PARKING CARDS AVAILABLE TO FACULTY AND STAFF FOR LIBRARY PARKING LOT

The coin-operated parking gate recently installed on the lot located near the initial Library building is now in full operation.

The gate was installed in order to provide students with an alternative to purchasing a regular parking decal. It should be of particular benefit to limited students enrolled in evening classes and to students in practice teaching.

Faculty and staff who prefer to park in the gate-controlled lot rather than in one of the regular decal parking lots may obtain a parking card which will operate the gate. The cards are available in the Bursar's office. Individuals who have parking decals at present will be issued the cards also. However, as of July 1, with the expiration of current parking decals, individuals to whom parking cards have been issued will not receive parking cards.

decals.

Individuals using parking cards may park in regular parking lots during inclement weather. They also may park in the P.E. and science building lots when necessary. When parking in these other areas, the parking card should be displayed on the visor or dashboard.

The Rock Cinema Theater will present "1", a satire, tonight. Called a "decontextilization of the media" of TV, films, radio, etc., "1" consists of monologues, dialogues, slides, scenes from cinemas and theater, rock and roll, etc.

Rockin' Ricky Zumbo and his versatile band of performing musicians (The Rock Cinema Theater group) will set a rapid-fire pace in scenes, flashes and glimpses. TV commercials will come under their scrutiny and they will also indulge in a little country-western.

"1" is sometimes billed as a revolution in the performing arts and a multi-media McLuhanesque, according to Rockin' Ricky.

The program begins at 9 p.m. in PS-10. Admission is free and all are welcome.
