## \$1.6 Billion CSU Budget Includes Campus Funding

The \$1,644,853,000 support budget for the CSU, approved by Gov. Deukmejian, provides \$1,591,952,000 for general program support and \$52,901,000 for increases in employee compensation.

The budget includes more than \$700,000 in capital outlay money for two projects for the San Bernardino campus, according to William Shum (Physical Planning and Development).

The funds are planning money for the Library addition, \$348,000, and for the School of Business Building, \$379,000.

Chancellor W. Ann Reynolds expressed pleasure at the approval for using greater-than-anticipated revenue. "Without this critical compromise, the quality of our academic programs and access to higher education was in jeopardy," she said.

The budget is \$23.2 million higher than the initial budget submitted by the governor in January and represents a

9.4 percent increase over last year. The CSU still must find approximately \$30 million in unallocated budget reductions.

Several major budget allocations were supported by the governor.

\* The previously anticipated 10 percent increase in the State University fee has been rolled back to 3.6 percent. Full-time students will pay \$708 for the academic year and part-time students will pay \$408 for this fee.

\* Targeted reductions of more than \$9.5 million in the areas of student services, faculty staffing, instructional equipment and special repairs were not included in the final budget.

\* Funds were included for faculty and staff support, subject to collective bargaining; however, it is anticipated they will not become available until Jan. 1, 1990.

The 1989-90 CSU budget includes \$186.9 million for university capital outlay projects, provided by separate capital outlay funds.

"The CSU can now move ahead with the much-needed reconstruction/remodeling program on nine of our campuses, new buildings and facilities on 14 campuses and a program which provides benefits throughout the system for facilities planning, minor capital outlay projects, energy studies and matching grants," the chancellor said.

Commons staff will pick up any of the misplaced items, if they are notified of the location. Call Ext. 5916.

### San Marcos President Named

Bill W. Stacy, 50, president of Southeast Missouri State College, will be the founding president of the new CSU campus in San Marcos, which is scheduled to open in the fall of 1992.
