
COUNTY OF RIVERSIDE

We recommend the re-election of Brenda Price to the Riverside Unified School District Board of Education. It’s her fourth term in this district as well as represented them throughout the county. She has been diligent in requesting information and involved with the community in decision-making. We support legislation that would ban assault weapons. Vote Price for Riverside Unified School District.

We recommend Roberta Pacheco, Morris County Council. We believe she has progressive ideas and can assist the city in growth. Her experience as a law enforcement officer can be utilized in a city that is continually growing. She has plenty of good ideas and can easily discuss the many challenges from law enforcement. Vote Pacheco for Moreno Valley City Council.

We recommend incumbent John Chavez for Jurupa Unified School District Area 3. Chavez has illustrated a longterm commitment to children. He has other educational credentials and others who have opposed him in the past. We view this as a commendable act.

Vote Chavez for Jurupa Unified School District Area 2.

We recommend Ray Quatro for the 63rd Assembly District. Quatro has proven himself as a leader as a Naval Officer. He has been a community activist and seeks to give broad range of support from those who are in the community. He can always be counted on his support when needed. Vote Quatro for Assembly District 69.

We recommend incumbent Jerry Eaves for re-election to his position as United States Senator representing the State of California. Eaves has used his experience to bring state and federal dollars to our community and has represented the citizens of San Bernardino well. He is currently chair of the California State Planning Association. He has appointed many African Americans to various boards and commissions which demonstrates his commitment to the community and his respect for the community. He is an excellent choice for the voters of the 6th Senate District.

We recommend John Longhile in the 6th District Assembly seat. As a teacher and as a Trustee for Riverside Community College, Medina is close to the issues. As a teacher he understands the many issues facing today. Again, as a trustee, he understands that it is not just a matter of how much money is in the budget. It is the only way that people of color will be successful. He is a supporter of the Black community. The mountaineer, that Parachute, optometrist, to support legislation that would ban assault weapon from our society. We are recommending Ron Oden for U. S. Congress, 44th District. We are recommending Joe Bacala in the race for United States Representative, 42nd District.

We recommend Ken Calvert in the race for United States Representative 42nd District. He is young and energetic. We feel Wilson will long term involvement in this area that otherwise would not have come our way. It is not something we can do because it will take all of us to erase the problems that we have in our society.

Take it to the Polls

Vote No on Proposition 38: It’s a false promise that will hurt working families in this state.

Promote Discrimination

Voucher schools can reject students based on family income, religion, gender, behavior, physical and mental handicaps. Under Prop. 38, parents will not choose the schools; the schools will choose the students.

Take Money From Our Schools

Prop 38 spends billions on those who can already afford private schools. It won’t spend one penny to reduce class size, provide textbooks and computers, or to improve school safety in the public schools in our community.

Undermine Equal Opportunity

There is not enough room in existing private schools for our children. There is not enough room in existing private schools for our children. And $4000 is not enough to cover the cost of tuition and transportation, so our kids won’t be able to use the vouchers anyway.

Misuse Your Tax Dollars

Prop 38 does not restrict the kind of school that receives the voucher or who can open a voucher school. So anyone, even hate groups and cults, can open a voucher school. So anyone, even hate groups and cults, can open a voucher school.

We recommend voting NO on Measure M. Measure M takes the city’s ability to vote to City Treasurer, City Attorney, and others. Measure M changes the city’s budget and makes those positions appointed by the Mayor and City Council. It also means that the Mayor and City Council can gain authority over the city. Two take over the current situation in Riverside. The City of Riverside currently has two city council members who are running for City Council. The city council members have taken our tax dollars and voted to give themselves a raise. We recommend voting NO on Measure M.

We recommend Jose Medina for the 64th District Assembly seat. Medina has illustrated an excellent track record. He has a passion for education and a commitment to helping students. He has a proven record of accomplishment and has been a strong advocate for education issues and has held several focus group meetings with those who have opposed him in the past. We view this as a commendable act.

Vote Medina for the 64th District Assembly Seat.

We recommend incumbent John Chavez for the 64th District Assembly seat. Chavez has illustrated a longterm commitment to children. He has plenty of good ideas and can easily discuss the many challenges from law enforcement. Vote Chavez for Jurupa Unified School District Area 2.

We recommend Ray Quatro for the 63rd Assembly District. Quatro has proven himself as a leader as a Naval Officer. He has been a community activist and seeks to give broad range of support from those who are in the community. He can always be counted on his support when needed. Vote Quatro for Assembly District 69.

For Riverside San Bernardino Counties

James Byrd was dragged to his death in Texas and Governor Bush won't support legislation against hate crimes.

On June 7, 1998, James Byrd Jr. was beaten then chained by his ankles and dragged three miles behind a pick-up truck until he was dead, all because he was black. Yet when Byrd's daughter, Renee Mullins asked Governor George W. Bush to support hate crimes legislation, Bush said "no".

Eleanor Roosevelt Tea Set for Weekend

The Women's Democratic Club invites everyone to the second annual Eleanor Roosevelt Tea on Sunday, October 29th, 3-5 PM at the beautiful California Citrus State Historic Park in Riverside. This year's theme, "Celebrating Women in Public Office" will pay tribute to women who have ascended to elect office, service and formable-able roles. Invited guests include Congresswoman Billie Solis, Senator Nito Santos, Los Angeles County Supervisor Dennis Gonzales, Supervisor Diane Burke, and others.

The mission of the Women's Democratic Club is to promote and support qualified Democratic candidates running for public office. They provide voter education and information, and support initiatives that positively impact and advance women, especially health issues.

"Join us for an unforgettable afternoon of entertainment, speaker, music, level at Eleanor Roosevelt Look-Alike Parade, and lots of fun," stated Mary Lou Morales, President of the Women's Democratic Club. "Our goal will be a great opportunity to reflect not only on the great works of Eleanor Roosevelt, and how she inspired women to pursue public office, but also to do so fearlessly and in the styles of the legendary First Lady."

The Women's Democratic Club established the Eleanor Roosevelt Tea in tribute to the First Lady of the World. Eleanor Roosevelt is a role model, an icon of caring, humanitarian values and independent views. She was a courageous outspoken woman from an earlier generation and from a breed of American society where public service from women more likely would be focused on charity balls. An idealist, Eleanor Roosevelt worked hard to make our country and the world the best it could be. She was the wife of Franklin Delano Roosevelt, a popular U.S. president, and niece of President Theodore Roosevelt. She attended her first Democratic Party convention in 1912 and was involved in the women's suffrage movement. Mrs. Roosevelt became active in politics when her husband was stricken with polio in 1921. When FDR became president in 1933, she made herself a powerful voice on behalf of a wide range of social causes, including youth employment and civil rights for Blacks and women. A woman of many firsts, as First Lady she conducted press conferences, held her own radio program, and wrote a daily newspaper column. "My Day," which was nationally syndicated until her death in 1962. Defying the norms of her day, she helped arrange a concert by Marian Anderson, a Black singer for 75,000 people at the Lincoln Memorial in Washington, DC and intervened with civil rights groups to pressure the Army Corps of Engineers to open its ramps to Black people.

After the death of President Roosevelt, Eleanor Roosevelt continued in public life. She became a member of the NAACP board of directors and joined President Truman in addressing a plenary session of the NAACP annual conference at the Lincoln Memorial. California Citrus State Historic Park is located at the corner of Van Buren and Daffodil Avenue, Riverside. Donations for the Eleanor Roosevelt Tea is $25 per person. Please RSVP by Friday, October 27th. For more information, call Mary Lou Morales, (909) 687-1373 or Nancy Hart, (909) 699-4251 E-mail: francisjnp@msn.com
**Big Kmart Prepares for a Safe Halloween**

On the last night of October, little kids across America don costumes and go door-to-door in search of treats, but Kmart reminds you that the October 31st holiday can be a time of fun and danger. To ensure your family's safety, Kmart offers these "Helpful Halloween Tips." Check with families in your neighborhood ahead of time if they will welcome trick-or-treaters. Adults should always accompany children when trick-or-treating; containers should be light colored or reflect safety lights on the front and back of cars and trucks. Drivers can see them, but not commercially wrapped candy. Do not eat homemade candy or anything such as an apple; never eat anything before you or a responsible adult has had a chance to examine it. Also, be aware that some children have allergies to certain ingredients, so be cautious about what you give out.

- **Ask for Elies, uncles, or aunts.** 
- **Tell the children you have to check the treats at home.**
- **Bring the children home straight away.**
- **Make sure the children are dressed in bright clothes with reflective strips.**
- **Think about the safety of the costume.**
- **Remember to turn off the lights and get the Halloween fun started!**

Desert AIDS Project Awarded $50,000 Federal Grants for Outreach

The Desert AIDS Project (D.A.P) announced that they have just been awarded new Federal grants from the Centers for Disease Control (C.D.C.) and from the Black Congressional Caucus. The C.D.C. grant is for $500,000 over a four-year period, and is to be used specifically to increase HIV testing and outreach in high-risk communities of color throughout the D.A.P.’s service area. The Black Congressional Caucus has also awarded $24,000 to be used for similar outreach to those in the Black community that are already HIV positive in the D.A.P.’s service area. Regarding the C.D.C. funding, Ed Cano, Director of Education and Prevention for the Project said “these funds have been allocated by the Congressional Black Caucuses specifically to be used by Service agency organizations like the D.A.P. to increase outreach to African Americans and people of color with HIV in the communities we serve.” At the Desert AIDS Project, these funds will be used for increasing availability and access to medical and social services, including peer counseling, and risk-reduction support services. “We need to ensure that everyone in our service area is aware of the social and medical services available through the Desert AIDS Project,” Cano added. The Centers for Disease Control program is called “Strategies to Increase HIV Testing in High Risk Communities of Color” and the grant provides $125,000 per year over a four-year period. The goals of this program are similar to those of the C.D.C. grant, with an emphasis on people of color. “We need to get out into every corner of the community to be sure that people of color are comfortable asking questions about HIV transmission, getting tested, and coming to the Project for services. To make HIV testing even simpler and more accessible, D.A.P. has recently begun using the OraSure method of anonymous oral HIV testing in the field. With this method, a small testing device that looks like a tooth brush is held in the mouth for two minutes, and no needles or blood draws are involved. “All HIV testing we conduct is completely anonymous. Unfortunately, fear and the stigmatization of HIV prevention services for;;; historically, and others to help people understand the risk of HIV infection, how to avoid it, and how to deal with it. Desert AIDS Project is the primary provider of direct medical care and support programs to an area which encompasses over 10,000 square miles, including eastern Riverside County and parts of Imperial and San Bernardino counties. It is one of only 4 AIDs agencies nationwide which provide comprehensive services to men, women, and children suffering from HIV Disease The Project provides wide-spread education and prevention services for schools, civic organizations, businesses, churches, youth groups, and others to help people understand the risk of HIV infection, how to avoid it, and how to deal with it.
