## IMPROVEMENTS TO BEGIN ON STATE COLLEGE PKWY

Improvements on State College Parkway are slated to begin about May 17 and conclude roughly June 17, according to Harold Moseley, design engineer for the City of San Bernardino Public Works Department.

A contract of \$187,264 has been awarded to Angel's Construction Co. The total cost of the project, which will be financed through an assessment district, is estimated at \$260,600.

Improvements will include gutters, curbs and an irrigation system for the median strip from the freeway to Kendall Drive. The median will be filled with sod planting and four-foot pines. From Kendall to the entrance of the college, the parkway on each side of the road also will be improved with sprinklers, pines and grass.

During construction, one lane on each side of the road may be closed, a temporary situation which should not have much effect on traffic.
