THE ACADEMIC DRESS

The history of academic dress goes back to the medieval European universities of the 14th century. United States universities have now standardized the academic regalia so that its features are common throughout the country. The gown is ordinarily black for academic degrees. The pattern of the sleeves varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctor's degree. The bachelor's and master's gowns have no trimmings. The doctor's gown is faced down the front with black velvet and three bars of the same material across the sleeves. The color of the velvet on the sleeves also could be the color of the subject in which the degree was earned.

Hoods are usually not worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctor's hood. The silk lining of the hoods bears the colors of the institution from which the individual was graduated. The velvet binding or edging of the hood designates the academic major in which the wearer has taken his degree.

At California State College, San Bernardino, the velvet binding on the master's hoods is light blue for education, white for psychology and light brown for administration. The brown silk chevron on the blue lining depict the college's colors.

Some of the colors represented on the master's hoods of faculty members include:

- Arts and Letters: White
- Economics: Copper
- Education: Light Blue
- Fine Arts: Brown
- Library Science: Lemon Yellow
- Music: Pink
- Nursing: Apricot
- Social Sciences: Cream
- Philosophy: Dark Blue
- Physical Education: Sage Green
- Science: Golden Yellow

Traditional color trimmings for doctor's hoods include:

- Doctor of Business: Drab
- Doctor of Education: Light Blue
- Doctor of Philosophy: Dark Blue
- Doctor of Fine Arts: Brown
- Doctor of Music: Pink
