RIVERSIDE, CA.- The adult recreation center at Fairmount Park will be refurbished this summer by employees of Operation Brightside, a summer youth employment program sponsored by the Riverside County Recreation Center at Fairmont.

The center will receive $3,700 in federal money for the project, which will include painting, landscaping and irrigation. Shown at the center are L to R) Corbett Moser, Operation Brightside crew supervisor; Terry Nelson, recreation center director; Sue McCorison, supervisor for the Riverside Center; Robert Miller, special projects coordinator; and Betty Davis, operations manager.

The Inland Area UNCF Fund Committee Sets $15,000 Goal
As UNCF embarks upon its thirty-first anniversary campaign in 1985, the Inland Committee has set a $15,000 goal to be raised during the UNCF national seminar on December 9-11, Channel 9.

Mary Hobbs, Publisher/Chairman, said she plans to call upon local businesses and organizations to participate in its second annual painting campaign. Organizations are asked to make direct contributions of $100 or more.

Also, the organization will be eligible to present the gift box letter "Low Race Parents of youth" National Telephone.

A local poetry reading will be held December 5th for the Inland UNCF Fund ball at Inland Hills County Club in Riverside. Tickets will be sold for $50 per person.

Other activities planned to generate funds will be a Gospel Night Out, a Concert featuring the Evergreen Singers, and local church groups will be asked to participate in the UNCF "School Wizard." 

Education is an expensive experience, and commitment to the needs of the intellectually, socially, and economically deprived can be too costly. It is a challenge to UNCF to continue to provide assistance and support annually for the operation of predominantly Black colleges and universities.

Educational institutions do not necessarily need to support brightness in terms of a community-sponsored and government-sponsored organization.

Coors Presents Scholarship At Golden State Banquet
The Adolph Coors Company continued its support of higher education by presenting a $1,000,000 scholarship at The Golden State Insurance Foundation Banquet. The gala event, held at the Beverly Wilshire Hotel in Beverly Hills, California, was the tenth annual gala to benefit Mooney Education.

Since 1976, the Foundation has awarded over 700 scholarships and grants to deserving minority students preparing for careers in business and health administration professions. Through dedication, perseverance, hard work, social interest, and the solid support of the business community and believing individuals, the Foundation is now the largest of its kind in the nation.

The Adolph Coors Scholarship of $1,000,000 was awarded to Nigel Madee, an electrical engineering major at UCLA. Nigel is a veteran with an impressive 3.1 grade point average.

Coors Presents Scholarship At Golden State Banquet
Life Changing Ministries’ Dedication Service - A Blessing & A Success!

On Sunday, September 22, 1985, San Bernardino was uplifted as Life Changing Ministries expressed its commitment to the Lord, to our local community, and to the world. Pastor Reginald Woods says, “Thank you all for making this great event.” We are serious about what we are doing and God delightfully sent us here.

Dr. John H. Wood, Jr., "I'm a Christian called to existence."

Citrus Valley
District News

Our Citrus Valley District Usher Profile for this week is Mrs. Sandra Harper. Mrs. Harper is currently president of our local board of elders at First Baptist Church Peru, Calif. Mrs. Harper is also Chairperson of the Board of Trustees and Secretary of the Church.

She was born in Brawley, Calif. and moved to Denver, Texas. She attended Baptist College in San Antonio, and received her Bachelor of Business Administration while in Texas. Pastor Harper was active in her church choir. She married Alan E. Harper and moved to Los Angeles in 1948 where they operated and opened a small family business, and a Hardware and feed store. She was an usher at Los Angeles at Tabernacle Baptist Church in 1948. The Harper family lived in California until 1954 when Mrs. Harper joined the board of Directors at Second Baptist Church in Riverside, Calif. Mrs. Harper is the mother of our daughter and two granddaughters.

Our Life Changing Ministries’ Dedication Service

The service began with the Celebrate choir marching, singing the processional song "Tread Me Like Calvin." The Celebrate choir was their usual best as always. We do not think that they know any other way to sing but soul stirring and beautiful. We were indeed happy to see our choir members back from vacation and in their respective places in the choir. Thank God that Allen is blessed in so much to the three church choir, to carry on when one is unable to continue to serve on any particular Sunday. For that we are truly blessed.

The call to worship was by Pastor Forbes. The morning hymn was "Alan And Me Savior". Morning prayer was by Rev. J.C. Tice the Assistant Pastor. The scripture lesson was from the book of Hebrews 12:13-17. The script was read responsively with Pastor Forbes reading the odd verses and the congregation reading the even verses. We were blessed to have six personas with us on last Sunday. Allen

Dr. John H. Wood, Jr. "I'm a Christian called to existence."

Pastor Forbes, welcoming the people, and giving them an introduction about the service. He also gave an introduction about the message that was given by Pastor Forbes.

The message was a confirmation of this great Changing Ministries members as Life Changing Ministries openly as the community.

Life Changing Ministries will continue and make every effort to make an impact on this community and bring about change in the lives of many people.

"Jesus Christ can make a difference in Your Life!" (End Corinthians 5:7)
Consumer and Business News

Consumer News by Eunice Williamson

Question: Do most parents feel good about the way they are preparing their children, organizing their lives, and coping with the tasks of family life?

Answer: According to the results of the largest national study, few parents who responded said that they are "as good as a parent as I should be." Four out of five parents agreed with the statement: "I am not as good a parent as I should be." The survey was conducted by the Iowa City Center for Parent Education, using 8,156 teenagers and their 20,667 parents. The results were reported and posted in a book called "Focus on Parents" by Morton and Irene Strommen. The survey showed that many parents are experiencing stress and depression as they struggle to meet the demands of raising children. The Strommens interpret the results of the survey as revealing that many parents are not as successful as they might be in meeting their children's needs. Reporting on other studies along with the Iowa City Center for Parent Education, the authors reported that parents want to improve communication, increase family discipline, learn ways to manage depression and anxiety, and find ways to support their children. The survey also revealed that parents are more aware of their children's needs and are more likely to encourage their children to participate in activities that will benefit their future.

If you have questions you would like answered, write Eunice T. Williamson, Iowa City Center for Parent Education, University of California Cooperative Extension, 20 Ferry Street, Iowa City, IA 52240.

RCC Graphics Tech Program Awarded $25,000 Grant.....

The Riverside City College graphics technology program was awarded a $25,000 grant by the California State Department of Education to establish a training program for instant printing techniques and management. The center will be used by institutions to train students who will be able to operate the center. The center will have a capacity of more than 75,000 copies a month, and will be available to all students in the Riverside area.

Contemporary Visions features Inland Empire Local Artists

Contemporary Visions, a group show featuring artwork by six Inland Empire Artists, will be held at the San Bernardino City Cultural Center Gallery September 17 through October 10, 1985. James Irvine, Ruth St. Ricks, Carleen Carrington, Mike Howell, Barbara Mendes, and Mark Schooley will exhibit work in the show, which will be followed at the Cultural Center Gallery by a series of solo shows by the same artists.

A year opening reception will be held September 17 from 5:00 p.m. to 9:00 p.m. The City Cultural Center is located at 536 W. 15th Street in San Bernardino. Gallery hours are Monday – Friday, 8:00 a.m. to 5:00 p.m. For further information, call Alita Mendes, (714) 883-5121.

Two UC Riverside Students Awarded Rivera Scholarships

Riverside – A pair of cousins attending UC Riverside are the first two recipients of scholarships from the Tomás Rivera Scholarships Fund, established after the death of the Chancellor in May 1984.

Rosa Fernández and Salvador Fernández, both of Palm Desert, were selected from a group of about a dozen undergraduate scholarship applicants who fit the requirements of the special fund. Preference is given to Chicana students with an interest in Spanish literature or education.

Rosa Fernández, 19, will receive $1,500 for the 1985-86 academic year. The junior majoring in home development will be spending the spring quarter in Madrid as part of the University’s Education Abroad Program.

Salvador Fernández, 22, will receive $2,000 to use in his final undergraduate quarter this fall. Fernández, a double-major in Spanish and History, expects to graduate in December. He plans to become an elementary school teacher.

“I know both of them. They are two outstanding students, both highly qualified for the award,” said Joie Davis, scholarship coordinator.

The scholarship fund was established immediately after Dr. Rivera’s death in May 1984.

Washington Examines Discrimination Against Arab-Americans

Washington, D.C., September 3, 1985 – "Arab-Americans will gather from all parts of the country to celebrate their coming of age as a viable, unified social and political community," said James G. Abou-Mosun, former Democratic Senator from South Dakota and chairman of the American-Arab Anti-Discrimination Committee (ADC). "But even in the midst of our celebration," said Abou-Mosun, "we still have to contend with some petty ugly anti-Semitism directed against Arab-Americans."

Abou-Mosun noted that this problem, U.S. policy in the Middle East, the future of Lebanon and Middle East are among the topics that will be examined during the annual convention of the American-Arab Anti-Discrimination Committee. People from throughout the U.S. and the Arab world are expected to attend the meeting at the Washington Hilton Hotel September 5-8, where D.C. Mayor Marion Barry will preside Arab-American style.

"Arab-Americans have come a long way since ADC was founded in 1963," said Abou-Mosun. "Our convention theme: ADC Five Years of Growth, reflects our maturation as a civil rights group representing Arab-Americans. Judging by some recent incidents of hatred directed toward Arab-Americans, we still have a long way to go."

"Intro to Computers"

Area residents can enter the world of computers this fall by enrolling in computer classes offered by the Perris Community Adult School.

For beginners, "Intro to Computers" will teach BASIC, the language of computers, computer terminology and operations. Taught by Leslee DeRoos, the course includes 12 sessions on Thursdays between September 19 and December 12. One session runs from 5:00 to 7:30 p.m. and the other is held from 7:30 to 9:30 p.m. Both will be held at Perris Valley Junior High School in Room R2. Class fee is $40.00. Books is included in the fee.

A three week Computer Software course will prepare students to use IT’S series. This will include Word Processing, dos, reports and wordprocessing. Class will meet on Mondays, Tuesdays and Wednesdays beginning September 16 in Room R2. Computer Lab at Perris Valley Junior High which is located at 421-74 "A" Street in Perris. Class time is 4:00 to 6:00 p.m.

The class taught by DeRoos will continue for 3 weeks. Fee is $50.00 and prospective students should have some knowledge of basic computing. Class size is limited to 10 persons.

Registration for the classes is open now. First—served basis and will take place in the classroom at the first meeting. For further information, call the Adult Education office at 622-7337.

Congressman George Brown To Chair Hearings On “Impact Age on Science”

Congressman George E. Brown, Jr., D-California, announced today that he will chair a series of hearings on "The Impact of the Information Age on Science" for the Congressional Science Policy Task Force. Task Force Chair Don Fuqua said the hearings will be held September 30 and October 1, 1985, in room 2358 of the Rayburn House Office Building. The hearings will begin at 10:00 a.m.

Brown commented that, "Computers have changed the way in which science is both put together and tested by scientists, and the ways in which information is controlled and data is collected.

Further, communications linkages in which scientists communicate with one another, although much of the promise remains to be realized.

The Task Force is especially interested in the ways in which information technologies have changed the conduct of science and has included a number of federal scientists in the hearings.

Hubbard’s Cupboard Opened

By Dr. H. Hubbard, Redlands Community Baptist Church

The way some people beg to money to help them do God's work, you would think that God would not only be in the business of giving.

It's hard to imagine that the God who speaks to the sea, sea and freemasons into existence, the God who created mankind from the dust of the ground and yet, the same God who raised his one and only Son from the dead, is presently onend and cannot pay his bills.

With religion being the largest business in the world, it would be nice to report that it also has its share of charlatans and confidence tricks disguised as shepherds of the flock; when in reality they are nothing more than wolves in sheep's clothing, but Jesus himself warned us to be on guard, lest we be deceived.

Jesus warned us to be on guard, lest we be deceived. So what does he want from us? A little need to look toward the answer.

More than Broadcasters

Broadcasters are working to help you understand the complexities of alcohol abuse.

As the alcoholic person strives to take responsibility for his/her actions, the broadcaster is frequently the first contact for seeking help. The broadcaster’s role is to have the skills to recognize the alcoholic and maintain a constructive role in seeking help for the alcoholic.

- The alcoholic is a victim of his disease and needs a lot of understanding.
- The alcoholic is not a person who has a temporary problem but rather a person who needs help from day one.

The alcoholic needs someone to understand him/her and to be there to help.

- The alcoholic needs help to understand that there is a way out and to be able to accept the help.
