Rush advises creation of second newspaper

"...the Pawprint now is not meeting the needs of this campus. I suggest two newspapers, one by the Pawprint and one by the group that is trying to put out their own paper. They have proved they can do it. We need two papers, MECHA, BSU, SAC etc., say they cannot meet their needs through the Pawprint, but could through another paper," stated Skip Rush, ASB president, at a meeting of the Publications Board, held November 16.

"That is a compromising position," Don Dibble, Publications Board member, replied. "You would make one paper depend on the funds generated against the other...we have not had all the complaints. I can speak for many people who are not satisfied.

Dr. Elliot Barkan, Publications Board member, added, "The only logical reason organizations would say the paper is unsatisfactory would be the editorials... To need two papers because the Pawprint does not represent the groups sounds rather fishy..."

"With groups," noted Mr. Clark Mayo, Board member, "the problem would be that their meetings or activities are not printed.

Rush observed, "I feel Don Lannon has done a good job in some improvements and has made a concerted effort to include the many groups as possible. But it has not met the needs of BSU, MECHA, SAC, and other...I feel the only alternative is to have the Board authorize funds for a second newspaper on campus..."

Dibble emphasized, "If we can come to the consensus that there is a problem...removing Don Lannon as editor, we will not have to go through all that..."

Dean Fred Roehl, Pawprint advisor, was specific; "I think the Pawprint has improved and will continue. Don Lannon is making plans for a better staff and organization. Every issue of the paper. In the last year and a half has managed to sligest someone. I can see no solution to our action...by basing another editor and staff..."

Regarding the publication of the Class Schedule, Don Dibble remarked, "Maybe the Bookstore should bring their grievances at the next (Board) meeting..."

"They have no grievance."

"They only need to know if the Pawprint is, or is not, going to print the Class Schedule..."

"The staff and I have no objection to continuing to print the Class Schedule..." Don Lannon, editor-in-chief, stated.

Dibble questioned, "Are we casting the students greater expense or less by having the Pawprint or the class schedule?"

Ralph Lowery, Board chairman, answered, "It is helping everyone as possible. It is less expensive for each student..."

Dibble questioned, "Are we costing the students greater expense or less by having the Pawprint or the class schedule?"

Ralph Lowery, Board chairman, answered, "It is helping everyone as possible. It is less expensive for each student..."

Word of the establishment of the fan club was sent to the vice president, who is stay at the Century Plaza Hotel in Los Angeles, by telegram. Gossett is expecting a telephone call to recognition by the vice president. However, the national Republican headquarters has supplied the club with pictures and materials.
Pawprint answers petition

To the Editor:

Women's Lib

Editor:

According to a report in the Pawprint, ZPG, the anti-Women's Lib MECHA Readers must realize that ZPG is not anti-Women's Lib — in fact, it is "anti-minority." This suggestion has been made in an article. Having only five feature and/or news writers, it is difficult to cover all campus events. Under these conditions one can assure that the group involved requests such at least ten members in advance, e.g., MECHA notified the Pawprint of Ricardo Romanto's march two weeks in advance, full coverage was planned and provided. Publicity chairman and/ or organizations should submit a press release to the Pawprint once each week. The Pawprint is continuously getting their groups' weekly activities and/or future plans.

Inadequate reasons for refus-__

R. Lannon

To the Editor...

Women's Lib

Editor:

Inadequate coverage of the Student-Faculty-Community Dialogue. Coverage of the Dialogue was not refused. A story was written. However, that story was not printed because (1) it said very little, indicating that the Dialogue was relatively unimportant, (2) the story was unnecessarily subjective, and (3) no space was available.

4. Disqualification of several staff members.

Five people have left the Pawprint staff. Two resigned because of a conflict of interest created by activities in SAC/and or the Drama Department, another resigned because of a lack of time; one was discharged because of unsatisfactory work; another quit because of a personal benefit.

5. Inadequate coverage of intramural sports and no coverage of Student-Faculty football games.

The Pawprint agrees that it's coverage of intramural sports has been lacking. Inadequate Sports Editor, Philips, intramural coordinator, has continually submitted material for publication. The editor, however, judged most of it as unworthy of such, e.g., the fact that "Ken's Pinkies beat the Junior Cops" seems irrelevant. The problem: A reporter-photographer is needed to cover the intramural games. Unfortunately, those reporters and photographers are usually not available when games are played.

6. Inadequate coverage of MECHA program ("Theatre Urbano").

The Pawprint failed to cover the MECHA program in the "Activities Calendar" as a movie — this on the grounds that it was a descriptive handout distributed in the Cafeteria on a Monday. It was not until Thursday, one day after publication, that the Pawprint was notified of the program. Therefore, the program was not a movie, but was played to be on Saturday night. At that time, three days were insufficient notice to provide the reporter and/or photographer which the event warranted, both having made previous plans

7. Inadequate coverage of "The Physicists." This article was unpublished in the November 4 issue of the Pawprint, a 12-column (advance) story was run. In the November 11 issue, a 4-1/2 column (double correction) appeared on the front inside page. The previous story was in the "Activities Calendar." Last week, notices again appeared from the intramural offices which would have meant the elimination of the program; the story is planned by the Association of Student Prospects (Students on Nov. 11, 1965, and/or reduction of the Class Schedule. Neither seemed justified.

This is completely untrue. The Pawprint is obligated to refuse $100 of its budget to the ASB by the end of the academic year. As of this date, the Pawprint has not refused one-thousandth that amount. I.e., by the end of the 1970-71 year, the $1000,000 will be refused. (Note: The Pawprint is now prohibited from becoming self-supportive. All money going through advertising must be given to the ASB, the Pawprint giving funds over those allow-

14. Failure to cover Women Lib with a female reporter. There is only one female reporter. Unfortunately, she was not available the day of the panel discussion; therefore, a male was assigned.

Richard Thwing.
The Pawprint is attempting to present two biased stories on the subject of Women's Lib. This report basically "separates" the movement and applauds the goals set by African American women as being wrong. However, as a member of the male sex, this reporter feels that a few statements concerning the movement must be mentioned. (E.C.)

At the kickoff meeting several weeks ago, a statement concerning the argument of being a "male in-" or a "female in-" was agreed upon by many of the women present. A member of UCR Lib panel stated that "Men want to play football, women want to dance." This attitude was agreed upon by many weeks ago, a statement concerning the attractiveness of the cheerleaders. The girls used an example of attending a football game and checking out the legs above spend almost a competitive part in public, do you dress for women? The majority said that they basically dress for men. One of the reasons given was, "Women are more exposed to fashion than men," very few men have ever wore women's hats.

We five
On campus sports

Art Rowell, Freshmen, Undeclared: "Intercollegiate sports would bring more students to Cal-State. I know students who would bring more students to school a lot, though."

Cleveland Gaines, Freshman, Sociology: "A good program would bring more students to Cal-State. I know students who have left here because there is a lack of sports."

"I was never involved in sports. I think sports would help the school a lot, though."

Cathy Arnett, Sophomore, Undeclared: "I prefer sports involving individual competition; football is rather boring, you can get damaged easily."

Art Albright, Sophomore, Political Science: "Sports are attractive. It gives people something to do when they're not working."

Why do women burn their bras? Few same men would object to the presence of braless women. In the burning of a massive, symbolic gesture against the male-influenced companies of Maldenform and Playtex.

When a serious and powerful movement threatens the balance of society, whether stable or unstable, a definite backlash from the conservative element appears. Ultra-radical blocks can help but initiate polarization. Superhawks and super-doves divide and confine the "peace" issue rather than enable consciousness. Women's Lib is guilty in much the same manner.

The tongue-and-cheek arguments stated above could actually bring serious damage to the movement. The tenets must be taken seriously. Irresponsible, irrational, emotional, and anti-mainstream statements will only provide more material for the cartoonists, editors, and the creators of "Little Annie Fanny."

As a final example, the UCR Lib panel noted that while there are many slang terms for women, e.g., broad, chick, dame, bird, etc., there are very few for men. One member stated, "I can think of only one term, pimp."

Confronted with such inequitable and open hostility directed towards the male sex, this reporter required much self-restraint to refrain from submitting another term: "stud."

What, exactly, is Women's Lib-er-ation? That question was foremost on the minds of many at the meeting. As defined by them, it is a movement to establish an equal place and interest outside the classroom for women. Presently, women are forced into certain roles. Although women enjoy the position of power, they may see this part as slave-like in character; they see it as a stifling way of life. Unfortunately, women who desire to lift themselves from this position are made to feel guilty by husbands, churches, tradition and even other women. Thus, their oppression continues. Women's Liberation advocates want to see an end to the "master-slave" syndrome in which they are expected to "love, honor, and obey." We speak of the roots of man-and-woman roles, which can be traced back to primitive existence, at which time men assumed the role of hunter. In assuming this task, he developed a feeling of physical and emotional superiority over his mate, and transferred this feeling toward her on all levels, not just the physical level. Out of this assignment of roles, women became the objects of love, particularly in a sexual sense. One of the men in presenting this theory, added that women should be loved more with, not made love to. The difference is obvious, especially to women.

In discussing the aims of the Women's Liberation movement, most of the members stated that giving women a choice in the roles they play in society is of utmost importance. Although in the past, women could not perform the short-run, physical tasks of the males, they now enjoy a new type of strength. Society is now basing its power on finance. Females can achieve a certain amount of earning power. Their liberation, however, lies in their opportunity to receive equal salaries.

Some of the members also supported the use of contraceptive pills and abortion to free women from the负担 of unwanted children. The pill has to some extent freed females, but they still are not considered "free" by men. Psychologically many women feel that they are still slaves to the responsibilities of marriage and a motherhood. An identity besides one of servant is a definite goal of Women's Lib. They want to be able to be creative "total" persons.

The discussion also led into some of the solutions to the problems of pre-schoolers, a time-consuming task. Women could then have the opportunity to pursue other outside interests and careers.

Equalizing the roles of men and women in the family was also a possible answer. By balancing the duties of each partner, each would share in the raising of children, the handling of money, the formulation of decisions. Marriage itself would undergo a change in definition.

Education was also mentioned as an important solution. Kay Wilson, Berkeley Granlund and Jan Seybold also present were another member and two young men whose names the reporter failed to obtain. (M.D.)

The Pawprint plans made

"...We're making plans now for next year's Pawprint," Don Lannon, editor-in-chief, noted early this week.

"Next quarter's Pawprint will be larger ... and more interesting," he added.

Lannon assumes "the AS Senate will be intelligent enough to return all money brought in through expanded advertising."

"Why the hell should we work one butt off to bring in advertising when we'll never get a penny of it?" the editor asked.

Pawprint's immediate plans for expansion are "directly contingent upon the Senate's willingness to return funds derived through advertising."

"If the Senate agrees to give back ad revenue," he declared, "then we'll work like hell to get large ads."

Plans for next quarter include the use of duotones as well as the creation of a lively arts and club page.

"The lively arts page," the editor commented, "will appear once a month, that is, twice a quarter. It will consist of poetry, essays, and artwork ... freely contributed by Cal-State students. Dates for its appearance will be published in the first issue of next quarter's Pawprint."

Lannon continued, "The club page, to be called the 'Inner College,' will be published each week. Groups desirous of the page will request it for a specific date on a first-come-first-served basis. In fact, reservations have already been made by several campus groups."

"The editor emphasized that it "will be left up to the clubs to write all material... as well as to decide page layout."

"However," he noted, "we'll be more than willing to help with photography and/or any other details, including layout, if a club requests such."

Lannon observed that "the Pawprint will again reprint the Class Schedule ... as a service to students."

He concluded, "Right now, our biggest problem is finding people who are willing to write.

"I've got to convince people that the Pawprint staff is, in fact, open to people of all political persuasions. This will require face-to-face confrontations."

Why 'Speed' kills!

The finding of a lethal blood vessel disease associated with the use of "speed" (methadrine) has been reported by a team of physicians at the Los Angeles County-University of Southern California Medical Center.

This is the first time doctors have been able to associate a specific disease associated with "speed" which belongs to a group of drugs known as sympathomimetics.

Called necrotizing angiitis, the disease causes a fatal blockage of the arteries leading to vital organs Dr. B. Philip Cliron, who headed the research team, said methadrine causes an inflammation in the arteries. With healing, scarring results which blocks the blood supply. The organ most severely affected by the disease is generally the kidney, leading to renal failure and death.

The report appeared in the November issue of the New England Journal of Medicine. The original study involved 14 patients suffering from the disease, four of whom died. Dr. Cliron estimated between ten and twenty percent of persons abusing speed may develop the disease. He added that there is no correlation between how long one takes methadrine and the degree of the disease.

Organized

sports:

the ‘why’

and the

‘if’...

In John Thwing’s recent Pawprint interview with Dr. Pfau, the Cal-State president said, “A continued emphasis will be put on intramural activities rather than intercollegiate...” The question of intercollegiate sports at CSCSB is a major issue. In defending his stand on intramural sports, Pfau feels that students should “...participate, rather than become spectators.”

At present, the intramural program enables all students, regardless of physical ability to play in the various sports offered. If Cal-State started an intercollegiate program, many students would be unable to compete due to various conference rules as well as the fact that poor athletes would never make a team.

After questioning 50 students of various ages, this reporter found that “most” people would support an intercollegiate team and attend the events. The students favoring a change in the present athletic system all voiced similar arguments.

Sophomore, Tom DeLloyd represents the opinions of those supporting intercollegiate sports at Cal-State. DeLloyd, a political science major, played varsity football in high school.

“Football is the number-one sport in the United States. Quite a few people are interested in it,” he said.

In response to the question of student participation, DeLloyd stated, “Boys as well as girls could participate as members of a pep-squad, card section, as well as being cheerleaders.”

DeLloyd feels that a football or basketball team would draw definite support from people outside the college community. “The people down the hill in San Bernardino think of us as academic eggheads, attending a sedate, scholastic, ivory tower institution.”

Many of the students questioned agreed with DeLloyd that a sports team, principally football, would offer a common ground between the people of the community and the school. “Even if we had a loser, school spirit would be promoted. Look at the Mets.”

Thus, the replies of these students contradict the administration’s view. However, upon questioning Ed Phipps, Cal-State’s intramural coordinator, this reporter was told that there is a difference between “naive” student exuberance and cold facts. “The whole story started three years ago this fall,” said Phipps. “The student body was pressuring the administration for an intercollegiate sports program. Dr. Pfau set up a discussion forum and all the arguments were talked over.

As a result of that meeting, the basic guidelines for the present program were constructed.

These kids don’t realize the fantastic costs involved in fielding a football team. “They’re looking at a small part of the picture instead of visualizing the entire issue. This school is academically oriented, we don’t have anything like the money UCLA of Stanford has for this purpose,” Phipps explained.

He feels that in order to start intercollegiate sports, more than half of the ASB funds would be needed to activate any kind of a program. “I’d like to come out and root for a team too, said Phipps. “But you can’t start big, the program has to be built up gradually.”

Phipps notes that the intramural system is just the start. “Eventually, when we get sufficient interest and money, we can start to think about another program.”

But football, for quite a while, is out. Phipps believes that the first intercollegiate sports should be in a less expensive bracket, e.g., basketball, golf, volleyball or tennis.

“Few people realize that under the present system, any Cal-State student can come and use the gym’s facilities at almost any time. These privileges would decrease if a more organized sports program was initiated,” be noted.

At this time, the intercollegiate sports issue is in doubt. Despite the arguments of the student body, there is no way to avoid the financial issue. Indeed, the student body would have to unite in order to start any kind of new sports program.

As Tom DeLloyd bitterly notes, “You can’t build action on apathy.” Both Pfau and Phipps agree.
Women can be lawyers

Graduating college women! What happens now? Work, marriage, grad school? Have you thought about going to law school?

If being called to the bar appeals to you, but you still have your doubts about what it's like to be a woman in a still predominantly male law school, The Woman's Caucus at the University of California, Davis, can help answer your questions.

For further information contact Tamie Jensen, The Woman's Caucus, 5 UCD School of Law, University of California, Davis, California 95616.

BEATRICE MUSGRAVE'S "VANDYKE," John Arden's powerful drama about marriage and responsibility, will be performed this week at the Pomona College Theatre Arts department. "I think that many of us at some time have felt an overpowering urge to match some particularly outrageous piece of violence with an even greater and more outrageous retaliation," the author comments. "I think Arden accomplished a 'logical' end to this war by portraying it in a series of swift moving scenes. His dialogue is particularly applied to the modern scene, and the play has been acclaimed as one of the finest dramatics to be written since World War II.

Performances will be at 8:00 p.m. next Wednesday, December 9, and 2:00 p.m. Sunday, December 6, in Home Auditorium, Pomona College campus, 6th and College Avenue, Claremont. Student tickets are $1.50. For info or reservations call (714) 699-6155. The campus is located one mile north of the San Bernardino Freeway, Indian Blvd. offramp.

A consult from the israeli consult-general in Los Angeles will speak on the current political situation in Middle East at p.m., today.

The talk by Benjamith Abiah, to be given in Room 123 of Science building, is sponsored by the International Club part of its observance of the anniversary of the founding of the United Nations. Abiah, whose background is in business and economics, joined Israel's Ministry of Foreign Affairs in 1962 and served in Cyprus and the Philippines prior to coming to the Los Angeles consult in 1968.

The College Library will observe the following schedule of hours during Fall Quarter Finals Week.

December 5 9 a.m. - 5 p.m.
December 6 9 a.m. - 5 p.m.
December 7 - 10 a.m. - 11 p.m.

Students with full registration tickets for the Sunday thru Saturday, and 2:00 p.m. Sunday, December 6, performances will be admitted free.

CAUSAL ADS ARE FREE TO STUDENTS.PLEA ID NON-STUDENTS. ALL ADS MUST BE SUBMITTED ONE WEEK PRIOR TO THE REVISED PUBLICATION DATE.

A consul from the israeli consult-general in Los Angeles will speak on the current political situation in Middle East at p.m., today.

The talk by Benjamith Abiah, to be given in Room 123 of Science building, is sponsored by the International Club part of its observance of the anniversary of the founding of the United Nations. Abiah, whose background is in business and economics, joined Israel's Ministry of Foreign Affairs in 1962 and served in Cyprus and the Philippines prior to coming to the Los Angeles consult in 1968.
