\$124,000 GRANT AWARDED FOR BILINGUAL EDUCATION

To help meet the growing need for bilingual education in area school districts, the School of Education has received a \$124,000 grant from the U.S. Department of Education for the first year of a three-year bilingual education program which will begin this fall.

The program is designed to provide training for teachers, aides, administrators and others working in or planning to enter bilingual/cross-cultural education. Each year, 20 students preparing for careers in bilingual education will be selected to train under the program. The grant will help pay their fees, as well as provide counseling, workshops, special programs and field experiences. Also as part of the project, faculty here will provide in-service workshops and lectures for educators wishing to work toward a certificate and improve their competency in bilingual education. The program includes a continuing study of the bilingual education offerings at the college and the needs of the area.

Persons interested in applying for the program should call the School of Education, Ext. 7571.

MAIN PARKING LOT TO BE PAVED

For approximately one month beginning Friday, Aug. 19, the main parking lot will be closed for reconstruction. The area to be repaved extends from the main entrance to the left all the way to the former main entrance, which also will be resurfaced.

Parking will be available in the newer lot to the right of the main entrance and in the old lot across the perimeter road from the Children's Center. Because the former main entrance will be blocked off, access to the science parking lot will be via the Plant Operations road. Signs will be installed to give directions. Fontana Paving will do the work for a cost of \$73,821.

Evening care will be offered from 6 to 10 p.m., Mondays through Thursdays. The cost is \$1.50 per hour for one child plus \$1 per hour for each additional child from the same family. A minimum enrollment of one evening per week for two hours is required.

Parents wishing to place their children's names on the list should call the Dean of Students Office, Ext. 7524. Openings are expected to fill quickly.

BERGMAN AND PECK IN 'SPELLBOUND' AUG. 12

Highlighting his movie with dream sequences designed by Salvador Dali, Alfred Hitchcock weaves a tangled tale of madness in "Spellbound," the Friday Night at the Movies feature to be shown Aug. 12. The

movie begins at 8 p.m. in the Multipurpose Room of the Student Union.

Ingrid Bergman stars as a psychiatrist who becomes involved with Gregory Peck, the apparent head of the asylum where she has come to work. She soon learns he is not the asylum's director, who has been murdered, but one of its patients, haunted by bizarre dreams. The movie concludes this summer's classic film series sponsored by the Office of Continuing Education and the Associated Students.
