NEW OPENINGS OFFERED

NISEI IN U.S. ARMY

New and greater opportunities for Nisei men to serve in the army of the United States came to Poston today in the form of a special announcement from the War Dept. Under this directive a new group of Nisei will be eligible to join the more than 35 men who have already applied for entrance into the Military Intelligence Language School, Savage, Minn. Staff officers representing the Commandant of the School will be in Poston shortly to meet with the 35 who have already taken their examinations and new groups who are interested.

This opportunity is open to both single and married men alike.

The regulations, as forwarded to Norris E. James, Press and Intelligence Officer by Maj. Karl T. Gould, are as follows:

1. Applicant should have at least a high school education in this country and must have a fluent command of the English language.

2. He must have an adequate command of the Japanese language, both oral and written. He should have facility of use of "hira-ha-a", "kata-kana" and a good number of "kanji" normally used in written Japanese.

3. He must be physically fit for field service.

Poston Nisei men who meet this qualification will be given the opportunity of volunteering for enlistment in the United States Army.

Applicants after passing the regular Army physical examinations will be inducted and sent to the Army Language School for a further intensive training of six months, and upon completion of the course will be sent out into the field with combat troops. "The duties definitely will not be of espionage nor secret type of work," writes Maj. Gould.

"Prospective applicants and those interested should try to settle their personal affairs so as to be ready to leave Poston with the recruiting office's," reports Mr. James.

Maj. Gould, in his announcement continues: "The response to this plan for Nisei to enlist in the Army will be looked upon as the acid test of whether the requests for opportunity to enlist being made through the various Nisei publications are made in real sincerity backed up with action.

"It is the first step in re-appraising the status of Nisei under the Selective Service, and the standing and treatment to be accorded the Nisei under future changes in the Selective Service, as well as their post-war status, will depend to a great degree on the Nisei reaction to this plan.

POSTON RECREATION GROUP CHALLENGES GILA

Dr. J. W. Powell presented a challenge of the Poston Community Activities Department to the Gila Center recreational department chief, Martin Gaba, when the two men met during the three-day conference of representatives from six western projects at San Francisco recently. This was revealed yesterday on Dr. Powell's return from the meeting. A field day and conferences of the respective adult education departments was considered a possibility, although nothing concrete has been settled as yet, it was declared.

Authorities in charge of issuing permits and other officials consulted agreed that such an inter-project meeting between Gila and Poston residents could probably be arranged. And Dr. Powell proposed the holding of conferences and contests and the exchanging of exhibits among various centers.

Outside sources for funds for this community activities group were explored as one of the big problems faced by the representatives. It was pointed out that one group with funds might be contacted for financing a community hall in Poston for the use of religious groups and for socials.

Considerable interest was shown in regard to the recently held Poston County Fair, and various other centers reported on plans to sponsor similar fairs.
K:3 UNITES LOSES ITS FIRST GAME IN POSTON III

Terry Ikuta and Shizue Aoyagi's steady passes plus Mary Shimozono and Tomi Kitahata's swift serves gave the Chickadees the winning game over Sumi Naito's undefeated Mesquites. Coeds now remains the only undefeated team in the volleyball series, as the Redee vs. Bomberettes game ended in a tie because of darkness, it was played last night for decision.

A NEW WAY OF LIFE

Relocation center conditions call for a sudden change in attitude towards society, a rejection of the old scheme of "rugged individualism." It might as well be faced right now that we are in a situation where definitely we must function more as social beings knitted into group activity and not as isolated competitive individuals.

Even in the outside world the "go-getter" and success stories of Horatio Alger had long ceased to catch the imagination of the people. Social consciousness was noticeably on the increase. For us evacuees, however, the change-of-evaluation, which is gradual on the outside, must come almost overnight.

It cannot be said too emphatically a way of life is over for us, and, with it, the old ways of getting ahead. The frontiersman moving into the wilderness and the captain of industry moving down his competitors do not fit into the modern scene. To complete our adjustment to center life the inconsiderate, pat-your-own-back (not to say dog eat dog) attitude must be replaced by cooperation and concern for others.

Many of us who note this tendency bewail it bitterly as likely to dim the cherished virtues of self-reliance and initiative. Perhaps it may. But, if it does, it seems foolish to mourn them unduly. A great deal of the behavior which has gone under their noble name has been anything but noble. At any rate there is no escaping the necessity for curbing the practice of acting solely for our self interest. And in so changing we also must see other values than those of material gain or personal advancement.

SELF ESTEEM

If all the patient work of all the psychologists and psychiatrists has proven anything, it is that without self-esteem no one lives happily or effectively. We can manage to get along without much social recognition, but we need to think well of ourselves. Group esteem, we know, is chiefly valuable for its dramatization and strengthening of our cherished opinion that-- as one evacuee put it-- "in spite of our handicaps, we are useful and respectable, doing pretty well considering the lack of equipment and material and numerous other difficulties we have to overcome."
"TSUKEMONO" INDUSTRY PLANNED

The Industry Dept., headed by Ta kayoshi Karakane, declared yes­
terday that "since the daikon is row reaching its harvesting per­
iod," tsukemono process raust be
prepsred to coriplete the planned
 project.

The process, which is now be­
ing individually made at each
less hall, will meet on a "larger
scale," operated by the Industry
Dept. The blue print ^calls for
construction of a building 100 X
20 ft., with concrete flooring,
heavy rafters, and beams. Under
this roof the workers will turn
out "tsukemono" in quantities for
the residents, who "like them".

The entire staff of the Indus­
try is due to work on the truck
crew, to help them carry home the
notive trees for building the
site.

FIRST SHIPMENT OF CHAIRS ARRIVE

The initial carload of chairs
---with many more due to arrive--
made its appearance at the local
warehouse last Mon. Nov. 3.

"These will be distributed
equally among the four schools in
Units 1, 2 and 3. It will be an­
other several weeks before all
the requisitioned chairs could be
had in these schools," Dr. Miles
E. Cary, Ed. head asserted.

Meanwhile, students are advised
to "continue bringing stools" to
their classes until the supply is
met.

DISPATCH SITE CHANGED FOR CARS

"The new locale for dispatch­
ing cars and trucks will be the
lot east of Ad. Bldg. 1, instead
of the garage where it had previ­
ously been the dispatching head­
quarters. All trucks must report
at 5 p.m., but trucks required af­
ter 5 p.m., must receive written
instructions from the Transporta­
tion Dept.," quoted Wm. A. Barrett,
truck dispatcher.

The winning title for the school page is the "Campus Log" submitted by Betty Nita and Chitose Shintani of Miss Kikue Takata's 7th and 8th period Core class. It has been arranged for the prize of one month's subscription to the Press Bulletin to go directly to the classroom rather than to any individual. Although the judges were snowed under with contributions the Campus Log won by a close margin. The Staff wishes to thank everyone who participated in this contest and for all the entries turned in.

A good time is planned by all. Let's all be there.

STUDENTS PICK COTTON

The first group of High School students left for their day of cotton picking from in front of the Administration Building at eight o'clock Monday morning. They were taken to the Indian Trading from where they were taken to the fields by their employers. The students picked both short and long staple cotton. They received four cents for the long staple and one and three-quarter cents for short staple. The work was over at three o'clock when the students were brought back to camp.

Cotton picking was enjoyed by all the students. They claim it was something different and somewhat enjoyable.

Favorable reports come into the office concerning the cotton pickers. The students did better than what was expected of them from the employers. Students reported back that they were very well treated by their employers.

STUDENTS MEET IN 210 MEAL HALL TO DISCUSS COTTON PICKING

The first student body meeting came to order Thursday, October 29, when the school principal, Mr. D. McLaren, gave an appeal to the students to work in the cotton fields.

Representatives from each class were present in order to clarify the questions of the students.

The distribution of the money earned was the main topic of discussion.

After a long discussion the students decided to go to work. All those willing to work were asked to sign up with their Core Studies teacher. Going to work was not considered compulsory.

Kay Harada was elected temporary chairman of the meeting and Gene Nakao was appointed temporary secretary by Mr. McLaren.

KOBARA PICKS 73 POUNDS

Among the senior cotton pickers Michi Oka Sue Eto, and Takako Yagi picked the heaviest. They picked 29, 28, and 26 pounds respectively. All the seniors picked long staple cotton. Among the Juniors, 73 pounds of short staple was picked by Yoshimi Kobara. For the girls Kay Kinura totalled fifty-five pounds. A group of Juniors picked long staple cotton June Sugidono picked the most, thirty-three pounds, breaking the senior record. All the juniors mentioned they loved home in a Jeep. It was their preference.
