"On the Beach" to be shown tonight

The Lectures and Public Affairs Committee will sponsor a double-feature film show tonight, at 8 p.m., in the PS lecture hall.

On March 4 and 5, from 8 a.m. to 4 p.m., the student body will vote to approve or reject a Student Union Building for CSCSB.

Ecology becomes everybody’s issue

The relationship between art, ecology and population will be explored by an artist and a biologist at California State College, San Bernardino during a lecture at 12 noon, Friday, Feb. 27.

The relationship between art, ecology and population will be explored by an artist and a biologist at California State College, San Bernardino during a lecture at 12 noon, Friday, Feb. 27.

"On the Beach," and "The Cube" are the two films to be shown. The show is free and open to everyone.

Judicial Board Charges

The CSCSB Judicial Board convened in L-114 on Tuesday, February 24, at 3:40 p.m. The Board met to consider charges asserted conflict of Qark against Mike Ross. The hearing date is due within one month of the hearing. The Judicial Board closed in private session. Their decision is their leadership-development program.

Applications now open for urban fellowship

The National Urban Fellows are seeking applications in the San Bernardino area for their urban leadership-development program. The program is designed to afford government leadership opportunities especially for minority group members.

The year long fellowships will go to men and women in their 20s and 30s who are selected competitively on the basis of their leadership potential, and 30s who are selected competitively on the basis of their leadership potential, the fellowships will start in July.

Applications are now open to all students.

On March 4 and 5, from 8 a.m. to 4 p.m., the student body will vote to approve or reject a Student Union Building for CSCSB.

Student Union election to be held next week

Due to increased enrollment and demands in the construction of new facilities, a critical space problem has occurred at this college. As a result, students must decide whether or not to provide themselves with a center for social, cultural, and recreational purposes, since the college can no longer provide room for these facilities.

A careful study by the Student Union Committee has affirmed the financial feasibility of a student-financed 15,000 square foot student center. If the election passes, payment of a Union fee would begin with the Fall quarter of 1970, at $3 per quarter. The 1971-72 Union fee would be $5 per quarter, and in 1972, when the Union opens, the fee would be $6.50 per quarter.

Meredith Willson among leaders of weekend Idyllwild seminars

Meredith Willson, the composer who became the campus of the USC-Idyllwild School of Music and the Arts when the buildings were white signs on pines.

This year — the 20th anniversary of the school, which last summer counted 4,000 enrollments — the composer will lead one of six weekend spring seminars on the 200-acre mountain campus.

The campus group, comprised of both faculty and students, is affiliated with the national organization, Zero Population Growth, which is dedicated to slowing down and ultimately stopping increase of the human population. The members believe that many problems such as war, famine, illiteracy, pollution, crime and others stem from overpopulation. Acting chairman of the CSCSB chapter is Fred Waters, senior from San Bernardino.

College Union Building

1970

student union election to be held next week

Due to increased enrollment and demands in the construction of new facilities, a critical space problem has occurred at this college. As a result, students must decide whether or not to provide themselves with a center for social, cultural, and recreational purposes, since the college can no longer provide room for these facilities.

A careful study by the Student Union Committee has affirmed the financial feasibility of a student-financed 15,000 square foot student center. If the election passes, payment of a Union fee would begin with the Fall quarter of 1970, at $3 per quarter. The 1971-72 Union fee would be $5 per quarter, and in 1972, when the Union opens, the fee would be $6.50 per quarter.

Two-thirds of the votes cast in the election will be necessary to authorize the Student Union Building. No decisions have yet been made allocating space in the Union, but upon approval of the proposal, all students will have an opportunity to determine exactly what should be included in the building.

The money collected through the Union fee will be used for a down payment on the building loan, purchase of furniture and equipment, operating costs, and loan payments.

Some suggestions offered for the new building have been a lounge with fireplace, a multi-purpose room with kitchenette for parties, etc.; board rooms for club meetings, billiards and ping-pong; a snack bar; TV and music listening rooms; a center for ticket sales and check cashing.
Editorial

Will there be a student union?

ST. Settle back and "listen. Students, faculty, and staff have been discussing the types of space to be provided in the Student Union that should be assigned for different purposes. Suggestions have ranged from a multi-purpose room with a kitchenette for parties, dances, meetings, right to the idea of having a child care center.

Before becoming too involved in these discussions take note of these facts. Students have to get out and vote for a student union to be constructed. As students what do you want?

Pawprint staff members have been out asking questions. Some of the answers that have been found should be beneficial to all, QUESTION: What do you want a SU to provide? ANSWERS: 1. Functional 2. provide service 3. be the center of activities.

The photos that accompany this editorial were taken at a recent visit to the University of California at Riverside where this reporter and Pawprint Photo Editor spoke with the director of the student commons. He stated that a student union should provide service but be functional for the future.

One of the most successful working student unions of California is located in San Diego. It is the center of involvement. It is successful because of the space that is provided for meeting and conference rooms.

Students need some place to gather and to discuss any and all issues, "United we stand and divided we shall fall." The issue to be voted on this election is not what should be put in a student union — this debate is useless unless we decide if there will ever be one. Get out and vote or there really is no need to worry about what is going to be used for.

Letters to the Editor

In order to be considered for publication, letters submitted to the Pawprint must be one page or less of typewritten double spaced text. Letters of a longer length can only be considered for publication if they are personally delivered to the Editor. All letters must be signed.

TO RESEARCH the editorial members of the Pawprint staff went to the Commons of the University of Riverside. After the visitation it was concluded that a student union should first stress being functional for meetings and student involvement.

PSEUDO-SCIENTIFIC MIND TAKES OVER

by DANE BARTHOLOW

I read with subdued horror the article in last week's PAWPRINT titled "Campus Vegetation to be Classified."

The pseudo-scientific mind has given us smog, polluted rivers, DDT poisoning, cyclamates, thalidomide and numerous other wonderful creations. When will men learn that by giving something a name they only increase their vocabulary not their knowledge. We named DDT in 1947, when it was discovered, yet only today are we learning the drastic consequences of its use as an insecticide. The fact that thalidomide had a name will not help the hundreds of children deformed by it.

It's not the fact of a small sign at the base of future plants on our campus that disturbs me. It's the kind of thinking that this sign will encourage non-thinking. It's the kind of non-thinking, for a name is only a label. A plaque will encourage non-thinking. It's the kind of thinking that this sign will encourage non-thinking.

I'm sure we can find a better use for the $578.50, even if it is a voluntary assessment. The $578.50 could be put toward the construction of a student union that students feel is right for the future.

Several of your fellow students and I have interviewed a number of professors and students to determine if there are any plans to classify campus vegetation.

Several of your fellow students and I interviewed a number of professors and students to determine if there were any plans to classify campus vegetation. None of those interviewed indicated a grave concern over the possibility of the classification of campus vegetation.

HARMER

Here at Cal State we have probably the finest gathering of professors anywhere. We should be proud of the fact that we are small, for the number of PhD's per student is greater here than in most colleges in our country. College is more than learning from books or professors. It is a place to learn about people. Whether you take a course in psychology or just attend some of the activities on campus, you will learn about people.

Until last Tuesday at three p.m. in PS 10 I thought I knew a lot about mankind. By 4:00 I realized just how naive I was. I have always believed that every man, regardless of race, creed or color is equal. I have listened to him speak, talk to him and understand him and most of all, tried to help him. For this understanding is essential for peace. To certain members of the student body and faculty I can no longer extend this hand of faith and feeling of (continued to page 3)
Respect. To justify this statement I will point out some of your actions; for I believe such acts of arrogance should be known by all.

As I addressed the audience just prior to Senator Harmer's visit to our campus on Tuesday, February 10, 1970, it was my intention to speak the truth and nothing but the truth. I do not mean to disrupt me but I assure you the last place I wanted any of you was around me.

I am a senior biologist here at Cal-state and am graduating in the science department as the sole member of the Biology Club and Zero Population Growth (ZPG). As I addressed the audience just prior to the introduction of Senator Harmer, I was open-minded willing to give him a chance to express himself. To you I apologize, for I had forgiven so much more. It was our belief that such a Senator would create a response of concern among those of you who are capable of maintaining a civil and dignified discussion. It was our belief that such a Senator must be given the courtesy of partial condemnation which was reflected in the composition of the hand polls and picket signs, with such sayings as "Help us put Sen. Harmer up against the wall." Minnies before the speech was to start students were paraded into P.S. 10 carrying picket signs and very much looking the slogans of their signs.

The Senator was introduced and began by saying that he had come to campus because of the problems that our nation is facing today. We must, he added, be open-minded willing to give him a chance to express himself. He offered an apology to those who had attended the previous meetings and had not been given the courtesy of partial condemnation which was reflected in the composition of the hand polls and picket signs.

Failure to listen is grounds for disagreement.
Business background good for administration

By MICHAEL ZLAKET

Yesterday, members of the Business Management Club heard Dave Tunno tell them how a person with a background in business administration can rise to a position such as the one he occupies. He is, and in fact has been for the past five years, Congressional Administrator to Congressman John V. Tunney of the thirty-eighth congressional district.

Mr. Tunno's speech was sponsored by the Business Management Club of CSCSB. What Mr. Tunno was trying to establish is the fact that a background in business administration is helpful and important in obtaining administrative positions with the key politicians, and that these people are not, and should not, feel shut out.

As a congressional administrator, Mr. Tunno has had much experience in obtaining services for the people of Congressmen Tunney's district and in dealing with the bureaucracies. He has assisted in obtaining Federal projects affecting Housing, Manpower and Development, On-the-Job Training, Economic Development, and neighborhood resources. He has also organized several youth programs in Riverside and San Bernardino.

LEGAL ANNOUNCEMENT

Student Union Election to be held March 4th and 5th for the purpose of: 1) assuming Student Union fees to be paid by all students and 2) construction and operation of a Student Union Building.

Where: Flag Pole Area
When: March 4th and 5th
Time: 8:00 a.m. - 4:00 p.m.
Eligibility: Under State law, only regularly enrolled students are eligible to vote.

Washington representative visits classes

By MICHAEL ZLAKET

The World Affairs Council is sponsoring, on campus today, the appearance of David E. Biltchik, Special Assistant to the Undersecretary of State at Washington, D.C.

The purpose of Mr. Biltchik's appearances at these classes will be to discuss the department's role in obtaining the administration and its foreign policies. He will also learn the feelings of college students toward the present administration and its foreign policies.

Mr. Biltchik will not make any public appearance or speech to an audience; instead he will visit five classes who have shown interest and asked him to speak at their classes. Three of these classes are sociology classes, while two classes are Political Science classes.

PRE-REGISTRATION INSTRUCTIONS

All students currently eligible to return for the spring quarter and all students admitted for the spring quarter may pick up their registration packets and instructions at the Information Desk, Office of Admissions Records, on the dates listed below:

Sophomores
Freshmen

February 25 - March 4

Students must return their completed registration packet and check for the correct fee payment to the Information Desk, Office of Admissions Records, by the close of business on the day the date was picked up. No pre-registration packets will be processed on any other days. Students will complete their pre-registration according to the following schedule:

TIME

WEDNESDAY
8:30 - 9:30
MDA - NIM
9:30 - 10:30
NUD - NID
10:30 - 11:30
RIA - SMA
12:30 - 1:30
SUM - USH
1:30 - 2:30
USH - ZID
2:30 - 3:30
AA - BOO
3:30 - 4:30
All above not pre-registering at scheduled time.

Students may complete pre-registration at their scheduled time, or at any time after their class or alphabetical group has pre-registered. The last day to pre-register for the spring quarter is March 10.
Among the many interesting courses offered during the Spring Quarter, the Senior Seminar "Songs of the Rock Generation" ranks among the top for contemporary interest.

The course is offered by the Humanities Division. It will be taught by two very contemporary professors, Drs. Price and Golden. These two men offer a wide spectrum of knowledge in the fields and both are very much in tune with current musical trends.

The course has been changed since its offering during the Fall Quarter. The reading list has been reduced in response to the anguish cries of struggling students inundated by piles of books.

Comments from students who took the course indicated a continuing interest in the material of the course and an eager hope for similar courses.

**SPECIAL STUDENT AUTO INSURANCE**

An Average of 43% Savings on All Auto Insurance, as Reported by Participating Qualified Students.

**Example:**

(21 Year Old Single Male Student Riverside County, State Required Minimum Limits of Liability.)

**Company A** $134, Yearly

**CSIS Student Program** $94, Yearly

**Savings: $40**

**Even Greater Savings for Married and Female Students.**

- Placement Guaranteed regardless of driving record.
- Placement Plans to Fit Your Budget.
- No Additional Liability Charge for Sports Cars.
- No Membership Fee Required.
- Licensed by the State of California Dept. of Insurance.

Dr. Clifford Paynton

**Telephone representative will be at CSISB.**

On March 5 a representative from Pacific Telephone Company will be on campus to discuss summer job opportunities for qualified juniors.

Pacific Telephone’s summer program is for Juniors who are planning to enter business management upon graduation from college and who have earned a 3.0 GPA in past academic work.

Summer employees under this program will work in a management intern capacity in one of these counties: San Diego, Orange or Riverside.

Interested Juniors may reserve interview time in the Placement Office, Library Annex 2B.

---

**Fellowship**

(continued from page 1)

The pay will about equal that being drawn by the fellows when they apply.

U.S. citizens between 25 and 39 having a bachelor’s degree or employment experience that has given them an understanding of urban problems are desired as applicants.

A two year employment record, preferably in administrative capacity, and demonstration of exceptional ability and leadership potential within the urban problems sphere is also required.

March 15 is the deadline for application.

**Graduating Seniors**

Representative of San Bernardino county personnel department will be on campus March 2 to represent a wide range of ISOMATA employment opportunities to seniors, any major.

Contact campus placement office for appointment.

TU 2-3360
Competitive intramurals or leisure recreation offer students, faculty and families physicalregeneration

In this fast pace, push button world people often get lost in their routine. Each person should find some activity that could provide a place to let lose their feelings. One very positive way is through physical activity. Cal State College, San Bernardino has provided some answers.

Classes are open for enrollment in the PE department. Spring activities at CSCSB should offer classes to meet the needs of all students on the campus. For those students who may wish to build coordination, and balance the Karate class may bring the answer. For a change of pace fencing will be offered at 1-2:50 on Wednesday. Team sports will include softball, volleyball, and soccer.

Aquatic activities begin on Monday with a class in Water Safety Instruction, Tuesday Skin and SCUBA diving will plunge into the depths, Aquatic Games and activities will provide fun and activity on Thursdays, and to conclude a week of recreation swimming and diving will be held Fridays.

Activities that will be held within does most of the time will be body conditioning, modern dance, folk dance, games and rhythms.

Those who wish to be very active will find tennis or paddle ball and handball to fulfill their needs.

CSCSB’s PE department has classes that will provide a combination of recreation, activity, fun, pleasure, work and build the foundation for keeping one in the habit of good physical conditioning.

In the games played last Wednesday at the gym, there was still competition and some heavy scoring. In the first game played at 3 p.m. “Seidman’s Sizzlers” stifled the “Los Mucho” 54-48. Then in the second game played at 4 p.m., “Hagel’s Natties” pulled a nasty on “Fitzpatrick’s Wild One” by defeating them 70-49.

Today, two more intramural basketball games will be played at the gym, starting at 3 p.m. In the first game, “Phipps’ Oilers” will compete against “Crowley’s Smith Brothers.” Then at 4 p.m. “Mother’s Rebounders” will try to defeat the Faculty.

Here are the current team standings:

<table>
<thead>
<tr>
<th>Team Name</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fletcher’s Folies</td>
<td>40</td>
</tr>
<tr>
<td>Hagel’s Natties</td>
<td>51</td>
</tr>
<tr>
<td>Crowley’s Smith Brothers</td>
<td>41</td>
</tr>
<tr>
<td>Seidman’s Sizzlers</td>
<td>31</td>
</tr>
<tr>

<td>13</td>
</tr>
<tr>
<td>Mother’s Rebounders</td>
<td>0.4</td>
</tr>
<tr>
<td>Los Muchos</td>
<td>0.4</td>
</tr>
</tbody>
</table>

* These last two teams are tied for last place.

**Intramurals**

Attention all students officially enrolled, full-time faculty, and staff, organized opportunities await you in vigorous competitive activities when participating in the intramural program at the PE Building. Participation is voluntary, rewards are clear.

**RECREATION**

Playing courts and swimming pool are open seven days a week for CSCSB campus community members.

Equipment may be checked out. Skis are available for those mountain slopes.

**EQUIPMENT**

All equipment is available except individual clothing.

Swimming suits may be checked out.

The PE department has the responsibility for storing, maintaining, issuing and repairing athletic equipment used by the CSCSB members.

Towels (one person) are provided free of charge.

**REMEMBER**

Safety is the key word. When using the trampoline be sure and have “spotters,” don’t “overslop” in the weight room, and NEVER SWIM ALONE.
