## Campus Receives Increased Budget

Cal State, San Bernardino will receive \$37,614,080 of the \$1.7 billion budget approved by the governor for the CSU for 1987-88.

The campus allocation represents an increase of \$3.7 million from the prior year's budget, reflecting the continued growth of the university.

In addition to the 6.9 percent increase in funds approved by the governor for the CSU, the system also was funded for an increase of 6000 FTE students to 253,850, the highest enrollment level in its history.

The FTE allocation for the San Bernardino campus was increased 13.3 percent, from 5100 to 5900 FTE for 1987-88. The campus received 13.3 percent of the system's increase in FTE.

An average 6.9 percent salary increase for the faculty and an average of 4 percent for the staff also are included in the budget but will not take effect until Jan. 1, 1988. Chancellor W. Ann Reynolds expressed pleasure with the increases, noting, "They bring us closer to attaining adequate and appropriate compensation for our faculty and staff."

Additional funds also were allocated for support items such as instructional supplies, services and equipment and computer workstations. "All of these are essential for maintaining quality educational programs that prepare students to meet the demands of modern society," said Reynolds.

## 1990 Building Receives Initial Funding

Planning continues to progress in high gear for the new Classroom-Student Services-Faculty Office Building, known on campus as

the "1990 building," with the approval of \$861,000 for preparation of initial plans and working drawings.

The CSU trustees, at their July meeting, approved as architects for the project, Rossetti and Associates, a national firm with experience in university construction. Individuals working with the campus will be from the local office in Santa Monica.

William Shum, the university's facility planner, has compiled a 200-page description of the university's needs for the 130,000-square-foot structure. The building, to be located south of the Student Union, will have 60 classrooms, laboratories, 147 faculty offices, 165 self-instruction computer laboratory stations and administrative space for Student Services.

The estimated cost of the project is \$17.6 million, which includes construction of the building, equipment, landscaping, administrative costs, contingency and added capacity for the campus heating and air-conditioning plant.

Preliminary plans are to be completed no later than February 1988. Working drawings are to begin the next month and be completed by September 1988. Construction is to begin in November 1988 and be finished by June 1990.

## Trustees Delay Decision On Parking Fee Hike

The CSU Board of Trustees deferred action until September on a recommendation to increase parking fees on the 19 campuses.

The recommendation from a special task force, presented to the board in July, contained two options. The one preferred by the task force and campus presidents would base the campus rate on the number of multi-story parking structure spaces versus surface spaces. Monthly rates would range from \$12 to \$18. The alternative would establish a flat \$14 per month fee.

## **Insurance Premiums Change for Many**

Many employees found a change in their July paychecks because of adjustments in insurance premiums and an increase in the state's contribution.

The state increased its share of employees' insurance costs in the following amounts: for an employee only, from \$88 to \$92, for an employee with one dependent, from \$163 to \$174, for an employee with two or more dependents, from \$219 to \$233.

Information on the changes in the various insurance policies was distributed to all employees by the Personnel Office.

In addition to premium changes, health insurance benefits may change with the new contract year, which began Aug. 1. The carriers for the various plans will notify employees directly of the changes.

## **Open Enrollment Begins Sept. 1**

The annual period for employees to change their insurance carriers begins Sept. 1, announced Dale West (Personnel).

The time period in which employees may make changes, set by PERS, extends through Oct. 18. The Personnel Office will process applications on Thursdays, Aug. 27, Sept. 3, 10, 17, 24 and Oct. 1 and 8. Employees must complete worksheets prior to going to the Personnel Office.

If the insurance form is received by the PERS Office by Sept. 10, the change will be effective Oct. 1. Changes received after Sept. 10 will be effective Nov. 1 or Dec. 1.

West stressed that Oct. 18 is a firm deadline for submission of change documents.

Changes can range from switching insurance carriers to adding or deleting family members.

## **Sympathy**

to Marty Bloomberg (Library) on the death of his mother, Mrs. Sarah Bloomberg, Aug. 2 in Riverside. Services and interment will be in Fort Worth, Tex.

## **Fee Waiver Deadline Is Aug. 14**

Employees wishing to take classes for reduced fees, under the fee waiver program, must file their application forms with the Personnel Office by Friday, Aug. 14. Further information and forms are available from Carlos Marquez, Ext. 7205, SS 151.

The fee waiver program is an employee benefit which provides faculty and staff the opportunity to take university courses that are either job-related or part of an employee career development plan.

## **Air Force Band Here Next Week**

Final Approach, a popular smaller group from the 15th Air Force Band of the Golden West at March Air Force Base, will present a program of contemporary light rock at 7 p.m., Wednesday, Aug. 12 in the Commons Plaza.

The free Wednesday evening concert series continues through August with the Scottish folk music of Reel to Reel on Aug. 19 and the Dixieland sounds of the Fullertowne Strutters on Aug. 26.

The public and campus community are invited to bring picnic lunches and make the concerts a gala occasion for the family and friends, said Doyle Stansel (Student Services), coordinator of the summer series.

## Community Service

Dr. David Bellis (Public Administration) has been appointed by the San Bernardino Redevelopment Agency to the San Bernardino Downtown Revitalization Steering Committee. Elected vice chair of the committee, he also sits on the organizing committee and chairs the Economic Restructuring Committee for the joint public/private effort to revitalize downtown San Bernardino with a better mix of retail/commercial development.

Dr. James L. Mulvihill (Geography) served on a panel discussing San Bernardino's general plan at the July meeting of the San Bernardino-Riverside City/County Planning Commissioners' Association.

## Professional Activities

Dr. Richard Ackley (National Security Studies) has received a \$500 grant from the National Strategy Information Center for teaching materials for the National Security Studies Program. He has received the annual stipend for 10 years.

Dr. Irvin Howard (Education) has been invited by the CSU Chancellor's Office to serve on the Middle Grade Education Consortium headed by State Superintendent of Instruction Bill Honig. The consortium was responsible for the report, "Caught in the Middle: Education Reforms for Middle Grade Students," last January and will issue a follow-up report in November. Dr. Howard also was a guest lecturer in reading education at Mt. St. Mary's College summer workshop.

Dr. Fred E. Jandt (Communication) has an article, "Measuring Life's Stress Levels," published in the July/August issue of *Legal Economics*.

Dr. L. Lynn Judd (Marketing) has an article, "Environmental Forecasting for Direct Marketing," in the spring/summer issue of the *Journal of Direct Marketing Research*. Dr. J. S. (Vic) Johar (Marketing) had an article in the charter issue of the new journal.

Dr. James L. Mulvihill (Geography) was selected to serve on two planning committees, the San Bernardino County Hazardous Waste Management Plan Advisory Committee and the City of San Bernardino Citizens' Advisory Committee to Revise the General Plan.

## Governor Appoints New Faculty Trustee

A political science professor from Cal State, Fresno, Dr. Lyman H. Heine, was appointed by Gov. Deukmejian to a two-year term on the CSU Board of Trustees.

The second faculty member to hold this position, he succeeds Dr. Robert Kully from Cal State, Los Angeles, who served two consecutive terms. Heine has taught at Fresno since 1978 and was department chair for two years.

Nominees for the faculty trustee position are submitted to the governor by the system-wide Academic Council, composed of 53 faculty who represent the nearly 20,000 faculty in the CSU.

## Barkan Receives CSU SSIMS Grant

Dr. Elliott Barkan (History) has received a grant of \$24,975 from the Institute for Academic Computer Enhancement in the Chancellor's Office for developing social sciences instructional models for use in in-class study on the computer.

Five CSU faculty are preparing study packages in the SSIMS project, with the topics covering immigration, attitudes regarding women, earthquake preparedness, student attitudes on contemporary issues on several campuses and cultural variables among Indian tribes in California. Dr. Barkan created his data base this summer prior to leaving for his Fulbright lectureship in England.

## **Extended Education Hosts Major Teacher Workshops**

Hundreds of teachers will be on campus this month for two major workshops sponsored by the Office of Extended Education.

Considered one of its smaller workshops, the "Reading, Rhythms and Rainbows" course will have 200 teachers attending today and 270 here tomorrow.

Guest speakers will focus on using the creativity in children to develop their learning skills. The program is co-sponsored by the Arrowhead Association for the Education of Young Children.

One of the largest presentations for teachers, with more than 400 expected each day, the annual "Teachers are # 1," will be Aug. 18-21. Nationally known educators and TV anchor Kelly Lange are the major presenters.

The conference is built on the theme "Self concept is the foundation, reading is the key, communication is the link and effective schools are the result." Co-sponsors are the San Bernardino County Superintendent of Schools and the Region 13 Teacher Education and Computer Center.

## **Move into New Building Set for Aug. 17-18-19**

The Schools of Education and Social and Behavioral Sciences and their faculty are slated to moved into the new Faculty Office Building Aug. 17-18-19.

A \$14,000 contract has been awarded to Inland Moving and Storage to do approximately 75 percent of the series of moves resulting from the opening of the new building and the resulting shift of other offices.

All offices will be taking their existing telephone numbers, explained Joyce Alta (Telecommunications Coordinator). According to word she has from General Telephone

Company, there should be little down time when the office personnel cannot be reached, either in their old or new locations, she said. Phones, with new numbers, will be installed at the same time for new faculty going into the building.

Physical Plant crews will remodeling and painting some of the vacated quarters in preparation for the second stage of moves.

## **Telephone Directory Preparation Begins**

The Publications Office has started work on revising the university telephone directory, for issuance early in the new school year. Notices will be sent shortly to all employees requesting verification of their listings. However, corrections may be sent now to Publications, AD 117. The information must be in writing.

## **Application Fee Upped \$10 Effective for 1988**

Students applying for the CSU for the fall quarter of 1988, or after, will pay an application fee of \$45.

The \$10 increase, imposed by the CSU Board of Trustees in July, is effective with the applications being received in November for fall 1988. Revenue generated by the fee hike will pay for staffing admissions offices.

About 303,000 applications are projected to be processed for fall 1988, according to the Chancellor's Office. However, approximately, 35,000 will qualify for fee waivers or exemptions.

## **Library Hours Change**

Beginning this week, the Library will be closed weekends, reminds John Tibbals (Patron Services). Hours through Sept. 10 will be 8 a.m. to 8 p.m., Mondays through Thursdays and 8 a.m. to 5 p.m., Fridays.

## **Weese Visits ROTC Camp**

Cheryl Weese, director of admissions, joined 13 representatives from 90 colleges and universities at Fort Lewis' ROTC Camp Adventure July 5-7 to observe the training provided to more than 2700 ROTC cadets. The educators also had an opportunity to meet with ROTC staff to discuss ways to improve the university-ROTC relationship.

## **Retirement Requests Due Aug. 20**

Appointments for the September interviews by the Public Employees Retirement System (PERS) should be received by the PERS office in Los Angeles by Aug. 20, the Personnel Office reminds. Interviews will be Sept. 17-18 at the Montclair City Hall. Information on materials to be taken to the appointments is available from Personnel, SS 171.
