SAN BERNARDINO CAMPUS HAS HIGHEST GROWTH PERCENTAGE

Cal State, San Bernardino's 7.6 percent increase in enrollment this fall is the highest in the CSU system.

The official fall enrollment figures for the campus are 5446 students, compared to 5060 on census date last fall, and 4140 FTE, compared to 3791 the prior fall. The increase in FTE, 9.2 percent, also is the highest in the system.

The CSU reports show eight campuses experienced enrollment increases this fall, 10 reported decreases and one was virtually no change.

San Diego State, the largest campus in the system, shows a larger increase in the number of students than Cal State but, because of its size, the percentage of increase was only 3 percent.

Percentages of increase in other campuses include: Bakersfield, 1.6 percent; Chico, Pomona and San Luis Obispo, 0.9 percent; Fresno, 0.8 percent; Hayward, 2.9 percent.

Campuses showing decreases range from 8.8 percent at Humboldt to 0.2 percent at Sacramento. Dominguez was ranked in the zero change category as its net loss this fall was two students.

NAPLES VISIT POSTPONED

The first campus visit by Dr. Caesar Naples, the new CSU vice chancellor for faculty and staff relations, has been postponed because of conflicts with the presidential selection process on another campus. It is anticipated his visit will be re-scheduled at a later date.

TWO SUPPORT SERVICES RECEIVE HIGH RATINGS

The Student Assistance in Learning (SAIL) and Upward Bound programs received high ratings in a recent evaluation by the U.S. Department of Education. SAIL is efficiently managed, has sound fiscal control practices and is an integral part of the college's academic program, according to DOE Program Officer Margaret Wingfield. The evaluator stated that Jean Peacock, SAIL director, "has done an excellent job of making SAIL a viable and integral component of the college's academic program."

Upward Bound was found in compliance with federal guidelines regarding project administration, and fiscal management.
