SUGGESTIONS WANTED

This spring a group of students are planning to compile a book somewhat on the order of "That Was the Year That Was"---not an annual or yearbook, but a collection of impressions, opinions and photos recording as vividly and as humorously as possible just what the First Year was like. The cooperation of the faculty and staff is earnestly solicited in this project. If you have any ideas or suggestions for such a publication, please submit them to the Publicity Office in Room 196.

STATE COLLEGES RECEIVE ART GIFT

An early and very rare publication of Whistler etchings has been presented as a gift to the California State Colleges by Mr. Irving Stone, biographer and novelist. The etchings will be added to the growing collection of items in the arts and humanities which have been donated to the State College system. Mr. Stone said the set of etchings included every impression made by the artist before the final etching was completed. It is now one of the last sets available, since almost all the others are now in the possession of other universities and museums. Mr. Stone added that interested persons are now becoming involved in a program which will encourage donations of works of art to state colleges in each community of the state.
