EXPERT ON SHAKESPEARE  
Dr. A. L. Rowse of Oxford University, who tossed a literary bomb into the drawing room of Shakespearean scholarship four years ago, will explode onto the CSCSB scene next Tuesday.

His lecture on "The Historian and Shakespeare" will begin at 11:30 a.m. Tuesday, February 20, in the Physical Science lecture hall. The public and all College personnel are invited, free of charge.

Dr. Rowse wrote "William Shakespeare: A Biography" in 1964. The book turned out to be a best-selling literary sensation. It was chosen as a Book-of-the-Month Club selection, a role rarely played by biographies of Shakespeare.

Dr. Rowse has written 25 books, including a two-volume biography of the Churchill family. He spends his winters as a Senior Research Fellow of the Huntington Library in San Marino, and his summers as a Fellow of All Souls College at Oxford.

STUDENT USE OF STATE VEHICLES CLARIFIED  
Regulations governing student use of state-owned vehicles has been outlined by the Chancellor's Office to remind faculty, staff and students of the following regulations: Government Code Section 13950 states that "State-owned motor vehicles shall be used only in the conduct of state business. No state officer or employee shall use, or permit the use of any state-owned motor vehicle other than in the conduct of state business."

Interpretation of the above from the Chancellor's Office is that "students may not use state-owned vehicles other than in the course of their employment for the college." Student assistants paid by state checks are considered state employees.
