization that provides opportunities for women over 50 to connect with others, build new friendships, and pursue their interests. The new members will help to guide the organization’s mission and vision for the future.

**Q:** What inspired you to join the Red Hat Society?

**A:** I've always been interested in connecting with other women who share similar interests, and I felt that the Red Hat Society provided an ideal opportunity for me to do so.

**Q:** What do you hope to achieve as a member of the board?

**A:** I hope to use my skills and experience to support the organization’s mission and to help to ensure its long-term success.

Rites of Passage Instills African History and Spirituality for Area Youth

By Melvin B. Bernard

The Tehuti Educational Consortium and Sacred Sisters, Inc. held its second Sunday School 9:00 am and affirmed the authority and boasting of a host of experience in participating in the human experience. Consortium members boast of a host of experience in teaching, training, preparing, and researching and publishing in education and issues pertinent to Black males. Moreover, the Tehuti Rites of Passage Manhood Development Program was designed to help young Black males "arrive at a purpose and destiny." Similarly, Sacred Sisters (Sisters in solidarity teaching and healing our spirit, Inc.) rites of passage and mentorship programs for young women in association with Tehuti, were founded to empower, support, inspire and promote self-esteem, self-concept, and affirmation through an on-going process of nourishing and elevating the spirit, mind and body.

Both rites of passage programs include weekly lessons on African history, spirituality, male/female relationships and dynamics; physical fitness, health and nutrition, academic excellence, college preparation, and career planning. Yet, the aforementioned lessons are bountoned on and infused with the larger aim of teaching young African American males and females stamina, dedication, discipline, sacrifice and achievement by expanding their knowledge and understanding of self, society, and the world. The Seven Cardinal Virtues of MAAT and the Nguzo Saba (Seven Principles of Kwanzaa) serve as the foundation for this transformation and the overall development process.

Members of the Black Family Committee of the Eta Omega Chapter of Alpha Kappa Sorority, Inc. who adopted the Delmonte Heights Boys and Girls Club in December of last year also attended. The chapter painted, furnished, and added a room at the Boys and Girls Club with school supplies, books, dictionaries, educational board games, recreational items, DVD, etc., which are used for tutoring.
