Don’t Let Your Teen’s Future Go Up In Smoke

It’s simple, marijuana and teens are not a good mix—especially when it comes to learning and academic success. We know that all young people face challenges as they grow and mature and that the dangers and temptations of drugs are all around. We also know that as a parent or someone who cares about young people, you want the very best for them; you want them to do even better than you did and lead productive lives.

While overall drug use among teens is down in recent years, there are still too many brilliant young people whose potential is ruined. Don’t let drugs destroy their chance of going to college or landing a good job.

MARIJUANA CAN LIMIT YOUR TEEN’S ACADEMIC ACHIEVEMENT

- A teenage marijuana user’s odds of dropping out are more than twice that of a non-user.
- The short-term effects of marijuana can include impaired memory and ability to learn.

Parents and family are still the most important influence in young peoples’ lives so keep the lines of communication open, set a clear, “no marijuana” rule, stay involved, and continue to discuss the dangers and consequences of drug use. You make the difference. Knowing that education is the key to a better tomorrow, you have the power to protect their potential and help lead them on the road to success.

RACHEL CLARK AS THE CITY CLERK.

...noteworthy opponents. The incumbent Kelley has been somewhat abrasive and condescending and participates in other organizations like the NAACP. He shies away from setting the record straight, when I was a member of the San Bernardino City Unified School District. During her last campaign she took credit for the Arroyo High School being built. To...what the city needs in the future. I have...with his constituents he looks for ways to be supportive of their ideas. What the city...speak to all the candidates. We know that she will assemble a core group of...as a politician that...for many reasons why Anderson was rejected, one being because it was with his friends and at his favorite place St. Paul. Happy Birthday to Rev. Jacks. I'm incredibly meaningful to me, helping people! I started working at The Gas Company, in things of Dr. Herbert Wilmer Amina Carter,...challenged several community colleges under her leadership during my time in office. During my tenure as State Senator, I introduced AB 945 this year, which calls for nearly $20 billion of transportation projects in the Inland Empire, such as committing funds to the San Bernardino...the problems of the community. These are the reasons why I introduced AB 945, this year. And...the country's four busiest airports, with 30 million passengers, four major railroads, 18 regional rail networks, hundreds of miles of major highways, bridges, railways, and ports complex environmental, and the infrastructure that powers it. We have...and rail infrastructure in the state. Both freight and passenger rail is on the rise. Proposed plans to improve the rail corridors and to make rail service safer is critical that we take the needs of the community into consideration when...we do about this project? We know that something should be done to improve our transportation infrastructure. Let's take a critical lesson from the Minneapolis bridge tragedy and not wait until it's too late to improve our infrastructure. Let's do our best to avoid a similar fate.
Under the category, "The Strong," the following was included: Sniff and the investigation of the RISA and Rod Pacheco will both play, the story stated.

The investigation in question is one of several being conducted by both county and federal agencies to determine if the RISA leadership mishandled or misspent funds associated with its investigation. When it was brought to the legal defense of a deputy who had been terminated by the department. Earlier this year the RISA conducted a search of the RISA Headquarters that no criminal charges have been filed by either agency against anyone associated with the other investigation.

The RISA's leadership responded to news of the allegedly leaked memo with a letter signed by its president Pete McNamara and three other board members and sent to the Board of Supervisors on Sept. 10. The letter stated that the RISA leadership was not aware of the allegedly leaked memo. McNamara had not written the letter at all and was a "false document." He added that the memo's address is "nowhere near a story about real estate auctions.

Hero Mom Speaks Out On Major Dietary Issues

By Ashley A. Jones

Brenda Parker of Rialto has been a spokesperson for the Champions for Change African American campaign for 10 months, where she counsels and encourages families to commit to positive lifestyles by advising them to eat more fruits and vegetables and to include daily exercise in their lives.

Parker has been married for 17 years and works as a stay-at-home mom. She is a mother of two, one seven and one five. She keeps her family active with daily activities. She said, "We practice healthy eating and physical activity as a family unit. To gain a healthy lifestyle my family and I ride our bikes, swim, skate, and take long walks. We also laugh and dance a lot." Parker said, "Good health is important because we have so many debilitating diseases that are taking over our children and other families of California. Without good health, you could end up with health issues such as diabetes and high cholesterol. We have to eat healthy, think healthy, and act healthy in order to keep our bodies from deteriorating. I believe in health because I want to live here with my children for a long time."

Parker commits to a family night twice a month. She said, "Two Fridays out of the month I allow my children to pick a healthy dish of their choice. Our latest dish was cheese quesadillas with broccoli."

Parker was influenced to be a Champion mom as a result of seeing a need to change families. She said, "Through this program I get to be an example and assist families in making positive changes in their household, allowing the families to be in better health."

Celebrating its grand opening on August 15, 2007, Today Dental has got off to a great start and is trending towards a promising year. This new facility is a Black-owned dentist where all of its staff members share the same philosophy and that is to provide personal care and spend quality time with its patients.

Today Dental has a family-oriented staff that focuses on the quality care, safety, comfort, and relief of its patients. They perform various dentistry duties, such as preventive, restorative, cosmetic procedures, implant, veneers, porcelain crowns, and tooth colored fillings. Dr. Phuong-Trinh Nguyen graduated in 2001 from Loma Linda University, where she received her doctorate degree in dental surgery. In 1997, Dr. Nguyen received her doctorate degree in dental surgery, as well as from the University Of Southern California School Of Dentistry. The growth of Today Dental, Dr. Mutinga, is a well-organized dentist in the field. She has been in practice for six and a half years and is currently an adjunct faculty member at the Loma Linda University of Dentistry. Dr. Mutinga engages in volunteer work at a clinic in Compton Mesa.

As a child, she was inspired by her first dentist, who was an African American male, to pursue a career in dentistry. He made such an impact on her life because he took the time to educate (others) so that there is less need to do as much corrective dental work, says Dr. Mutinga. She further explained that women with oral health problems have been found in medical books, to have lower birth rates. Therefore, it is imperative and necessary to educate them about the health effects of oral problems because knowledge on the topic may help prevent these consequences. T"nt and passion for teaching and educating about dental health is genuine and sincere because it is something that she loves and enjoys doing. Dr. Mutinga stated that she would be available and is more than willing to teach any group to speak about the essentials of dental care.

Oscar Winner Jamie Foxx Gets Star on Hollywood Walk Of Fame

Jamie Foxx has come a long way from his days as a comedian, spending time on the comedy circuit anddoing standup shows on his Fox TV series "Living Color." Or doing, "The Jamie Foxx Show," on the WB Network which celebrates having a five year run. Therefore, it comes as no surprise after Foxx's Hollywood career has taken him to unbelievable heights he should receive the 2,347 Star on the Hollywood Walk of Fame.

On September 14, 2007 before family, friends and fans, Foxx, who won the Academy Award for best actor in 2004 for his portrayal of the legendary Ray Charles received his star in front of the Kodak Theatre in Hollywood.

After garnering the Oscar, Screen Actor Guild, Golden Globe, SAG Award and the NAACP Image Awards for best actor in Ray, the talented actor went on to claim the same awards in the category of best supporting actor for his work in the dramatic thriller "Collateral." Foxx is the first African American to be nominated for two Oscars in the same year and is only the second man in history to receive two acting nominations in the same year for two different movies.

Jamie Foxx has been blazing a trail of success landing a lead role in the screen adaptation of the Broadway musical "Dreamgirls," from DreamWorks and Paramount Pictures.

Just as important as his acting career, in addition to his outstanding work in front of the camera, Foxx has achieved a thriving career in music. His latest album "Unpredictable" was nominated for three Grammy Awards in 2006.

Recently Foxx has moved on to new adventures when in Jan. 2007 he announced his partnership with Sirius Satellite Radio to start his own 24 hour radio station called "Foxhole." The station is a combination of comedy and music and launched in May.

Foxx can be seen next in his upcoming Universal Picture film, "The Kingdom."
John and Willa Woods Celebrate 50 Years

Pastor of Life Changing Ministries in San Bernardino and his wife Nicole, and their children - Brandon, Jason, and Lelandi, son Dexter Woods, daughter Regina Proof, her husband Steve Sr. (passed away recently) and her children, Steve Jr. and Reginald, and son Dondre Woods and his wife Jennifer, and four sons, Dominic, Isaiah, Jayden, and Jordan. To celebrate their 50 Year Anniversary, the entire family, accompanied by a few friends took a Western Caribbean Cruise out of Florida and visited the Cayman Islands and Cancun, Mexico. During that time Dr. Jerry Neville and wife Carolyn flew into Cancun, Texas performed a Wedding Renewal Service. The celebration is not over. There will be a Wedding Anniversary Reception on Sunday, September 30 at 6:00 pm at the Civic Center Community Building in the City of Chino Hills, 2001 Grand Avenue. The event is open to the public (friends and associates). For more information, call (909) 390-3717.

What kind of future will our children inherit? There's an old proverb that says, "the future casts a long shadow." That means our children's future depends on what we do today — especially when it comes to global warming. We've sacrificed to give our kids advantages we didn't have. But global warming can affect their lives and hopes. It can cause erratic weather, like droughts which can raise the price of fruits and vegetables and severe storms that can drive up the cost of housing and impact jobs.

If we took simple, smart steps, the benefits would be dramatic. For example, if we replace all old cooling systems with energy-efficient ones, it's like taking 275,000 cars off the road! And being energy-efficient can save money too — if we turned up our thermostats three degrees in the summer and down three degrees in the winter we can save up to 15% on our energy bills.

And it's critical that we act NOW. Our children are not our future — we are their future. Visit FlexYourPower.org and find out how you can help. By helping to fight global warming now, our children can look forward to a better tomorrow.

**Riverside**

In the Eastside neighborhood of Riverside, said King.

He said:

You make a change, you wake up and start to look at your own life and take a look at your own conscience.

It's frightening to me that hard-line police strategies and correctional system philosophies are changing and alienating citizens now. We're making up rules on the fly and not following the public's input.

In the words of a traditional shaman, we should focus more on education, prevention and intervention before making arrests. He points to his involvement in a community-based program in Long Beach that prevents violent behavior through cultural and self-awareness.

**UNITY**

**INJUNCTION**

The Santee System of Justice, as well as the Riverside Unified School District, have signed a settlement agreement in a class action lawsuit brought by the California NAACP.

The agreement calls for the district to reform its discipline policies and practices, which have been criticized for disproportionately impacting Black and Latino students.

According to the agreement, the district will:

- Implement a new discipline policy that focuses on restorative practices and community engagement.
- Provide professional development for teachers and staff on cultural competency and implicit bias.
- Increase funding for mental health services and counseling programs.

The agreement also includes a provision for periodic review and evaluation of the district's progress in implementing the terms of the settlement.

The settlement agreement is the result of years of advocacy and organizing by community members, parents, and students who have been impacted by the district's Discipline Department.

The agreement is a significant step forward in addressing the systemic injustices that have been perpetuated by the district's discipline policies.

Now you have choices.

"Remastered for the best possible sound quality, the performances were analyzed and edited for historic and artistic value," said Orr.

The book and the six CDs are available on the festival grounds on Sept. 21, 22 and 23 and in general book and music stores. More information: www.montereyjazzfest.org.

Music and art have been joined at the hip for 50 years at the Monterey Jazz Festival. That tradition continues for the golden anniversary presentation of the festival presented by Verizon at the Monterey County Fairgrounds Sept. 21-22.

Music and visual arts are natural companions and MJF officials have expertly utilized the connection to follow jazz, fans and ears for half-a-century. This fall, MJF takes triple history — celebrating a 50-year tradition of putting jazz legends, pioneers and young fans in the same space for fans' delight — releasing "The Art of Jazz: Monterey Jazz Festival: 50 Years." In an energizing conference-usable summary of festival posters, photographs, programs and poetic words, and aiming musical memories of masters with six CDs of 2,000 hours of archival main-stage work.

The latter features seminal trumpeter and jazz ambassador Louis "Satchmo" Armstrong, exhilarating trombonist and trumpeter Miles Davis, straight-no-chase composer and pianist Thelonius Monk, festival favorite and sassy crooner Dizzy Gillespie, the divine Sophia Vidal Veeh and "Live at the Monterey Jazz Festival," a sampler of some of the festival's best acts.

"The Art of Jazz by Keith and Kent Zimmerman and designer Jerry Takigawa features forward contributed by actor/director/producer Clint Eastwood, the ultimate jazz fan long before his film "Play Misty for Me."

Poster restorations — since their hand-painted silkscreen beginnings to today's highly collectible prints — will feature artists, designers and photographers Earl Newman, Ethel Dustin, Baritiic Moon Studios, Judy Anderson, Ron Grauer, Harry Bridges, Joseph Lee and Takigawa. "As we approached our 50th year, we wanted to have the book that showed literally the "art of the fest," and MJF General Manager Tom Jackson. There have been so many posters that have stuck on walls over the years, yet they had never been assembled in a single place.

"Some of them are so colte.1ad," Jackson added in a press release from the festival's publicity and marketing office. "Some from the early years approach the terrif"Hairau movement, very dark, spacy and minimal. Some are more graphic, reminiscent of Disney's High School Musical: The Ice Tour is being spirited fun to celebrate the fusion of songs, dance and team spirit, starring the cast of Disney's High School Musical: The Ice Tour.

The Ice Tour will feature a live fusion of songs, dance and trumpet fan long before his film "Play Misty for Me."

At Mentone Congregational United Church of Christ in Riverside, 10 AM—11 AM: The evening will be Another Peace Christmas season started very early this year. The task at Mentone is to fulfill the mission of the church.

"Our goal is to supply the foods needed for Thanksgiving and Christmas Eve dinners for at least seventy families this year," said Janet McLean, Senior Pastor of Second Baptist Church of Riverside. "We’ve also provided these diners with a nutritious, festive meal in thanksgiving.

"Thanksgiving is the most important holiday for our church's mission," McLean explained. "It is a time when we come together to share our gifts and blessings with one another. This year we decided with prayer that this beautiful and generous.
