DANFORTH TEACHER GRANTS PROGRAM

The Danforth Foundation announces the termination of the Danforth Teacher Grants Program with the end of the 1967-68 academic year. The Program began in 1955 and has provided assistance for college and university faculty members to continue their graduate programs. In all, 697 faculty members from 389 different institutions have received support.

In terminating the Teacher Grants Program, the Foundation is at the same time reopening the Kent Fellowship Program to college and university faculty members who have not completed their doctorates. Inquiries concerning this program should be directed to: Director, Kent Fellowship Program, Danforth Foundation, 607 N. Grand Blvd, St. Louis, Missouri, 63103.

The improvement of undergraduate teaching continues to be one of the major interests of the Danforth Foundation. The Foundation is already engaged in an exploration of possibilities for a new program of assistance in this area.
