ASSOCIATE VICE PRESIDENT FOR ACADEMIC PROGRAMS NAMED

beginning Sept. 1. He succeeds Dr. Ralph Petrucci, who was dean of academic planning for 11 years.

Dr. Jerrold E. Pritchard, director of academic programs for the Texas College and University System Coordinating Board, will be the new associate vice president for academic programs

A musician whose principal instrument is the flute, Dr. Pritchard earned his B.A. and M.A. in music from California State University, Sacramento, and his Doctor of Musical Arts degree from the University of Washington. He taught music at the University of Northern Iowa before moving into a position there as director of special programs in charge of many interdisciplinary programs for special student populations. For the past 2½ years, he has been with the Texas higher education agency, which has many of the same responsibilities as the California Postsecondary Commission plus certain other regulatory functions.

His responsibilities there included frequent communication with the chief academic officers and deans of each of the 37 campuses in addition to interaction with the division of community colleges. He reviewed program proposals for the four-year institutions in the state, working with faculty and staff both in the central office and on the campuses.

Dr. Pritchard, who describes himself as a generalist concerned with all aspects of higher education, has done post-doctoral study at Oxford University in music history and English social history. He has performed with eight symphony orchestras, has won various honors and has published and lectured. He currently is a member of the Mid-Texas Symphony.

PURCHASING, HIRING FREEZES IN EFFECT AT COLLEGE

to comply. The chancellor's executive order of July 1 extends the provisions of her Jan. 5 freeze through July 31.

Chancellor W. Ann Reynolds has directed all CSU campuses to comply with expenditure freezes imposed by Gov. Deukmejian on July 1. While not legally required to do so, the CSU was requested

Prohibited by the freeze are the hiring of new employees, promotions and reclassifications, personal services contracts, out-of-state travel, and purchase of equipment and office supplies. Purchase requisitions are being accepted and processed by the Purchasing Office for items not covered by the freeze. Offices may order supplies from campus and state stores during this period. Because of the lack of a state budget, no check orders are being issued and no petty cash is being authorized until a budget is adopted.

REDUCED CONTRIBUTION TO PERS ENDS THIS MONTH

With this month's paycheck, employees again will contribute their regular share to PERS. For many employees this means they will take home \$50 less. Last year, the state borrowed money from PERS, which had an available surplus of funds from investments. The money was then used to increase the state's 1982-83 contributions to PERS, thereby passing the savings on to employees by decreasing the retirement contribution and augmenting the take-home pay. Employees whose regular contribution would have been \$50 or more received \$50 extra take-home. Now all employees will pay regular monthly contributions.

ACCOUNTING'S NEW COMPUTER IMPLEMENTATION POSTPONED

All campuses in the CSU were scheduled to begin implementing a new computerized accounting and reporting system called the Integrated Business System (IBS) on July 1. Problems with the software have changed those plans. According to Chancellor's Office plans, this campus will implement the system one year from now, July 1, 1984.

The Accounting Office will provide a campus-wide training program prior to that date. Questions may be referred to Donald E. Sapronetti (Accounting), Ext. 7501.

'CITIZEN KANE' TO AIR JULY 15

"Citizen Kane," Orson Welles' classic about the corruption of power, will be shown at 8 p.m., Friday, July 15 in the Multipurpose Room of the Student Union. Admission is \$1.

Welles directed, wrote and stars in this movie about the life of newspaper tycoon Charles Foster Kane, with pointed parallels to the life of William Randolph Hearst. Starting as a farm boy, Kane is swiftly corrupted by the lure of fame and power as he builds his newspaper empire and dabbles in politics. Welles introduced the use of overlapping dialog, special wide-angle, deep-focus photography and the dialog track to span a long period of time. The 1941 movie also stars Joseph Cotten, Everett Sloane and Agnes Moorehead.
