A church with a vision is sitting in the city of Moreno Valley. It is known as Greater Faith Christian Fellowship (G.F.C.F.), pastored by Elder JD White Jr. The Bible declares that, "Without a vision the people perish" (Proverbs 29:18).

Pastor Campbell eloquently declared that, "God has called him to be where he is today," stated Pastor Campbell of Koinonia Evangelistic Center in Moreno Valley, one of the preachers from the Adam Where Are Thou 2008 Conference. This conference allowed people to get an understanding behind the question God asked Adam in the Garden after he had eaten of the forbidden fruit.

"This was my first time meeting Pastor White and when I shook his hand I felt that he has the heart of a Pastor," stated Pastor Campbell. "I have known Pastor White for years, and I have never had a problem with him. He is a very powerful preacher."

The second program "The Daughters of Naomi," was held on April 17, 18, and 19. Pastor Profit, Elder White's daughter, "elders" (Proverbs 29:18), and God simply did not recognize the heart of the world," stated Elder White. "We must break the denominational barrier. Let us run with patience the race that is set before us," stated Elder White.

"Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race set before us," Continued on Page 2-3.
Allen Chapel AME Presents Women's Conference 2008

The keynote speaker of the event was Margaret Blair-Baskin, Chair of the AIDS service agency. The speakers educated the audience on Black HIV/AIDS awareness.

"Because we live in such horrific times, and since women are the caretakers of their home, we have to help them and so that they can help raise their families and become more productive citizens. That's an easy job to do, and we need to help women gain their strength and give them resources so that they can take care of their children. The object is that we raise our children, and we put them in the world; they become the first generation for the next group of people, so we want to do the best that we can," said First Lady Rhone.

Katherine said, "I hope the audience learned that HIV and AIDS is a fact. I want them to start to get tested, and get your results. Taking young people, teenagers, and older people about HIV and AIDS has been a different, most vital factor. clothes. That's not an easy job to do, and we want to do the best that we can," said First Lady Rhone.

"I think the first Women's Conference was a resounding success, we had almost 75 women who attended. We wanted to do a second conference for Allen Chapel, and it has been a pleasure success, I have been contacted from other areas, not just Allen Chapel that came to the conference. We have women who are in the office; we have nurses who are in the community; this is a very important conference for us," said Terri Gordon, event staff member.

January 30, 1889, a year after he issued the proclamation and was already in the state, it was an anvil. He had not genominated in America. He took the dust off his feet and

Kentucky. He was born enslaved in 1859, in Columbus,

Finding a job was difficult and Mr. Inghram heard about the mining boom in the northern part of the state. The Inghrams joined the many who were trying to claim their fortune. However, when they arrived they found terrible conditions and the men had died, not to mention their two oldest children contracted Malaria and died. Pregnant with another child the couple stayed until she was born and returned to San Bernardino. They found a house on Sixth Street between Harris and 7 Streets and immediately started to build. It had doubled in size and was making progress. The family was attending North Methodist Church. Not long after arriving back to San Bernardino, Mr. Inghram said he saw the need for a Negro church. He said that every community needs a church he said to begin knocking on doors to gather people enough to organize one. It proved to be more difficult than he thought but he didn’t give up. He did his homework and found that the African Methodist Episcopal Church would allow them to organize with 12 people. He spoke with Mrs. Bush and convinced her and her son to join, paying it would be enough. He wrote to Presiding Elder Wilson and asked him to come, announcing with Mrs. Bush he bath 8 people (his wife, five children, Mrs. Bush and her son). He found a mission building owned by the St. Paul Methodist Church downtown San Bernardino, located on the corner of 6th and Harris, that they allowed them to use. It was a tiny church and since he was so determined the Presiding Elder organized them without a name and without a minister.

Evangelist Scott is the first seminary-trained, full-time evangelist on a national scale coming out of the Black Baptist Church. More information about Pastor Manuel Scott can be found on his website www.manuelscottjr.org. Second Baptist Church of Riverside invites members of the community to join us for “Evangelist Scott Day,” an opportunity to hear a dynamic and spirit-filled message from a powerful preacher. The Second Baptist Church of Riverside’s Rev. Nathan Smith Scholarship Ministry will also host a career day on Saturday, May 31, 2008 beginning at 10:00 a.m. The theme for this year’s concert is taken from Psalm 106:1 “Sing unto the Lord a new song” featuring Willie Cockrell and his fourth grade of students from the Baldwin Park Unified School District, Bishop T. Larry Kirkland, brought the mainstream message, speaking about how far the church has come. He spoke fondly of his friend the late Presiding Elder, Rev. William Jackson and said he has always provided for St. Paul.

A New Song” featuring Pastor Larry E. Campbell is presented a proclamation by Senator Gloria Negrete McLeod Representative, Ann Kristofover.
