FITS TO A “T” — Frank Slaton, Cal State computer center manager, and Topo show off the official Robot Olympics T-shirt. Topo, an android-type robot, will be among the many robots either on display or in competition during the Olympics. The games will be part of ME Festival and Open House activities on campus April 27 through 28.

Annual alumni awards brunch
part of Open House activities

Activities designated especially for college alumni will take place during the Open House weekend.

A continental breakfast and reception will be held in the Lower Commons at 11 a.m., Saturday, April 28. Alumni are invited to participate in the many activities taking place throughout the remainder of the day on campus.

Saturday evening will bring graduates together at the San Bernardino Hilton Hotel for a cocktail reception at 7 p.m.

Cal State President Anthony H. Evans will attend both the breakfast and evening reception.

The weekend will conclude with the fifth annual Alumni Awards Brunch from 11 a.m. to 1 p.m., Sunday, April 29, in the Commons. Outstanding graduates will be recognized for contributions to their profession, community and college. Reservations should be made by April 18 with the alumni office.

Rooms have been earmarked for out-of-town alumni at the Hilton Hotel, (714) 889-0133; the La Quinta Motor Inn, 888-7571; and the Super 8 Motel, 381-1681. Lodging reservations should be made by April 14.

Exhibits, robots mark second ME Festival in April

A two-day salute to the microchip — the latest in the high tech world of computers and robots — will highlight the Microtechnology for Everybody (ME) Festival Friday and Saturday, April 27 and 28, on campus.

The ME Festival, which will run the same day as some alumni activities, will include a vendor exhibit area, a 22-foot whale with a microcomputer brain to control its movements and the Robot Olympics with elementary and high school youngsters displaying their prowess with computers.

The computer-controlled replica of a Bryde’s whale is being shipped here from Baltimore expressly for the ME Festival, said Frank Slaton, manager of the computer center at Cal State and originator of the ME Festival.

Suspended from the ceiling in the Recital Hall, the whale will replicate the actual movements of its live counterparts. The whale’s creator and two partners have choreographed the illusion of an underwater ballet, which is performed with the whale. Several performances will be presented both Friday and Saturday. Tickets are $3 each.

Twice as many vendor exhibits as last year are expected for this year’s festival. All popular microcomputers, as well as many personal robots will be represented, said Slaton.

The exhibit, open from 11 a.m. to 6 p.m. both days in the gymnasium, is free to the public. This is a rare opportunity to see such an exhibit locally without an admission charge, Slaton said.

Seminars, which will focus on topics of interest to educators, business people and teachers will again be offered for $5 each. There will be 38 seminars offered during the two days.

Topics will include pocket and portable computers, business graphics, making money with a personal computer, accessing data bases, office automation and improving personal productivity.

College hosts a variety of activities during Open House weekend April 27-28

From the desert to the sea (from a camel to a whale) and from the arts through the sports, a burgeoning range of activities is being planned for the college Open House from 11 a.m. to 4 p.m. Saturday, April 28.

The whale, a microcomputer-controlled facsimile of a 22-foot whale, is part of the ME Festival (Microtechnology for Everybody), which will be Friday and Saturday, April 27-28. The live camel is being brought to campus for the Open House under the sponsorship of the Uni Phi Club to provide rides for visitors. Proceeds will benefit projects for the handicapped.

Equally untraditional sights expected on campus for the Open House include an Army Huey helicopter, fire-fighting apparatus, vintage autos, radio-controlled model gliders with up to 14-foot wingspans, square-dancing instruction and break-dancing.

Favorite events from past Open Houses which will return this year include the children's art fair and a puppet show, sponsored by the Cal State Associates; the raku luncheon, sponsored by the Art Club; demonstrations in the various art studios, a student art sale and a major show in the Art Gallery.

The Library will display four special exhibits — history of comic books, the 1932 Olympics in Los Angeles, World War II poster and Robotics reading materials. Tours of the Library will be available at 2 and 3:30 p.m.

Launching the Open House activities at 11 a.m. with a mighty roar will be the landing of the Army UH-1 (Huey) helicopter on a grassy knoll in front of the Library. If wind and weather permit, two ROTC officers will rappel 60 feet from the helicopter prior to its landing. The helicopter will be on display until 4 p.m.

Also sponsored by the Army ROTC unit on campus will be demonstrations of basic and advanced rappelling techniques at 1:10 p.m. and 3 p.m. The men will descend the south wall of the five-story Pfau Library Building.

A 10-member rifle team from Riverside Polytechnic High School Junior ROTC will perform in front of the Library at 1 p.m. as a prelude to the rappelling demonstration.

Other displays located throughout campus will be the 10 Model A cars, the exhibit by the California Department of Forestry and the Gavioli band organ, which is an electronic version of the old steam calliope.

Square-dancing instruction will be held in the Commons patio, with visitors invited to join in the festivities. Near the Physical Education complex, the radio-controlled gliders will be put through their paces by members of the Inland Soaring Club. On the tennis courts, it will be "man against the machine" as visitors try their hand at returning the machine's volleys. A shooting gallery

Help with seeking jobs is available through career placement center

One of the many services available to college alumni is in job placement. The Career Planning and Placement Center, in the Student Services Building, has job postings, bi-monthly vacancy newsletters, resume writing assistance, advisement on interview techniques and a career resource library, according to Dr. Paul Esposito, center director.

The center offers career counseling and vocational testing for individuals involved in career changes or seeking to improve their chances in the competitive job market.

Services also include a placement file for business, industry, government, counseling, teaching and educational administration, Dr. Esposito said.

Graduates seeking positions in these areas may schedule an appointment with an advisor at (714) 887-7551.

Appointments are not required for alumni in the teaching profession. They may stop by the center to speak with Mrs. Lynn Moss, educational placement advisor.

The services are free to alumni for one full year after graduation. After that, there is a one-time $10 fee to establish a file. A $5 fee is assessed annually for either job news (business letter) or educational newsletter (teaching vacancies).

Five placement files will be sent to employers for a $10 duplicating and mailing fee.

The center is open from 8 a.m. to 6 p.m., Monday through Thursday and 8 a.m. to 5 p.m. Friday.

Alumni Association improves, expands benefits for members

This edition of the Panorama, the quarterly newsletter of the Alumni Association of Cal State, San Bernardino, is being mailed to all graduates of the college.

The college is attempting to inform alumni of news about the college and about their peers; and to encourage them to become more involved with the college and Alumni Association.

The association now offers members group dental/optometry insurance coverage. Also, alumni may take advantage of discounts on Cal State drama productions, library privileges and use of the physical education facilities.

Members may now belong to the San Bernardino County Central Credit Union.

In addition to the existing benefits, the association is investigating a discount merchandise chain and group insurance programs for auto, home and major medical.

Members of the association may also choose to affiliate with a chapter. Current chapters are Education, Administration, Chicano, Black and Nursing. Chapters periodically host their own activities as well as participate in association-wide gatherings.

Further information on joining is available on Page 8 of this Panorama.

Education chapter holds pizza party

The college community is invited to attend the pizza night Thursday evening, May 3, at Pizza Chalet in San Bernardino.

The event, sponsored by the Education Chapter of the Alumni Association, is from 5 to 9 p.m. The restaurant is located at 215 E. Highland Ave.
ENGAGEMENTS

RUDY G. COVARRUBIAS, BA 1981 sociology, and ANITA L. MARTEL, BA 1981 sociology, are engaged to marry June 30 at Community Bible Church in San Bernardino. He is a relief supervisor coordinator at Olive Crest Treatment Center.

KARLA A. DE SADIER, BA 1982 political science, and Enrique Huesca are engaged to marry in April at the Mission Inn in Riverside. She is currently student teaching at Colton High School. He is employed as a supervisor by Braun Industries in Colton and as a bilingual teacher's assistant by the Colton Unified School District.

DAWNA L. GREGORY, BA 1982 theatre arts, and MICHAEL A. VARGAS, BA 1982 geography, are engaged to marry in the fall of 1985. She is pursuing a master's degree at Carnegie-Mellon University. He is seeking a master's degree at the Massachusetts Institute of Technology.

KERRY LARKIN, BA 1981 English, and Scott Vance are engaged to marry June 16 in Redlands. She is a substitute teacher with the Redlands Unified School District. He earned his bachelor's and master's degrees from the University of Redlands, where he is employed as an audio engineer.

ROBERT DALE WILSON, BA 1981 sociology, and Terri Lyn Ayers are engaged to marry June 23 at St. Paul's Methodist Church in San Bernardino. He is employed as a peace officer with the campus police at Cal State. She is employed as a park aid at Silverwood Lake State Recreation Area.

Weddings

ROBERT W. HADDEN, BA 1983 administration, and JoAnne Clark were married Nov. 5 in Flagstaff, Ariz. He is a retired Air Force officer now employed as a letter carrier for the U.S. Post Office in San Bernardino. She is a nurse for Dr. Richard F. Brown in Redlands, where they live.

TERRI LEMMOND, BA 1982 administration, and David Cuaron were married Oct. 8 at the Calvary Baptist Church in San Bernardino. He is a traffic officer with the California Highway Patrol. They are living in Hermosa Beach.

ALTON MICHAEL SMITH, BA 1983 political science, and Alicia Dale Ginglean were married Oct. 8 at St. Paul's United Methodist Church in San Bernardino. He is a waiter and she is a bookkeeper. Both are employed at Bobby McGee's Restaurant in San Bernardino, where they live.

MARK EDWARD TAYLOR, BS 1980 administration, and Deborah Ann Brennan were married Nov. 26 at the First United Methodist Church in Costa Mesa. He is assistant treasurer with Westwood Savings in Los Angeles. They live in Tustin.

Chicano chapter reception — Sam Garcia, a self-employed specialist in labor and employee relations, was keynote speaker at a wine and cheese reception in the Lower Commons Jan. 12. Garcia, who earned his master's degree in business administration at Cal State, talks with, left to right, Laurie Munoz, Chicano Chapter President Olga Carranza and Arlene Munoz. More than 140 persons from the community, college staff, administrators, alumni and students attended the reception sponsored by the Chicano chapter. Recognized for her work in the community and the college was retired San Bernardino City Schools teacher Esther Murillo. Dr. Mayo Toruno, assistant professor of economics, received a personal achievement award. Dr. Tom Rivera, associate dean, education support services, was recognized for his support of the Cal State chapter of MEChA.

Intercollegiate sports program to begin during fall quarter

Intercollegiate sports will be coming to Cal State, San Bernardino this fall.

The college's participation in division III-level athletics comes after an intensive study and student referendum vote to assess themselves an additional fee to support the program.

The San Bernardino campus has been the only one in the CSU system without an intercollegiate sports program. The college has opted for intramural sports since its founding in 1965.

Students voted 2-1 last November to assess themselves an additional $10 per year to fund the sports program.

President Anthony H. Evans has since proceeded to implement a sports plan.

The first major step was the appointment of Dr. Reginald Price, chair of the physical education and recreation department, as the college's first athletic director effective Jan. 3. The position is half-time.

Men's sports he is currently scheduling are soccer and cross country (fall), basketball (winter) and tennis (spring 1985). Women's sports are volleyball and cross country (fall), basketball (winter) and tennis (spring 1985).

In addition to scheduling, he is also developing brochures announcing the sports program to local high schools.

Other goals he is working toward are the features of any college sports program — development of a fight song, an alma mater and a coed cheerleading squad.

The college is seeking membership in the local conference of the NCAA Division III, the Southern California Intercollegiate Athletic Conference, Price said.

The SCIAC includes the University of Redlands, Pomona-Pitzer, Claremont-Harvey Mudd, Occidental, the University of LaVerne, Whittier College and the California Institute of Technology.

"Our athletic program is being designed to meet the SCIAC's rules," Dr. Price noted. "We're conforming in every way possible."

Cal State will play as an independent while working to attain league membership.

He is also establishing an advisory board to assist in the development of
presently an adjunct assistant professor of military science in the Army ROTC program at Cal State.

DAVID M. PORTER, BS 1975 administration, is a loan agent for Redlands Mortgage Co., a new subsidiary of the Bank of Redlands.

HAROLD THACKER, BA 1975 administration, has been promoted to manager of the Montgomery Ward store in Escondido. He was previously merchandise manager at the San Bernardino store and has been with the company for 14 years.

ROBIN VALLES, BA 1975 child development, MA 1982 education, is a program specialist for the Rialto School District. She was previously assistant principal at Trapp Elementary School in the Rialto district. Valles began as a teacher with the district in 1977. Her three children attend Rialto schools.

1976

RUTH BAVETTA, BA 1976 art, exhibited her art work at the Orlando Gallery in Sherman Oaks during March. Her show, "An Anonymous Autobiography," consisted of figurative drawings done on black paper in oil pastel and pastel. In addition to her degree from Cal State, she also has earned degrees from USC and the Claremont Graduate School. A Redlands resident, Ms. Bavetta is a member of the Los Angeles Institute of Contemporary Art, the Women's Caucus for Art and the College Art Assn.

ARLENE MUNOZ, BA 1976 sociology, is a mental health counselor at the Redlands Travel Service which opened March 1.

MICHAEL TACCHIA, BA 1976 music, is a computer programmer for the Riverside Press-Enterprise.

1979

DEBORAH GELSONINO, BA 1979 liberal studies, MA 1982 special education, is a first grade teacher in the Fontana Unified School District.

ZITA MARIE HILLINGER, BA 1979 administration, is a self-employed certified public accountant.

PAUL G. MARTINEZ, BA 1979 psychology, is a mental health counselor for the San Bernardino County Mental Health Department. He has received a certificate of leadership for his involvement in Southern California 4-H youth activities.

1980

ANDREW J. BEECHKO, MBA 1980, is a product manager for Bear Medical Systems, Inc., in Riverside. A resident of Highland, he is the secretary of the Business and Public Administration Chapter of the Alumni Assn.

VEDA GILMAN, BA 1980 administration, recently passed the certified public accountant examination.

EMMANUEL HUMPHRIES, BA 1980 psychology, MS 1982 psychology, is the half-time veteran's affairs counselor at Cal State. He is also a counselor for the Student Assistance in Learning program on campus.

JANA ONDRECHEN, BA 1980 art, is the art critic for the La Jolla Light. She has been at the weekly paper since October 1981.

GERALD SHEPARD, BA 1980 psychology, has been accepted into the four-year doctor of optometry program at the Southern California College of Optometry in Fullerton. He will begin the program this summer. His wife, KATHRYN, BA 1979, is a procurement assistant at Cal State.

1981

JOANNE RIESTER, MBA 1981, is a counselor at Silver Valley High School in Yermo.

KELLY MC PETERS, BA 1981 sociology, is manager of the Perris Valley Community Swimming Pool, operated by the Perris Union High School District.

1982

JOYCE ESKIN, BA 1982 art, displayed her art work in the show, "Reflections in Images and Design," in the art gallery at San Bernardino Valley College in February.

RUDOLPH HERNANDEZ, BA 1982 administration, is a senior process program analyst with Union Oil Co. in Wilmington.

E. GARY HOFF, MS 1982 psychology, is a self-employed counselor/consultant in Riverside.

LINDA L. NORMAN, BA 1982 political science, is assistant director for the Concilio of Riverside County in Corona. A resident of Riverside, she is in the Ph.D. in government program at Claremont Graduate School.

1983

THOMAS G. BEYER, BA 1983 administration, is vice president and branch manager of the Fontana office of Hemet Federal Savings and Loan.

**OPEN HOUSE . . .**

Continued from Page 2 and softball game also are on the docket.

Student clubs and organizations are participating with a variety of booths. In addition to the raku luncheon of Chinese food sponsored by the Art Club in the Visual Arts studio facilities, the college food service will serve barbeque beef sandwiches and chicken at the Student Union patio from noon to 2 p.m. Early arrivals may join in the brunch served in the Commons from 10 a.m. to noon.

Information on the day's activities and the college in general will be available from a canopied information booth near the front entrance to the campus. Students from high schools and community colleges also may register there, or at the other two information booths, for the raffle of Cal State visors and tote bags. Fifteen winning numbers will be posted each hour. Students must show a school identification card to register for the raffle.
INTERCOLLEGIATE . . .

Continued from Page 3

policies and procedures for the selection of part-time coaches. He plans to appoint the first coaches this spring so they may begin working with students and preparing for the introductions of their programs this year.

Dr. Price will continue as chair of the Physical Education and Recreation Department, a position he has held since coming to Cal State in 1978.

"The sports program will have a positive impact and will add to student life on campus," Dr. Price said.

"Sports are common throughout our society, most people can either participate or watch. Plus, the Inland Empire is a very sports-oriented community."

Coyote is new Cal State mascot

It's all over but the shouting. But in this case, it's all over but the howling.

Following an extensive survey of alumni, students, faculty and staff, President Anthony H. Evans last February approved the coyote as the official mascot of the campus.

Originally, the St. Bernard was the school's mascot, but in the late 1970s some students initiated a move to change to the coyote. Also, the coyote began showing up on intramural T-shirts.

Those who were pro-St. Bernard leaned on the heritage of that animal and how it was the first official mascot.

The pro-coyote faction felt the large, lumbering St. Bernard may not present the physical prowess a sports program needs. Coyotes natural to the hills near campus also can be heard at night.

The survey resulted in a 2 to 1 choice for the coyote.

32 new teachers for San Bernardino city schools are from Cal State

Thirty-two of the 150 teachers hired this school year by the San Bernardino City Unified School District are from Cal State.

NEW MEMBERS

The Alumni Association is pleased to welcome the following new members who have joined since the first of the year.

THOMAS G. BEYER, BA 83
PATRICIA MAI BUHK, BA 80

BRAD SCHMOCK, BA 80
MARCIE SWEENEY, credential, 82
LISA THORPE, BA 81
GARY ZERMEANO, BA 83

Easter Egg Hunt slated for April

Alumni are invited to return to the college with their families Saturday, April 21 for an Easter Egg Hunt near the Children's Center.

The activity, which begins at 10 a.m., is being co-sponsored by the Children's Center Auxiliary Association and the intramural sports program.

Substitute eggs will be hidden near the center. Youngsters will be able to redeem candies for their "eggs," said Pam Dortch, Children's Center director. There will also be a few stuffed animals as prizes, she said.

Children of students, faculty and staff are also eligible to participate.

All children should bring a container to hold their gatherings during the hunt.
The college will turn back the clock more than 100 years this spring to show the lifestyle of the 1800s and to bring to life some of William Shakespeare's most colorful characters.

A display of decorative arts will open in the Art Gallery Friday, April 13. The 50-piece display, on loan from the Edward-Dean Museum of Decorative Arts in Cherry Valley, highlights home furnishings, including paintings and china from past centuries.

The articles differ from the fine arts because they were intended as objects of decoration, not art, said Dr. Julius Kaplan, chair of the Art Department.

For example, the show will feature a wood inlaid "boulle" work cabinet, made of veneered rosewood with tortoiseshell, pewter and brass marquetry on an oak case. Another work is an 18th century chest with drawers finished in fruitwood inlays of various colors.

Porcelain and china entries will include a late 18th century Meissen tea set and selections from an 1812 earthenware dinner service.

Hours for the show are 9 a.m. to 4 p.m., Monday through Friday; 7 to 9 p.m. Wednesday and Thursday; and 1 to 4 p.m. Saturday and Sunday. The works will be shown until May 15.

Shakespeare's romantic melodrama, "The Merchant of Venice," will open Thursday, May 24, in the Creative Arts Theatre. The play brings to life the humorless Shylock, the beautiful and intelligent Portia, the noble Antonio and the comical Launcelot Gobbo.

Directed by Dr. William Slout, professor of theatre arts, the play continues May 25, 26, 30, 31 and June 1 and 2. Curtain time is 8:15 for all performances. Alumni Association members are eligible for a special admission rate of $2.

The Music al Cal State series continues with the April 7 performance of Claudine Carlson, mezzo soprano. She has appeared with the Chicago, New York, Philadelphia and Los Angeles symphonies.

The Almont Ensemble will complete the guest artist portion of the music series Sunday, May 13. The repertoire of this five-member group includes music from the late classic period through the most recent avant garde styles.

Tickets for each performance in the guest artist series are $5 general and $2.50 student and senior citizen.

Faculty members performing will be Devy Barnett Buchen on Wednesday, April 25 and Dr. Loren Filbeck, baritone, with Susan Comstock, soprano, Wednesday, May 23.

Ms. Buchen has recorded the songs of Charles Ives and has performed major roles in many operas.

Ms. Comstock, who is in her second year on the voice faculty at Cal State, has appeared as a soprano soloist with the Pasadena Chorale.

Dr. Filbeck, professor and chair of the Music Department, is in his 12th year as director of music activities.

Tickets for faculty artists are $3.50 general and $1.75 for student and senior citizens. Performances of both guest and faculty artists are in the Creative Arts Recital Hall at 8:15 p.m.

Other music events include the 8:15 p.m. Sunday, June 3 performance of the Concert Choir and Chamber Singers; the College-Community Chamber Orchestra at 3 p.m. Sunday, June 10; and the Wind Ensemble at 8:15 p.m. Monday, June 11.

Tickets for each of these concerts, all to take place in the Recital Hall, are $3 for adults and $1.50 for students and senior citizens.

Returning to campus this spring is the popular Family Performance Series designed to expose children to quality cultural events.

Performances include the L.A. Moving Van and Puppet Company with "An Asian Fable: Tien Lee and the Fish of Gold and Other Stories" April 13.

The Free Flight Dance Company will present a choreographed show of how lines, shapes and design are investigated through motion May 11.

Four actors representing as many races comprise We Tell Stories, a group which will tell tales of all times and cultures. The June 1 show will feature fables, folk and fairy tales.

The performances, all on Fridays, will be at 7:15 p.m. in the Recital Hall.

Tickets, now on sale in the Student Union or at the door, are $3 adult and $1.50 for children age 14 and under.

ANGELA HILL DENNY, MA 1983
education, is a teacher for the San Bernardino City Unified School District.

DENA DUNCAN, BA 1983 liberal studies, is an admitting clerk at St. Bernardine Hospital.

CHARLES W. ELLEDGE, MBA 1983, is a regional manager for Sorenson Research Co. in Salt Lake City, Utah. He earned his bachelor's degree at the University of Arizona.

CATHERINE P. PRITCHARD, BS 1983 nursing, graduated from the U.S. Air Force medical service officers orientation course at Sheppard Air Force Base in Texas. Pritchard, a second lieutenant, is now serving at the hospital at Robins Air Force Base, Georgia.

MELINDA PURE, BA 1983 administration, computer certificate, is the business manager at the law offices of Bruggeman, Smith and Peckham in San Bernardino.

MARIANN RAYNOR, BA 1983 administration, is a marketing representative for the San Bernardino Dental Group.

ERIC SYTHOFF, BA 1983 political science, has been commissioned a second lieutenant and assigned to Ft. Huachuca, AZ, for the military intelligence basic course. Sythoff, who spent two years in the Army ROTC program at Cal State, then will report to Ft. Rucker, Alabama, for helicopter pilot training.

PAUL WOODRUFF, BA 1983 political science, is a self-employed political and government consultant in Redlands.

The Alumni Panorama
produced for the Alumni Association of California State College, San Bernardino by the Public Affairs Office
Editor: Edna Steinman
Managing Editor: Ken Miller

ME FESTIVAL...
Continued from Page 1
Ticket order forms for seminars and the animated whale show are available by calling the Cal State Foundation Office at (714) 887-7516.

New this year will be the Robot Olympics, to be held under a Big Top tent near the Gymnasium. Students from local schools will compete in compulsory and freestyle events with robots. Working in teams, they will assemble a robot turtle from a kit with the winners completing an operational model in the shortest time.

Other competitive events, some for high school students and others for elementary school level, will include executing programs in a robot maze. The circus atmosphere will be supported by music from a restored turn-of-the-century Gavioli band organ, playing near the Big Top.

Are You a Member?

It doesn't take much to become a member of your Alumni Association — and you get a lot in return, such as gym and pool privileges, discounts on drama tickets, use of the library, the Panorama and other college calendars of events happening on campus.

Did you know that the Alumni Association helps support the emergency loan fund for students? Or that it provides other services to the college community? It does. Join today!
