TRUSTEES SET NEW STUDENT FEE FOR FALL

be \$72 per quarter or \$216 for the academic year.

All students, both full-time and part-time, will pay the same student services fee beginning this fall. The CSU Board of Trustees last week changed the current two-tier fee structure to a single, uniform fee, which will

The student services fee has fluctuated during the past year, with students paying one rate for fall quarter and another rate for winter and spring plus a \$23 surcharge for the last two quarters of this year. For the spring quarter, full-time students are paying \$71.25 and part-time students \$61.25 plus the added \$23 for both categories. The present structure represents an academic year cost of \$205.50 for full-time students and \$175.50 for students carrying six or less units.

The new fee structure represents an increase of \$10.50 for students carrying 6.1 or more units and a hike of \$40.50 for part-timers, for the coming academic year.

In addition to the services fee, all students pay facilities, Student Union, Associated Students and instructionally related activities (IRA) fees which total \$22 for the fall quarter and \$17 for the winter and spring quarters for full-time students. Part-timers pay \$4 less in the fall quarter and \$3 less in winter and spring quarters.

The Board of Trustees also went on record "strongly opposing" reductions in federal support for financial aid below the 1981 level and urged the presidents to use their authority and best judgments to inform the CSU community of the proposed cuts and the devastating effects they would have for the campuses.

OPEN HOUSE CANCELLED

The college's Open House, which had been scheduled for Sunday, April 25, has been cancelled due to uncertain funding because of the budget freeze. However, the third annual Alumni Awards Brunch is still planned for that day. The Southern California Health Fair Expo also will be held April 25 as planned.

Alumni, faculty and staff are invited to the brunch, which will begin at 11:30 a.m. in the Commons. Reservations, which are \$5 for adults and \$2.50 for children, may be made by calling the Dean of Students Office, Ext. 7524. The Alumnus of the Year and Distinguished Alumnus awards will be presented at this affair.

The Health Fair is a program of health screening, exhibits and demonstrations that are free with the exception of an optional blood chemistry test. The fair will be conducted from 10 a.m. to 4 p.m. in the Student Services Building. The program, sponsored by Chevron, KNBC, the Hospital Council of Southern California and the Red Cross, will be held throughout southern California the last week in April.

ASSOCIATED STUDENTS DROP FRIDAY NIGHT MOVIE SERIES

The Associated Students has cancelled its spring schedule of Friday night movies due to poor attendance during fall and winter quarters. The series, which cost about \$6,000 in rental fees, brought in

about \$700. Pauline Barbour, AS president, estimates a savings of about \$3,000 by cancelling the remaining films.

The films and their showing dates are: "The Last Supper," in Spanish, April 10; "Bread and Chocolate," Italian, April 24; "Confessions of Felix Krull," German, May 22; and "Steppenwolf," German, June 5.

KATE STEINITZ EXHIBIT TO OPEN NEXT SATURDAY

Art of the 1920s and 1930s by avant-garde artists such as Paul Klee, Wassily Kandinsky and Max Pechstein will be on display beginning Saturday, April 10, in the Art Gallery. "Kate Steinitz: Her Art and Her Collection" will open with a free reception from 7 to 10 p.m., April 10. The show closes May 14.

A German artist, Steinitz became intimately involved in the artistic life of Hanover, Germany, a center for avant-garde artists during the 1920s and 1930s. She collected works by most of these artists. Many of the 70 works by Steinitz in this display are paintings, drawings, watercolors and prints from those two decades, although a good portion is from her New York period.

About 25 of the works she collected by other artists will be exhibited. Artists represented include Ernst Barlach, Max Beckmann, Marc Chagall, Oskar Fischinger, Otto Gleichmann, Raoul Hausmann, Hannah Hoeh, Oskar Kokoschka, Kaethe Kollwitz, Moholy-Nagy, El Lissitzky and others. The exhibit is partially funded by grants from the California Arts Council and the National Endowment for the Arts.

TRUSTEES APPROVE CHANGES IN PLACEMENT ON SALARY SCHEDULE

Among the actions the Board of Trustees took at its March 24 meeting was to adopt a special salary schedule placement applicable for certain areas in which it is necessary to offer competitive salaries.

Effective from April 1, 1982, through June 30, 1983, newly hired assistant professors in engineering, computer science and business administration may be placed in Range 4, steps 1 to 5, for salary purposes only. Assistant professors in those academic areas who are in Range 3, step 5 may be advanced to Range 4, step 1 while remaining in the rank of assistant professor, following the normal consultative process.

In other action, the Board:

--Resolved that the presidents and chancellor's staff in consultation with faculty representatives continue to explore alternatives which will aid in solving the housing problem facing CSU employees, especially addressing the needs related to the recruitment of junior level tenure track faculty.

The Board further resolved that if student demand for on-campus housing is insufficient to fill the facilities, the campus shall make them available to CSU employees as the next order of priority. Current policy already permits the use of a limited number of campus residential spaces for faculty when there is a direct educational benefit to the residents.

The Board also decided that campus auxiliary organizations are to be encouraged to explore actions they can take to help solve the faculty housing problem, and that as funds become available through the California Housing Finance Agency Loan Program, information be made available to CSU employees.

--Directed the chancellor to seek a reappropriation from the Legislature of any 1981-82 unexpended funds to offset an unidentified budget reduction of \$3.6 million proposed for the CSU for 1982-83. Further, the Board requested that the chancellor produce a contingency plan based on the priorities established by the Long Range Planning Committee earlier this month, for presentation to the Board at its July 1982 meeting.

The Board asked the chancellor to work closely with the Committee on Finance, between regular meetings of the Board, to respond to unanticipated major budget issues arising during the course of legislative review of the 1982-83 CSU Support Budget.

--Requested the chancellor appoint an Ad Hoc Committee on Development, consisting of presidents, alumni, campus and systemwide representatives of development programs, a faculty member, a student and other appropriate individuals to address the concept of a development and information program which recognizes the function of campus and system development programs.

The Board further requested the chancellor report the Committee's recommendations at the September 1982 meeting of the Board. Also, recognizing the urgent need for additional nonstate funding, the Board urged the presidents to use their authority and best judgment in allocating resources to increase their fund-raising efforts.

--Repealed the phrase "...provided that the tentative fee increase per full-time equivalent student be no greater than \$216 per annum..." from the first paragraph of the trustee resolution titled "Development of 1982/83 Support Budget," adopted at its November 1981 meeting.
