ADMINISTRATIVE CHANGES

President Pfau has announced with regret the resignation of Dr. Peter Marcy from his administrative duties. This includes the position of Director of Summer Session as well as Associate Dean for Academic Administration. In speaking of his decision, Dr. Marcy said, "I am extremely happy to have had the opportunity to find out whether I might like administrative work. After a year's performance as Associate Dean of Academic Administration, I have decided that I much prefer the classroom and research. I would like to add, however, my personal thanks to everyone who has helped me during this year."

President Pfau has also announced that Dr. Robert West, Chairman of the Department of Education, has been appointed Director of the Summer session. Dr. West has agreed to serve in this capacity for a three-year term. He will report to the Dean of Academic Affairs.

The remainder of Dr. Marcy's administrative assignments will be taken over in the late summer or fall by an administrative assistant to the Dean of Academic Affairs.

COOKOUT CREATES CONTROVERSY

For those of us who could not attend the much-discussed Cookout, there remain some unanswered questions: Did all the burgundy go in the marinade? Was there enough oregano? Were the grills really stolen? Read next week's PAWPRINT (now in "offset" with pictures!) for the complete account.
