U.S. HIV Epidemic Worse Than Thought

The Legacy of a Compassionate Warrior

Rev. Wiley Burton

The Legacy of Wiley Burton

by Cheryl Brown

Wiley M. Burton, the San Bernardino County Health Care Agency's health care provider, is one of the faces of East End. He was a tireless advocate for the health and well-being of his community. Burton was known for his compassion, dedication, and tireless work in the field of public health.

In 2008, Burton passed away, leaving a void in the community that he helped to fill. He was a man of many talents, and his contributions to the field of public health will not be forgotten.

As the new millennium approached, Burton worked side by side with his colleagues to ensure that the health and well-being of his community were at the forefront of their minds. He was a tireless advocate for the health and well-being of his community, and he worked tirelessly to ensure that the needs of his community were met.

Burton's work did not go unnoticed. He was recognized for his contributions to the field of public health, and he was a true pioneer in the field.

Burton's legacy will live on in the hearts of those who knew him and in the minds of those who were inspired by his work. He will be missed, but his contributions to the field of public health will not be forgotten.
People are saying President George W. Bush is now making the funding of HIV and AIDS in Africa a possible legacy of what the Bush administration regarded as his highest office. After reviewing his two terms in office, this is how I see his legacy.

Mr. Bush stole the election from Al Gore in the state of Florida where his brother Jeb Bush was governor. George W. Bush's campaign was dead by the time he was working for his brother. But the Bush family get revenue by going after the ones responsible by attacking their stronghold in Afghanistan that war is still going on with the líder Saddam Hussein. Bush told us that we were attacking their friend while hunting and not reporting on which part of the war was found. Bush told us we would be seen as liberators and greeted by the people dancing in the street. He had Secretary Colin Powell go to the United Nations about nuclear materials the Iraqis were supposed to have in their possession which was false. We will not occupy Iraq in order to extract oil and the people of Iraq stood on the deck of the Bush war ship declaring "Mission Accomplished." We are still occupying Iraq and the natives are asking us to leave after five years of the war. The Iraqis would pay for the war out of oil revenues. The war is costing American taxpayers a billion dollars a month while we pay $4.00 for a gallon of gas.

When asked by Reporter Brian Williams of NBC, with who you see directing from where or do you consult with like your father former president George Bush (41), Bush (43)ield God. No, I do not consult with my dad.

His legacy will also include the famous Hurricane Katrina in New Orleans, whose aftermath had Black citizens standing in the rain while White citizens were in the clear. After a few days later, landed his plane and said to Michael Brownie. "I mean time President George Bush flew other the flooded area our government could not get water to the citizens. In the mean time President George Bush flew after the flooded area several days later, landed his plane and said to Michael Brownie. "Our marriage is in trouble, we are going to get a divorce." When asked by Reporter Brian Williams of NBC, with who you see directing from where or do you consult with like your father former president George Bush (41), Bush (43)ield God. No, I do not consult with my dad.

He can help Vice President Dick Cheney's shooting his best book while hunting and not reporting on which part of the war was found. Bush told us we would be seen as liberators and greeted by the people dancing in the street. The people dancing in the street were feeding their families and not asking to sustain a war. San Bernardino
County Democratic Party Elects New Leaders

The San Bernardino County Democratic Party hosted its annual election, approved by_annual meeting and new committee members for the next two years at its bi-annual meeting held Thursday night at a party headquarters in San Bernardino.

At the current meeting of registration, San Bernardino will have more Democrat than Republicans registered in the County, down from 60,000 less Democrats than Republicans in 2004.

“The Democratic Party is overthrown by an injection of new party members,” said Carlos Baul, a delegate from the 59th Assembly District, was easily re-elected to another term as the party’s Chair of the party’s Candidate Development Committee.

Next year, the party’s candidates will be working to develop new leaders and pave the way for the Inland Empire as a whole.”

Teens From Library Program Show Work

Several Riverside teens involved in a summer library project plan to share their talents with the community at an upcoming event.

The teens will be part of a showcase celebrating the stories, art, music and design work of teens in the Inland Empire.

The program is a project of the Riverside Library’s Teen Space Program. Photographs and the Inland Empire’s teen talent will be captured throughout various settings in the county.

“Now IS the time for a program of the California Council for the Humanities,” said Superintendent Walter Hawkins, Jr., director of the California Department of Education.

In a preshow, a presentation about the history of the library will be made to the public in the lobby of the Orange Show Center.

During the next few weeks, teens will be using their talents and creating art in a variety of places. Teen’s work can be seen at the Orange Show Center, 700 High Street, San Bernardino, and at the Orange Show Grounds.

To give the committee time to review all nominations and forms, the awards must be turned in by Aug. 22. To obtain a nomination form, contact Hill at (909) 864-3577.

EmroidMe covers all needs with a personal touch.

By Jon Corra

Embroidery has been present throughout civilization's history and it has even existed all around the world. Examples can be found from ancient Egypt to the late 19th Century. Some of the forms of embroidery have been created to create a cultural artifact within the community, or pass down a tradition from one generation to another. Today, in the U.S., another service medium check offers it as a consumer and business market.

With the opening of EmbroidMe in Riverside, the search for a store that can handle custom embroidery, as well as screen printing and promotional products has made much easier. Ever since this service is great for anyone or any organization to wear apparel and merchandise to be combined with their own logos, creating a personal emblem to stand out.

Embroidery offers customization of polo shirts, caps, dreses, trench, uniforms, jackets, v-necks, sports items, ruffles, towels, personalized gifts, and personalized products such as pens, keychains, and more. EmbroidMe would be the best place to order the design.

Unlike searching online trying to find something specific for an introduction style, at EmbroidMe a person can come and personally talk with owner Jonathan Zeretha about what they envision.

His passion for customer service and satisfaction is evident in the work he does. "I enjoy the creative process of taking an idea and turning it into a piece that is unique and personal," says Zeretha.

EmbroidMe can cater to anything, a person can bring their own ideas or design, to take advantage of EmbroidMe's selection of house art and their top equipment. Zeretha also sees no worry of a "telephone order." So if you need any size or color of garment that will be unmissable, unique EmbroidMe can help.

EmbroidMe is located at 10530 Magnolia Ave., Riverside, CA 92505. Business hours are from 8:30 a.m. to 5:30 p.m. for orders. For free estimates Call 951.862.6070.

Five Thumbs Up For The Last Emancipation

By Barbara Jenkins

The community theatrical ensemble delivered with the professionalism of a major Broadway production. Jones, in the conductor's role, steers the audience on an imaginary journey by free man train. Following the emancipation of slavery in 1860, to edu cate about the new exploitation of Blacks that emerged through commercial products, THE LAST EMANCIPATION tells the story of how Aunt Jemima, played by Vicky Lee-Nichols, "Rastaw", "The Cream of Wheat Man", played by Dattam Jones, and Uncle Ben, played by Peter Dixon, became exploited and are still exploited and oppressed. Rev. Martin Luther King Jr. foretold five will make my point.

AIDS

AIDS epidemic is worse than thought. The Department of Health and Human Services and the Pan American Health Organization have both confirmed that the AIDS epidemic in the United States is much worse than previously thought. This is because the epidemic is now spreading to younger age groups and is affecting more minorities. The new estimate is that there are over 1,000,000 Americans living with HIV/AIDS, up from previous estimates of 1,000,000.

The U.S. response to AIDS is a national emergency. The current response is inadequate, and considerably more funding is needed to contain the epidemic. The federal government needs to take a more proactive role in addressing the epidemic, including providing more funding for research, education, and patient services. The federal government also needs to work with states and localities to ensure that the response is comprehensive and effective.

The economic impact of the epidemic is enormous, and the cost of providing care for those with HIV/AIDS is soaring. This is why it is imperative that we take a more robust response to this crisis.

The so-called 'Great Recession' is not over, and the economic situation continues to be uncertain. This is why it is important to continue to support programs that improve the health of the population, such as transportation improvements, support for health care providers, and funding for research.

The city of Los Angeles has received a $35,000 grant from the Centers for Disease Control and Prevention to support HIV/AIDS prevention efforts. This funding will help the city to develop and implement new strategies to reduce the spread of HIV/AIDS.

Second Baptist Hosts 10th Annual Youth Gospel Explosion

RIVERSIDE

By Ashley A. Jones

Second Baptist Church of Riverside hosted the 10th annual youth gospel explosion featuring the Second Baptist youth choir and band as the main attraction. This year’s theme was “Tied Up: Winning” centered on Galatians 5:1, which talks about the gift of freedom through Christ.

The 5-day event began Monday, July 21, 2008 with music workshop classes held at Second Baptist Church featuring Charles “Choice” Hamilton, Second Baptist’s Minister of Music, and other members of the Second Baptist adult band. The workshops covered keyboard, drum, bass, guitar, praise and worship, video, and praise dance.

All youth who participated in the 5-day workshop event performed on Sunday, July 27, 2008 in concert.

“This is an event that we look forward to because it’s an opportunity for our young people, not only to have fun, but they learn principles and they learn plans for life. It’s a time when they can experience, have a good time, and just celebrate being young,” said Pastor T. Ellsworth Gantt, Senior Pastor.

“This year we had over 80 youth come out and participate. We are so excited about today’s event and like Pastor was saying, we had so many kids come this year who have never been in a choir before, never played the drums, never played a keyboard, so kids who have never experienced those things, get to do that,” said Youth Director Sandi Patterson.

The choir successfully ministered seven gospel songs including: Highly Exalted, No Weapon, If anything you need is right here, It’s time now, Set me free, This is the Day, and Freedom.

At the close of the event, Youth Music Director Tracey Bram said, “I’m so proud of the kids, not only am I proud because they sung well, but that they really got into it and they knew what the songs meant, and that’s what it’s all about.” As a result of today’s event, three youths came forth to accept Christ.

Save Energy, Money and the Environment

Summer is here, and Southern California Edison (SCE) encourages customers to save energy, money and the environment.

The SCE Refrigerator and Freezer Recycling program can save customers up to $300 per year in energy costs by helping them recycle unwanted, working refrigerators or freezers. Here’s how it works: SCE will haul refrigerators away for free and give customers $50 for each one. Many customers don’t realize that older, less efficient models use more energy and cost more to operate than newer, ENERGY STAR-rated appliances. Customers can save up to $195 a year and earn an additional $50 rebate when an old model is replaced with a new ENERGY STAR-labeled refrigerator.

Over the past 15 years that SCE has offered appliance recycling programs have saved more than 5 billion kilowatt-hours save d, enough energy to power 725,000 homes for an entire year. During the past five years, SCE energy-efficiency rebates and incentives for homeowners, renters and businesses of every size. During the past five years, SCE energy-efficiency programs have saved more than 5 billion kilowatt-hours —enough energy to power 725,000 homes for an entire year.

SCE leads the nation’s utilities on energy efficiency, with dozens of rebates and incentives for homeowners, renters and businesses of every size. During the past five years, SCE energy-efficiency programs have saved more than 5 billion kilowatt-hours enough energy to power 725,000 homes for an entire year.

Helpful Tips to Know:

• A full refrigerator runs more efficiently than an empty one. Even if you don’t fill it with food, bottles of water will do the trick.

• Keep the coils and grates free from dust and debris so that air can circulate freely and the motor won’t have to work as hard.

• California law prohibits dumping your refrigerator or freezer in landfills.

The Black Voice News
From Government Work to God's Work

One of the most historical events of the Inland Empire was recently held in the area. Former San Bernardino City Councilman Rev. Daniel E. Frazier Sr. who in the past presided over city governmental affairs will now assist the with the presiding over religious affairs. In the All Nations and People Pentecostal Inc. the Presiding Prelate Bishop Floyd Lang assisted by Presiding Prelate Bishop Napoleon Rhodes of The Convention of Converting Churches created Elder Daniel Frazier Sr. into the office of Bishop. Attending with this service was Bishop Phillip Powell, Bishop Eddie Jermajin, Bishop Cole, Pastor Delores Barber, Pastor Charles Watkins and Pastor Robert Spriggs. Bishop Lang also appointed Bishop Frazier as his first Administrative Assistant. With the sanctuary almost full to capacity, it was spiritually explosive with music provided by Minister B. Alexander Cargo, Evangelist Lee Backserville, Elder Greg McNair, Brother James "Scooter" Jones along with designate Bishop Frazier's daughter Evelyn "C.C." Frazier who took the service to an electrifying spiritual high. That was followed by a Rhema Word from Superintendent Lenois. Bishop Frazier received a proclamation from Mayor Patrick J. Morris of San Bernardino and Assembly member Winister. Amidst Carter, 62nd Congressional District declaring July 26, 2008 Bishop Daniel E. Frazier day throughout the city of San Bernadino.
